Iranians Cheer Diplomatic Break With London

TEHRAN, Iran, Oct. 22 —(AP) The Union Jack was hauled down and the coat of arms removed from the British Embassy's gate today, a signal that Iran had broken diplomatic relations with Britain.

A small crowd of Iranians cheered as the lion and unicorn disappeared. To them it meant victory in a multi-million dollar fight with a powerful overseas adversary.

Premier Mossadegh's government blamed Britain for the rupture, the climax of 10 months of quarreling over the oil riches developed by the British-owned Anglo-Iranian Oil Company in this desert country.

It charged that Britain "prevented an agreement by unlawfully supporting the former company" and that British officials created "difficulties aimed at disturbing this country's order and security." But it concluded that Iran would be "very glad" to renew relations if a favorable atmosphere and good understanding is created.

The British Embassy sent a circular to all British subjects in Iran yesterday, suggesting that those engaged in private business give serious consideration to whether they want to remain after the break.

Death Toll May Reach 500

SAIGON, Indo-China, Oct. 22 — (AP) — French authorities said tonight the death toll from a typhoon and tidal wave which struck Phan Thiet, 100 miles east of Saigon, and along the South China Sea coast may reach 500. Thirty are known dead.

At least 2,000 straw huts were destroyed Monday night in the town of 20,000 population. The typhoon lasted six hours. The tidal wave was 90 feet high, witnesses said.

MANILA, Oct. 23 — (Thursday) — (AP) — A typhoon described as the worst in the long history of the Central Philippines killed at least 47 persons Wednesday, smashed towns and cities and left millions of dollar in property damage.

So devastating was the storm that the Philippines Red Cross announced it was mobilizing all its resources for the relief of stricken areas.

The death toll was expected to mount as fresh reports filtered in from central islands blacked out by the 100-mile winds which flattened communication lines and wiped out crops.

Plans Weekly News Magazine

TORONTO, Oct. 22 — (CP) — Jack Kent Cooke, 40-year-old millionaire publisher and radio executive, today purchased Consolidated Press, Ltd., and indicated that development of a national weekly news magazine is a prime objective behind the purchase.

Consolidated Press is publisher of the Toronto weekly, Saturday Night, and a number of national magazines with a combined circulation of more than 1,000,000. Mr. Cooke already owns New Liberty Magazine, with a circulation of more than 400,000.

Mr. Cooke did not disclose the purchase price or any details of the transaction, one of the biggest in recent Canadian publishing history.

He would not state exactly what form his proposed weekly news magazine would take — whether it would be an entirely new magazine or a change in formation of one of the newly-acquired publications.

"I want to develop a news magazine which for the first time will look at world news through Canadian eyes rather than American eyes," he said.

Mr. Cooke also is owner of the Toronto Maple Leafs International Baseball League club, Toronto radio station CKEY and various other radio and advertising interests. In recent weeks his name has been attached to speculation that he wishes to buy the Telegram, Toronto evening newspaper which has been offered for sale by the executors of the late publisher, George McCullagh.

Today he said he still is interested in such a purchase.

Like the late Mr. McCullagh, Mr. Cooke has risen rapidly in the Canadian publishing field at an early age. In 1933 Mr. Cooke began his career with a brokerage house for $11 a week. His annual income has been estimated at close to $1,000,000 — a figure which he will neither confirm nor deny.

Sunday School Convention At Knutsford

—On Wednesday afternoon and night, October 15th the annual Sunday School convention of the Alberton - O'Leary district of the Maritime Religious Education Council was held in the Knutsford Baptist Church. Mr. Russel Leard of Fortune Cove was re-elected president. Mr. Earl Jelly of O'Leary was re-elected first vice president; Mr. John Mountain of the Montrose charge was elected second vice president, and Mrs. Wallace Rayner of Greenmount was elected third vice president. The active secretary-treasurer, Mrs. Hodgson of Alberton, who is a patient in the Western Hospital, Alberton, was re-elected. The convention will send a letter to Mrs. Hodgson hoping for a speedy convalescence and that soon she will be well again.

The afternoon session opened with a fine devotional conducted by a number of the teachers of the Knutsford Sunday School. Prayer was offered by Mr. Earl Jelly, B.A. The responsive reading was led by Miss Jean Stetson and Scripture was read by Miss Bonita Adams. A fine solo was sung by Miss Lorraine MacNeill.

The chairman, Mr. Russel Leard presided. A welcome to the delegates who represented so many of the Sunday Schools of West Prince was given by Mr. Earl Jelly. Two new ministers were welcomed by the convention, Rev. Austin Staples of the Greenmount Christian Church and Rev. W. H. Forsythe of the West Cape United Church charge, and regret was expressed at the coming departure of Rev. W. G. Dickson of O'Leary for his new charge at Osgoode, Ont.

Rev. Arthur R. Wallis of Alberton introduced the convention leader, Miss Marjorie MacBride, B.A. of Saint John, N. B. Mrs. Fred Leard of Brooklyn, who acted as secretary for the meeting, read the minutes of the last annual meeting and reports were given of the various Sunday Schools which showed that much fine work is being accomplished.

It was decided to send letters of sympathy to Mrs. Watson Silliker and Mrs. A. J. Matheson, both of O'Leary, in the recent passing of their husbands, who for many years were ardent Sunday School workers. Mr. Silliker was a deacon for over 50 years and a Sunday School superintendent, and Mr. Matheson was the superintendent of the large O'Leary United Church Sunday School for 51 years from 1898 to 1951 when he retired, and was senior Elder of the O'Leary Church for many years.

Miss MacBride again showed a film-slide on the Bible which was most interesting. The following committees were appointed: Nominating, Rev. W.G. Dickson (chairman), Mr. Earl Jelly and Mrs. Russel Leard; courtesies, Mrs. Lewis Bernard (chairman), Mrs. William Stewart, and Rev. W. H. Forsythe; press, Rev. W. G. Dickson.

A delicious supper was served by members of the W.M.S. of the Knutsford Baptist Church.

Evening Session

The evening session began at 7.30 with a fine worship service conducted by members of the Elmsdale Sunday School. Taking part were Mrs. Brenton Wallace and Mr. Berton Stewart. The choir composed of the following girls, Pauline Coughlin, Olive Matthews, Adele Yeo, Carol MacNeill and Valerie Johnson, were heard in a splendid number. Mrs. J.M. Sheen was at the piano, and there was a fine duet by Miss Blanche Mountain and Mr. Arthur Rennie with Mrs. Kenneth Crockett as organist.

The Maritime Religious Education Council was explained by Miss MacBride after which a fine address was given on "The Holy Bible" by Rev. W. H. Forsythe of West Cape, and Miss MacBride showed some fine slides on "The Bible". Mrs. Lewis Bernard presented the courtesies report and Rev. W. G. Dickson the nominating report. Miss MacBride gave a short talk on the results of the year's work in the district Sunday Schools, particularly stressing the need of more teacher training.

This fine convention was brought to a close by the Benediction being pronounced by Rev. Mr. Dickson.

While in O'Leary Miss MacBride was the guest of Mr. and Mrs. Herbert Vatcher.

N. B. Lobster Industry Meets

MONCTON, Oct. 22—(CP)—Representatives of New Brunswick's lobster industry met with federal fisheries officials today to discuss subjects ranging from amendments to the meat canning and foods acts to conservation.

The two-day meeting is under the chairmanship of L. E. Baker, director of inspection and consumer service, Ottawa.

Today's sessions were devoted mostly to discussion of such new developments as the increased demand for frozen and live lobsters and the requirements necessary for extending radius of shipments.

Discussing possible changes in the meat canning and foods act, delegates said it was becoming increasingly necessary for the industry to "aim continuously" at higher standards.

Among those attending sessions were Dr. A. W. H. Needler, director of the Atlantic Biological Station at St. Andrews, N. B.; Ed Fraser, chief supervisor of fisheries, Halifax, R. S. Holmans, chief of inspection branch, Halifax, and Forrest Watson, chief of protection branch, Halifax.

Did Living Costs Go Up Or Down In August

(By Harold Morrison)

OTTAWA, Oct. 22— (CP)—Did living costs go down during August or did they actually go up? A surprising paradox may be disclosed tomorrow when the new consumer price index goes into official operation.

The current cost-of-living index, based on 1935-39 prices equalling 100, showed a drop of 1.1 points during August to 186.5 from 187.6—second decline in a row.

But the new index, based on 1949 prices equalling 100, may show that living costs during August, at least under the new prices barometer, did not go down but edged up fractionally.

Reason for this seeming paradox is the changes developed to weigh price rises and falls of the various commodities that go into estimating the trend in costs of family items.

For example, under the old cost-of-living index, the influence of any food item on the index calculations remained constant throughout the year. It was the same in January as it was in March and the same in June as it was in December.

Officials decided that measurements could be more accurate by changing the influence from month to month. Consumers spend more money for fresh vegetables during the summer months than during the winter because they are more plentiful and cheaper during the summer. Therefore, in the new index fresh vegetables will have more influence on the index in summer than in winter.

Consumers purchase more butter and meat during the high production periods—rather than at the low—because of lower prices. The more money a consumer spends on a certain item, the more he consumes of that item, and the more importance that item should have in the index, officials decided.

In addition, the new index covers a lot more items—225 items to the previous 160. Officials consider that it will be far more accurate measuring rod of price trends.

Since it is considered a more accurate gauge it would appear that living costs actually were up —not down—during August.

Higher Phone Rates Asked For In B.C.

VANCOUVER, Oct. 22 — (CP) — The British Columbia Telephone Company announced today it has applied to the Board of Transport Commissioners for permission to increase exchange and long distance telephone charges. It gave increasing costs as the reason for the application.

The company is seeking an average increase of 14.6 per cent in exchange rates and 12.2 per cent in long distance rates. Inter-exchange charges would remain unchanged.

The increase in exchange rates would include an increase in pay-station charges from five to 10 cents.

The company estimates that the proposed exchange and long distance rate increases would give it an increase in revenue of $2,959,978.

Fourth Annual Meeting Of Trinity Credit Union

—The 4th annual meeting of the Trinity United Church Credit Union in Summerside last evening reported an increase in share capital in the year from about $4000.00 to nearly $11,700.00.

Of this amount $5000.00 was listed under the self endowment plan.

Membership showed an increase from 73 to 88 members, and almost $11,000.00 is presently on loan to members.

It was decided that 2 percent dividend would be paid on share capital.

The executive's report, which was presented by President Keir Duggan who presided at the meeting, stated that membership is still very low in relation to the potential membership in the church.

The report noted with gratification a number of new and active children's accounts.

The minutes of the previous annual meeting were read by the clerk, Ferno Rogers; the financial report was presented by the treasurer Eric Sheen; the supervisory committee's report by Harold Milligan; and the credit committee's report by Harry Bishop.

Mr. J. G. Dennis, director of credit unions in Prince Edward Island, addressed the meeting and complimented the credit union on the type of report prepared and submitted. He said the system used last evening might well serve as a guide for the presentation of credit union reports throughout the Island.

Mr. Dennis referred to the need of credit union service in Summerside that could benefit more people. At present two credit unions, St. Paul's and Trinity, are organized and operated by and for the members of the Catholic Church and the United Church.

The president of the Trinity Credit Union stated he had invited to the meeting, delegations from churches representing three other denominations, but a check among persons in attendance at the meeting revealed that none of these churches were represented in the audience.

In view of this fact it seemed the agreement of all, that the two existing credit unions would do everything possible to assist any interested group in organizing their own credit union.

It was thought by some that if interest in the credit union movement became sufficient to warrant it, that a full time office might be opened at a central point in the town, for the benefit of credit union members from all groups to make deposits and payment on loans whenever most convenient for them to do so on any day.

At last evening's meeting the members of the Trinity Credit Union were pleased to welcome visiting representatives from St. Paul's, Tyne Valley, and Bedeque Credit Unions.

Mr. Cyrus Poirier, one of Summerside's most active credit union workers and a member of the executive of the P. E. I. Credit Union League, spoke to the meeting on the need for more active promotional and organizational credit union work in the Summerside area.

Following the business meeting lunch was served by the ladies.

The following men were elected to offices at last evening's meeting: Executive, Harry Bishop, Rev. C. Matheson, Dr. B. F. Hunter, and Lee Hogg. Credit Committee, Moffatt MacLean, Peter White, and Dr. H. E. Clark. Supervisory Committee, Harold Milligan (renominated) and Eric Sheen.

"THE WILD NORTH" AT THE CAPITOL

—"The Wild North" brings to the Capitol screen another adventure-drama in the tradition of the widely-successful "King Solomon's Mines," with its action shifted from the torrid plains of Africa to the frozen wastelands of the Canadian trapping country.

Actor Stewart Granger, Director Andrew Marton and Academy Award-winning Photographer Robert Surtees, who were associated with the former hit (Marton as co-director), joined forces for the new M-G-M offering, which co-stars Granger and Wendell Corey, with Cyd Charisse playing the picture's only feminine role.

"The Wild North" is unique in two respects. It is the first motion picture to be photographer in the new Ansco Color, and it was filmed in three separate sessions covering a span of six months, to take full advantage of natural weather conditions. All snow and blizzard scenes were filmed in the Idaho wastelands during winter. Spring sequences were filmed during the early thaw to capture spectacular canoe scenes on the rampaging Clearwater River rapids. Two months later, filming resumed in Wyoming against the breathtaking panoramas of the Grand Tetons.

Chinese Break Off Attacks On Sniper Ridge

By Stan Carter

SEOUL, Oct. 23 —(Thursday) — (AP)—Chinese Communist troops, their ranks shattered by an estimated 1,245 killed, Wednesday broke off their onslaughts on Sniper Ridge which once carried them to the crest.

"We chopped up the better part of two battalions," said the South Korean officer who directed the defence of the strategic height on the central front.

South Korean soldiers counted 645 Communist corpes on the hill. Their officers estimated 600 other Chinese were killed in the battle that raged over the ridge from dusk Tuesday to Wednesday afternoon.

The Communists committed an estimated 2,000 men to one more furious attempt to take Sniper Ridge and its commanding pinnacle, Pinpoint Hill, captured by the South Koreans last week.

While Allied losses were not estimated, the Defence Department in Washington reported the highest weekly United States casualty toll since last July. Total reported for the week ended Oct. 17 was 963, including 133 killed. This brought U. S. casualties in the Korean war to 122,117.

There was little fighting elsewhere on the 155-mile front. Triangle Hill, near Sniper Ridge, was quiet.

In the air war, U. S. Sabre jets Wednesday probably destroyed one Communist Mig and damaged two others near the Yalu River boundary of Manchuria, the Fifth Air Force reported.
