

Farm Prices And Marketing

The following farm marketing figures are from a weekly report compiled by Mr. S. C. Wright, Deputy Minister of Agriculture:

EGGS: Egg production on Prince Edward Island is fairly heavy. Dealers report some surplus supplies over demand from other Maritime Provinces. These surplus stocks are now being moved to Montreal. It is reported that demand for this center is only fair. Therefore, it is very necessary that operators of grading stations exercise all care in grading and packaging of the product. By so doing the product should arrive at destination up to grade marked.

Charlottetown dealers quotations are unchanged, and are paying for the ungraded eggs delivered Charlottetown: AL 29, AM 25, AS 19, B 19. For the grade delivered Charlottetown: AL 34, AM 30, AS 24, B 24. To retailers in cartons: AL 40, AM 36, AS 30, B 30. To consumers: AL 48-50, AM 43-5, AS 37-8, B 37-8. O'Leary — AL 27, AM 23, AS 17, B 17. C 12; Summerside — AL 29, AM 24, AS 18, B 18, C 12; Montague — AL 29, AM 25, AS 18, B 18, C 12.

O'Leary, Summerside and Montague prices are for the ungraded eggs delivered to the grading stations.

POTATOES: The estimated holdings on the United States potato market at January 1st were 118,168,000 bushels. This represents a drop of 10 million bushels from those of the previous year. The East is in a very strong position with holdings estimated at 9 million bushels more than last year. The Canadian potato holdings are also down with an estimated 17% less than those reported at the same date last year.

The potato market in this Province up until yesterday was approximately \$1.45 for the contents of a 75 pound bag delivered to the station. My information today is that the trend is slightly easier, and this price would be very apt to be reduced to \$1.40. While the above mentioned price prevailed in most sections slightly higher prices were paid for some Green Mountain potatoes that were going to Boston by truck. This was mostly on the Border line. In regard to seed, since our report last week 69,748 bushels have been shipped. Turnips are remaining fairly steady with the price being generally at 45¢ at the car.

FEEDS: There is nothing new to report in connection with the feed situation as the prices are remaining approximately the same as those of last week. This also applies to the situation in connection with oilmeal and soybean meal.

DAIRYING: The dairy situation in the Province has shown no change over last week. The wholesale, jobbing, and retail prices on all the Maritime markets have remained steady over the past few weeks.

The butter production in the

Province continues to be below that of the same period last year. The production for the week ending January 18th was 56,084 pounds, in comparison with 69,222 pounds for the same period last year.

LIVESTOCK: Cattle trade was none too active on the Montreal market, and prices were generally steady with a few Good Steers 20.50 to 21.00; Medium 18.00 to 20.00. Good best type Cows 11.00 to 12.00; with Good dairy type 10.50 to 11.00. Medium Heifers 13.00 to 15.00.

Hog prices in the Maritimes were revised up 25¢ at the beginning of this week, but today they are back down to where they were at the beginning of last week.

The following are the quotations at Moncton and Charlottetown:

Hogs at Moncton: Grade A 28.00; Grade B1 27.00; No. 1 sows 19.00; No. 2 sows 18.00; hot dressed weight delivered.

Calves are hot dressed weight delivered, skin on.

Calls Serge Rubinstein Slaying A Paid Killing

By ARTHUR EVERETT
NEW YORK (AP)—Millions of dollars' worth of Serge Rubinstein died at the hands of a stranger Thursday. His body was found bound and gagged on a bedroom floor of his Fifth Avenue mansion.

The colorful, controversial Russian-born Wall Street operator apparently was attacked in his sleep sometime after midnight. His face

was scuffed but the rest of his body was unmarked.

"Rubinstein died of manual strangulation," the medical examiner's office reported after a three-hour autopsy.

Police commissioner Francis W. H. Adams was asked if more than one person might have taken part in the murder.

"There's a possibility," he replied.

Truck Burning Ruled Arson

ANTIGONISH, — A Malignant Cove man was sentenced by Provincial Magistrate D. J. Chisholm, Friday, to serve three months in the county jail for setting fire to a motor truck between April 1st and 29th, with intent to defraud Traders General Insurance Company.

The charge was made under section 511 of the Criminal Code.

Evidence by John Hugh Chisholm, accused's companion at the time of the fire, was to the effect that the truck stopped on the Georgeville Road. When efforts to start it failed, MacGillivray became cross and broke a headlight with the crank.

Shortly afterwards Chisholm saw flames coming from the back of the vehicle.

Magistrate Chisholm said he did not consider that anger was the only motive for burning the vehicle. MacGillivray owed Traders Finance Corporation about \$400.

Name Added To Most Wanted List

OTTAWA, (CP) — John Keith MacDonald, 46, post office clerk sought in connection with \$44,500 missing from the post office at Britannia Beach, B. C., has been added to the R. C. M. P.'s list of most-wanted fugitives.

The R. C. M. P., announcing his listing Thursday, said MacDonald worked at the post office under the name John Cleland Wallace Black. He disappeared last Dec. 16, the night before a registered mail parcel containing \$44,500 in small bills were discovered missing.

MacDonald's name brings to six the number of men on the R.C.M.P. list.

Hard-Luck British Freighter Returns

HALIFAX, (CP)—The hardluck British freighter La Orilla put in here Thursday for the third time in a month and her cargo derricks were beginning to look as familiar as the signal masts of the Dartmouth ferry.

She had been under way for only about 2½ days when she began to list again and Capt. T.L. Bradford wearily put about and headed back to port.

This time La Orilla was listing only about three or four degrees to port. She was listing to starboard the last time.

Flight Schedule For Princess' Trip

LONDON, (AP)—The flight schedule for Princess Margaret's trip to the West Indies was announced Thursday.

She will leave London airport at 3 p.m. GMT (10 a.m. EST) Monday in a British Overseas Airways Corporation Stratocruiser. The plane is due at Gander, Nfld., at 10:10 p.m. Newfoundland time (8:40 p.m. EST) and will leave at 11:10 p.m.

It is due in Montego bay, Jamaica, at 8:20 a.m. EST local time Tuesday and will leave one hour later. It arrives in Trinidad at 3 p.m.

Room Ransacked

The bedroom was ransacked as though by a robber.

However, a safe in the room appeared undisturbed. A handyman said all entrances to the building were kept locked. There were no signs of forcible entry.

Rubinstein's shady background deepened the drama of his strange death.

He served 2½ years in prison for Second World War draft dodging. When he emerged in 1949, he faced a welter of law suits, including a government move to deport him.

He had entered the United States by way of Canada in 1938 as an immigrant. However, his passport, issued in Shanghai in 1935, was disputed. He claimed Portuguese citizenship.

Rubinstein actually was ordered deported Feb. 11, 1952. But with a battery of legal talent, he had fought off the government ever since through a series of appeals that are still pending.

Sees Automobile Shutdown Coming

WASHINGTON, (AP)—A union official told Congress Thursday that auto manufacturers are producing at such a high rate now that heavy unemployment is inevitable later this year.

Douglas Fraser, administrative assistant to Walter Reuther, president of the United Auto Workers and the CIO, appeared at a panel discussion on unemployment problems conducted by the Senate-House of Representatives economic committee. The committee is conducting hearings on President Eisenhower's 1955 economic report.

Fraser said that auto firms engaged in "a mad production race" in early 1953, bringing many workers to Detroit. He said this led to high unemployment late in 1953 and in 1954.

"Current production represents an annual rate of 8,500,000 cars per year, against projection of not more than 5,800,000 sales."

Announce New Way To Shrink Painful Piles

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

Toronto, Ont. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain. Thousands have been relieved—without resort to surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And, most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

Now this new healing substance is offered in ointment form for hemorrhoids under the name Preparation H.* The price is only \$1.19 a tube including an applicator. The name to ask for is Preparation H—at all drug stores. And remember — if not entirely satisfied — your money will be refunded promptly.
