MARKET QUOTATIONS

SUMMARY

Markets At A Glance
By THE CANADIAN VRESS

Toronto— Market moderately higher in light trading.

New York—Stocks higher in-de

Montreal—Prices higher turnover moderate.

CURRENCIES

MONTREAL (CP) —The U.S. dollar closed Tuesday at a discount of 4¼ per cent in terms of Canadian funds, down 3-16. Pound sterling $2.68⅛, down 9-16. U.S. dollar bid 95¾; asked 95 25-32.

TORONTO

TORONTO (CP) — The stock market Tuesday recorded a moderate climb in slow trading.

Base metals had the best index-gain, up three points. Western oils gained 1¼ points on index, Golds added one-half point.

Trading was faster than Monday but well below the average pace for the last two weeks. Observers said the small volume—2,333,000 compared with 2,169,000 Monday—could mean something is about to break. They said while the market was going down in the last few weeks the volume picked up but now that the market is rising, activity has fallen off.

Feature of the board was the copper section of the mining list. Most of the red metal issues added to the gains they recorded Monday and finished well ahead despite a light flurry of profit-taking.

Campbell Chibougamau was up 45 cents to $4.75 after climbing to $5.10 before noon. Opemiska added 55 cents at $5.90 and a few other issues gained as much as 85 cents. Senior base metals were strong, led by International Nickel's 2⅛-point advance to 68⅞.

Western oils had a few 20-30 cent winners among lower-priced issues. Hudson Bay Oil led senior stocks with a two-point vain to 14.

Index Gains: Industrials 2.3 403.83; golds .45 to 70.00; base metals 2.95 to 152.27; western oils 1.27 to 133.66.

THREE GENERATIONS MARRY

WINNIPEG, — Three generations of newly-weds in one family, married in Winnipeg on the same day, join hands to cut one of three wedding cakes. Left to right, they are: Mr. and Mrs. Dan Frasen of Winnipeg, Mr. and Mrs. Victor Bourlet of Vancouver, and Mr. and Mrs. Christ Jensen of Stonewall, Man. Mrs. Bourlet is the mother of Mr. Jensen and the grandmother of Mrs. Fraser. (CP Wirephoto).

MONTREAL

MONTREAL (CP) — Aluminium Limited Tuesday announced a curtailment of its expansion program and said the main impact will be felt by the Aluminum Company of Canada plant at Kitimat, B.C.

Nathanael V. Davis, President of Aluminium Ltd., said in a statement the company had planned to increase its Canadian ingot facilities to 850,000 tons by 1958 from the present 770,000 tons annually. It had been decided to postpone the plans.

Completion by Aluminum Company of Canada Ltd., of 80,000 tons of ingot facilities at Kitimat will be postponed, said Mr. Davis

The adjustment of the expansion program was expected to reduce capital expenditures by approximately $30,000,000 during 1958-59.

Mr. Davis indicated a possible slackening in future demand for aluminum was the reason for curtailment of expansion.

In August, 1957, the company announced that construction had been authorized to bring Canadian smelter capacity to 850,000 tons by the end of 1958 along with power installations and the necessary raw material facilities to support 1,000,000 tons of ingot capacity by 1960.

MONTREAL (CP) — Prices strengthened slightly on the Montreal and Canadian stock exchanges Tuesday.

International Nickel rose 2¼ to 69, Canadian Bank of Commerce 1½ to 41, B.A. Oil 1¼ to 38½ and International Paper 1¼ to 81½.

Banque Canadienne Nationale lost ½ at a new low of 35 and Dominion Glass one at 54.

Western oils were strong. Home Oil A was up a point at 16¼. Calgary Edmonton gained 6 at 23¼. Penny issues were weak as Cominga dropped 4 cents to 32.

In the higher - priced mines, Consolidated denison lost ¼ at 12¾. Hollinger firmed 2 points at 21.

The exchanges' closing average show banks up .23 at 44.26, utilities up 1.2 at 129.3, industrials up 1.0 at 227.4, combined up 1.1 at 194.7, papers up 9.92 at 1,004.08 and golds up 3.40 at 64.75.

NEW YORK

NEW YORK (AP)—The stock market advanced moderately and cautiously Tuesday as volume remained close to a three-week low.

Leading stocks were ahead from fractions to about 2 points. Losses were within a point.

It was the 28th anniversary of the historic Black Tuesday crash of Oct. 29, 1929, when 16,400,000 shares were sold.

The 1,860,000 shares Tuesday compared with Monday's 1,800,000.

After the close, U.S. Steel, the world's biggest steelmaker, announced record net income for the quarter and nine months. The common stock was ahead almost from the start and closed a point higher.

The Associated Press average of 60 stocks rose 60 cents to $156.60 with the industrials up $1.40.

Canadian gainers included McIntyre, 2⅞ exdividend, International nickel, 2½, and Hudson Bay, 1¼.

Canadian gainers on the American exchange included Richwell Petroleum, up ⅛, Shawinigan, ⅛ higher, and Fargo Oil, 1-16. Losers were led by Preston east Dome, off 5-16.

New Loaf Has Everything, Is Claim By Foundation

By FORBES RHUDE
Canadian Press Business Editor

TORONTO (CP)—The Wisconsin Alumni Research Association Foundation, Monday presented a new loaf of bread—new in Canada—to a press conference here.

The loaf is called "V-10 protei bread" because, the foundation states, it contains "all 10 of the vital amino acids."

Or, as one of the demonstrators expressed it:

"Two slices of this bread is equal in protein value to two slices of ordinary bread with a slice of meat between them."

The press conference was held as a prelude to the manufacture of the bread in Canada by two Canadian firms, Canada Bread Co. Ltd. and General Bakeries Ltd., to whom the association has granted licenses.

It is understood that the process will be available later on an industry-wide basis to all interested in it.

The Toronto price will be 25 cents per 16-ounce loaf, compared with 21 cents for a 24-ounce loaf of standard white bread.

The loaf is slightly darker in color than standard white bread and, by what seemed general assent, has a pleasant flavor.

GOOD FOR DIET

It is to be good for both low-calory and high-calory dets — because in low-calory diets it is difficult to get enough proteins, and in high-calory diets it is difficult to get enough proteins without taking an excessive amount of carbohydrates or fat-making elements.

The V-10 material is made from a combination of parts of wheat and soya beans.

Press releases explained the particular nutritional value of the bread as follows:

"Every body cell requires protein especially for the renewal of cells and there are 23 amino acids in the body which must work together to make complete protein.

"However, the essential 10 amino acids must be obtained directly from food if complete protein is to be made. And, due to an as yet enexplained reason these 10 acids must be eaten at the same meal in order to achieve maximum effectiveness.

"Food proteins lacking in some of these acids must be accompanied by other food proteins which have the missing acids, or the body uses them as fuel instead of for tissue replacement and growth.

"Hence, it is not sufficient to have only an adequate quantity of protein in food. The proteins must also contain all of the essential acids in proper balance."

"V-10 is not offered as a substitute for meat, fish or eggs (the ordinary sources of protein), which contain complex nutritive properties. It will greatly enhance, however, the protein intake and, in combination with meat, fish and eggs, will enrich the diet."

NOT CONFINED TO BREAD

Use of V-10 is not confined to bread, but bread is being used to introduce it in the United States—where it is being sold in several market areas — and in Canada.

V-10 results from a discovery by Arnold Kaehler of Red Wing, Minn., which has been developed by the research foundation over the last five years.

Mr. Kaehler has given the licensing rights to the foundation and, in turn, the foundation has given his company — Special Foods Company — the fight of manufacture.

The foundation turns over its profits to the University of Wisconsin for basic research, and since it was founded in 1925, has turned over $16,000,000 to the university.

Other discoveries of the foundation include a process for irradiating milk with vitamin D for the prevention of rickets; and a method of stabilizing the iodization of salt as a goitre preventative.

Ex-Minister Drops Suit

VANCOUVER (CP)—The slander suit of Robert E. Sommers, former provincial lands and forest minister, was dismissed Monday when he did not appear in British Columbia Supreme Court to press his suit against David Sturdy, Vancouver lawyer.

The dismissal prevented Thomas Dohm, counsel for Mr. Sturdy, from presenting evidence he asked to submit. He said the evidence would have no other interpretation but that Mr. Sommers was guilty of "a crime of bribery and conspiracy."

Mr. Justice J. V. Clyne dismissed the case after he said that Sommers had failed also to appear Thursday for a medical examination which the judge had ordered.

His judgment ended the 22-month - old case which was prompted by Mr. Sturdy's statement Dec. 16, 1955, before the Slioan forestry commission here. Mr. Sommers started his lawsuit Dec. 19.

Sinatra Blasts Rock 'N' Roll

PARIS (AP) — Singer Frank Sinatra denounced rock 'n' roll as a phony, false and dirty and said it is "sung, played and written for the most part by cretinous goons."

Sinatra, writing in the magazine Western World published here, praised the influence of American jazz and popular music as a way of winning friends and influencing people throughout the world.

"My only deep sorrow is the unrelenting insistence of recording and motion picture companies upon purveying the most brutal, ugly, degenerate, vicious form of expression it has been my displeasure to hear — naturally I refer to the bulk of rock 'n' roll."

He said "it manages to be the martial music of every side-burned delinquent on the face of the earth."

Asian Flu?

When Asian Flu strikes — and especially if fever lasts more than 2 days — call your doctor and do what he says. And remember, too, that to get fast, really effective relief for stuffy nose, raw throat and irritated membranes, you can't beat Mentholatum! You see, Mentholatum works hand in hand with Nature to ease head and chest discomfort caused by colds, grippe and the flu. Rub Mentholatum into chest, throat and back and place a bit in each nostril. You'll see what comfort Mentholatum's penetrating, soothing vapours will bring! Ask today for MENTHOLATUM — in tube or jar.
