

LOCAL AND OTHER ITEMS.

"ARE YOU READY?"—Real Beer Bros. at 8 o'clock—Victoria Division to-night.

I. O. O. F.—Regular meeting of St. Lawrence Lodge to-night. Initiation.

CITY COUNCIL.—The regular monthly meeting of the City Council will take place this evening.

MASONRY.—Special meeting of Nocturn Lodge, A. F. & A. M., this evening to complete the third degree. Strangers welcome.

A GOOD CHRISTMAS NUMBER.—The Christmas number of Gripstock is a splendid affair. It is for sale at R. H. Mason's store.

THE ADVERTISERS.—All members of the Advertiser's Club are requested to meet at their room in McEachern's Building to-morrow evening at 8 o'clock.

FUNERAL NOTICE.—The funeral of the late James Miller will leave his brother's residence, Upper Hillsborough Street, to-morrow (Tuesday) morning at 10 o'clock for Colesburg cemetery.

HARBOR LIGHT.—Harbor Light was opened for this season on Saturday evening. There was a full attendance. Papers and periodicals are called for, and may be left at Mr. W. F. Carter's.

PRESENTATION.—The Rev. J. W. Kistead was the recipient of a handsome fur coat purchased from Jas. Paton & Co. by the good people of Grandview. He also received a pressing invitation to remain over his present field another year.

CHANGE OF PROGRAMME.—The Christmas concert in connection with the First Methodist Church Sunday School, will take place on the 26th inst., instead of the 27th, as advertised, unforeseen circumstances compelling the committee to change the date.

SUNDAY SCHOOL PRACTICE.—The children of the First Methodist Church Sunday School, will meet this afternoon at 4 o'clock, in the schoolroom, to practice the pieces for the Christmas concert, also on Tuesday evening at 7 o'clock. A full attendance is requested.

FIREMEN'S TOURNAMENT.—The firemen's tournament at St. John's last summer was evidently a financial success. The executive committee have \$238 left over after paying all bills. It is thought that this sum will be divided equally between the Catholic and Protestant orphan asylums.

GRIEFSACK.—One of the very best of the Christmas publications is the Griepsack. Both the illustrations and the literary matter are of a high order. Three presentation plates are included. Copies may be obtained at R. H. Mason's news stand.

PLEAS COURT.—This morning two Sent Act cases against Angus McDonald were adjourned until the 11th and 13th December. A case against Andrew Doyle was adjourned until the 11th also. Frank McLeod for being drunk and incapable was fined \$4 or 20 days.

LETTERS ON O'CONNELL.—The second in the A. O. H. course will be delivered by the Rev. Dr. Morrison, Rector of St. Dunstan's College, on Friday evening, Dec. 14th, in the A. O. H. Hall (McEachern's Building) Queen St. at 8 o'clock. Subject "Daniel O'Connell" Admission 10 cents.

CHRISTIANITY AND AGNOSTICISM.—Rev. James Simpson delivered last evening the fifth of his course of lectures on Christianity and agnosticism. The subject was the "Credibility of the Christian Miracles." It was an excellent discourse and was listened to by a large congregation. The twelfth and last lecture of the course will be delivered next Sunday evening.

PERSONAL.—Dr. McNeill, of Stanley, is in town. John McLean, M. P., is at the Hotel Davies. Messrs. James Clow and A. Martin are at the Queen.

Mr. J. F. McNutt, Darnley, is at the Queen Hotel. Hon. Senator Prowse is at the Hotel Davies.

A. Macdonald, Charlottetown, was registered at the Revere House, Halifax, on Thursday.

The musical clubs of Cornell University have arranged to make a holiday tour to the leading cities of the Middle States.

Lieut. Colonel Moore left the service of the Merchants Bank of P. E. Island this forenoon, after a continuous and honorable service of over twenty-three years. Mr. James H. McQuaid succeeds to his position.

President Schurman of Cornell delivered an address of welcome to the delegates of the New York Woman Suffrage Association at the recent state convention in Ithaca.

Rev. Dr. Milligan, of Toronto, preached last Sunday a sermon in which he declared that he did not want to see women in public life. Who, he asked, would like to see a woman manning a fire-engine? Evidently this good doctor does not know that "sawmill" engines long ago disappeared, and that steam is substituted for man.

The Rev. Principal Grant is enthusiastic in his admiration of many games and sports. The Principal was at one time president of the Glasgow University football club, and displayed the same vigor on the field as he has since shown on the wider arena of Canadian educational and public life. A sound mind in a sound body is the product of wholesome exercise, and our Canadian tastes tend to such a result.

The Montreal Board of Trade recently presented to Mr. Robert Archer, of that city, an illuminated address and his portrait, which latter will be hung in the Change Room of the Board of Trade Building. The portrait was painted by Mr. Robert Harris, and the Montreal Wives' Association, and displayed the same vigor on the field as he has since shown on the wider arena of Canadian educational and public life.

Most interesting is the statement of Mr. Gladstone that the chief intellects of the age with whom he was acquainted fifty-five years ago were professional Christians, and five were professional agnostics, though not believers. What a rebuke that one sentence contains for the atheist! What a comfort to humble believers who doubtingly send. The atheist would find arm reason against revealed religion. But here are men in whom reason was strong and religion stronger, and both were friends who religion and reason led along the same path to a Christian God.

LETTERS TO THE EDITOR.

INSTRUCT HIM.

Sir,—The City Council meets to-night for their regular meeting. The members have doubtless heard of the charge of discrimination preferred in the selection of the Scott Act witnesses, and they ought to at once repudiate any connection with the disgraceful matter, and instruct their prospector to have all the parties subpoenaed. At the same time they might give Mr. Cameron a gentle hint for the future to summon rich and poor, high and low alike, and do his duty without reference to the after consequences.

CITIZENS.

STEAMERS.—There is a good deal of drift ice in the harbor but it is not sufficiently thick to interfere with navigation. The steamer Fastnet arrived yesterday afternoon and will leave on return at 7 o'clock this evening. The Coila is expected to arrive from Boston to-night or tomorrow. The steamer Northumberland will await further notice make daily trips to Pictou leaving Steam Navigation Co's wharf at 7 o'clock a. m. local time.

ELECTRIC TOOTH-PULLING.—Trials have been made at London with a new apparatus for the extraction of teeth by electricity. It consists in an induction coil of extremely fine wire, having an interrupter that can vibrate at the rate of 450 times a second. The patient sits in the positive armchair and takes the negative electrode in his left hand and the positive in his right. At this moment the operator turns on a current whose intensity is gradually increased till it attains the utmost limit that the patient can support. The extractor is then put in circuit and fastened on the tooth, which under the action of the vibrations is loosened at once.

The operation is performed very quickly and the patient feels no other sensation than the pricking produced in the hands and forearms by the passage of the current. It would be interesting to have a detailed description of the apparatus to complete this somewhat brief description.

Wm. Chambers of Chatham, Ont. who is 104 years old, passed through Chicago Tuesday morning en route from Portage La Prairie, Manitoba, to his home in Chatham. He was travelling alone and tottered around the Dearborn street station as sprightly as any young fellow of 50 or 60. He had been up in Manitoba to see his brothers, who are 79 and 83. He was born in England in 1786. When Napoleon was changing the map of Europe he was a sturdy young man. He fought with the Duke of Wellington in Spain for several years but left the service before the duke beat Napoleon, so he does not claim to be a Waterloo survivor. He came to America soon afterwards and settled in Canada.

DIED.—At Summerside, Dec. 8th, Nicholas Watson, aged 72 years. [Funeral from his late residence on Tuesday the 11th at 2 o'clock p. m.] (St. John N. B. papers please copy.)

On the 1st inst., after a lingering illness, Mary Ann, the beloved wife of Henry Sanderson, of Midgett. The deceased was highly esteemed in the community. Her kindly, loving, Christian spirit endeared her to a wide circle of friends and acquaintances far and near. For many years she was a consistent member of the Presbyterian church. An unusually large congregation attended her mortal remains to their last resting place.

WE SELL COAL.

Prices Right.

WHAT WE HAVE.—A well assorted stock of LUMBER.

WHAT WE WANT.—We are no grasping. We only want enough trade to keep us working. We would rather sell our stock cheap than rust for want of something to do.

If you will just give us a call and look over our stock you will be just "tickled to death" with satisfaction.

WHAT WE CAN'T GET.—As we intend making a change in our business we are going to let the Court collect those old accounts that "we can't get." We've asked for them often. But the polite invitation to "call again" is monotonous to our ears. So don't be surprised, for WE MUST HAVE MONEY.
