The Only One Who Can Help You IS Your Doctor

if you notice any of the following symptoms. Last year approximately 10,000 Canadians were effectively treated for cancer because they went to the doctor in time. Please memorize the following symptoms and the first moment you notice any one of them, see your doctor.

- 1. Any sore that does not heal - particularly about the tongue, mouth or lips. Do not pass it off as "nothing at all". Go to the doctor. 2. A painless lump or thickening, especially in the breast, lip or tongue. Don't wait "to see what happens." Go to the doctor. 3. Irregular bleeding or discharge from any natural body opening. Do not wait for pain. Go to the doctor.

- 4. Progressive change in the color or size of a wart, mole or birthmark. Do not try salves or ointments. Go to the doctor. 5. Persistent indigestion. Do not wait for loss of weight. Go to the doctor. 6. Persistent hoarseness, unexplained cough, or difficulty in swallowing. Do not assume that it is due to smoking or some other form of irritation which will clear up. Go to the doctor. 7. Any change in normal bowel habits. Don't attempt to diagnose yourself. Go to the doctor.

Card Of Thanks We wish to thank all our kind friends and neighbors, who helped in any way the night of our fire; also for the generous donation of money and lumber, to the collectors who gave so willingly of their time.
