"IMITATION IS THE SINCEREST FORM OF FLATTERY."

The best proof that

MINARD'S LINIMENT

has extraordinary merits, and is in good repute with the public, is, that IT IS EXTENSIVELY IMITATED. The imitations resemble the genuine article in appearance only. They lack the genera excellence of Genuine

This notice is necessary, as injurious and dangerous imitations, called WHITE LINIMENT, &c., liable to produce chronic inflammation of the skin, are often substituted for MINARD' LINIMENT by Dealers, because they pay a larger profit.

PRETORIA OCCUPIED.

ALL doubts about the matter were removed this morning on receipt of the electric news, from official sources, of the occupation of Pretoria by the British. So in less than eight months from the date of the Boer ultimatum, the British have pierced the heart of their country. There may yet be a few convulsive movements in the extremities. But the nationality known as The Teansvaal is practically dead. Over its grave there will be erected a new British nationality, possessing wider liberty and purer laws. Henceforth, the fifth day of June will be a red letter day in the annals of our Empire. The day was marked in this city by a splendid outburst of loyal and patriotic emotion; and we have no doubt that the same proofs of national joy encircle the Globe.

Looking back upon the events of the war, it is, perhaps, fortunate that the blunders and losses of the early months occurred; for they stirred the pride of the Empire, and resulted in the dispatch of an overwhelming army and able generals, who brought hostilities to a close quickly and with comparatively small loss of life.

MORE DEBENTURES.

OUR Government, by the grace of Pineau, our Government which has lost the confidence of the people,—has the brazen impudence to ask for authority to issue more debentures, and to add to the large permanent debt of the Province. This act is, in itself, a scandalous violation of the principles of responsible Government. But when it is remembered that debentures have already been issued to cover the cost of the proposed "annex" to the asylum and that the money received for them has been used as ordinary revenue, what are we to think? This Pineau government is as evidently lost to feelings of shame as it is to principles of right. In the face of the recommendations of the late medical superindent and the asylum commissioners, alike, the Government are proceeding to erect a costly "annex" instead of detached and comparatively inexpensive buildings,—and they ask authority to issue a new batch of debentures. More than that, they will get it—by the vote of Pineau! Think of it, electors!

—Flags are flying on all buildings of any account except one—the Court House. The Farquharson Government evidently cannot afford a few dollars for a flag staff and flag. Yet Pineau says there was a surplus, but it cannot be found now. Who got it?

—The Montreal Star of Saturday contains a very good likeness of Private Nelson Brace, of "G" Company Royal Canadian Regiment, who was wounded at Paardeberg, but hid his wound." Let us see. It was young Brace's father who was recently turned out of office by the Dominion government, wasn't it?

—Sir Wilfrid Laurier has told Mr. Dugas in Parliament that if the Roman Catholics in Manitoba have any school grievances they should look first to the Provincial Government, and then, if they are not satisfied with the treatment they receive, should appeal to Ottawa. The Montreal Gazette remarks that "with Conservatives in power in Manitoba the betrayers begin to see prospects of making some more votes out of their old standbye. The Sifton-McCarthy 'settlement' was for the occasion only."

NOTES AND COMMENTS.

—Pretoria Day—June 5th.

—It is believed that the British have overcome the difficulty in Ashanti.

—The steamship "Scottish King," wrecked on the coast of Newfoundland in the fall of 1898 has been refloated by a wrecking company.

—Until Kruger issued his ultimatum no one had any idea of the solidarity of the British Empire. We have something to thank Kruger for!

—Russell Sage believes that money rates will double after peace has been proclaimed; and he says that the improvement will effect America as well as Great Britain.

—It has been suggested that the British army now in South Africa shall, at the conclusion of the war, march through the chief towns of Great Britain, from Southampton to Inverness, via London.

The situation in China is said to be improved chiefly through the prompt action of the United States Minister at Pekin, and it is hinted that Russia was really at the bottom of "the Boxer" movement.

—The Moncton Times remarks that "it is true that the Conservatives have not promised prohibition, but there is no reason why the Liberal Government, some of whose members took the stump against it in the plebiscite election, should not be punished for violating their promise."

—We announce today the death of Mr. Henry Davison, a worthy and esteemed citizen, at one time a City Councillor; and we heartily sympathize with his sons, the Manager of the Merchants Bank of P. E. Island, the City Clerk, and other relatives whom he has left to mourn.

—We understand that two of our prominent citizens called at the Prince of Wales College this morning and were invited by the Professors to inspect the new building, but on applying to the janitor were refused permission to do so. Such discourtesy on the part of an official of a public building should be discouraged.

"Example is Better Than Precept."

It is not what we say, but what Hood's Sarsaparilla does, that tells the story. Thousands of testimonials are examples of what Hood's has done for others, and what it will do for you.

Dyspepsia – "I was weak and had fainting spells. Dyspepsia and indigestion in severe form troubled me. Five bottles of Hood's Sarsaparilla made me well and strong." MRS. WILLIAM VANVALKENBURGE, Whitby, Ont.

A Good Medicine – "We have taken Hood's Sarsaparilla in our family as a spring medicine and used Hood's Pills for biliousness and found both medicines very effective. For impure blood we know Hood's Sarsaparilla is a good medicine." R. S. PELTON, publisher Bee, Atwood, Ont.
