**THE SAME OLD WAY.**

Dyspepsia and Other Stomach Troubles Yield to Only One Treatment.

They Can be Cured Only by Using Dodd's Dyspepsia Tablets - That is Why Dodd's Dyspepsia Tablets have so Many Imitators.

When gangrene or blood-poisoning attacks a man's arm, there is only one way known to medical men of checking it, and preventing death. To cut the arm off. No doctor should think of doing otherwise in such a case.

When an arm has to be cut off, there is one way known to medical men of doing it. This is, with the surgeon's knife and saw. No doctor on earth would dream of cutting it off with a knife such as is used for pruning trees.

The rule is equally as firm and iron-bound in the treatment of Dyspepsia, Indigestion, Biliousness, Sour Stomach, Heartburn, Flatulence, Headache, Catarrh of the Stomach, and all other stomach troubles.

There is only one thing to do—Remove the Cause, which is imperfect digestion.

There is only one way to do this—that is by the use of Dodd's Dyspepsia Tablets. Thousands who have suffered the tortures of Indigestion, etc., and who tried other remedies will tell you this. Nothing did them the slightest good till they began to use Dodd's Dyspepsia Tablets.

Dodd's Dyspepsia Tablets digest the food you eat. They dissolve it into a milky fluid, which easily passes into the digestive organs.

Besides thus removing the cause of all stomach troubles, Dodd's Dyspepsia Tablets remove all possibility of their return, by restoring the stomach to a healthy condition, so that it can afterwards digest the food itself.

Dodd's Dyspepsia Tablets are sold by all druggists at fifty cents a box, six boxes \$2.50, or sent, on receipt of price, by The Dodd's Medicine Co., Limited, Toronto.

Perhaps she was jealous, perhaps she wasn't; anyway, she had just heard of the engagement, and she could not help noticing the engaged girl's pride in her captured youth.

**Geological Deductions.**

Geology was once defined by Lord Salisbury as "the science of the what might have been." Some American geologists prefer to regard it as the science of the what may be. Pictures have often been drawn of the destruction of Toronto and the devastation of southern Ontario and Quebec by a flood let loose when the great lakes are emptied owing to the continued recession of Niagara falls.

Professor G. K. Gilbert now tells us that long before this disaster is due Niagara will have been destroyed by other processes. Some slow changes of level are now taking place over the whole lake region. The eastern outlet will be closed and the lakes drained by discharging from the southern end of Lake Michigan into the basin of the Mississippi. The change in the river system will begin in about 1,000 years' time. The evidence adduced by Professor Gilbert in support of this prophecy is of great interest, although only his preliminary report has yet been published.—Spectator.

**A Ticklish Question.**

G. M. writes to The Journal: "Should you say, 'I made him cough \$5,' or 'I made him cough up \$5?'"

This is a ticklish question. Unfortunately the slang dictionaries, even Farmer and Heuley's, do not know the slang phrase. Nor is there any allusion to it in the great Oxford dictionary.

Three centuries ago there was a phrase "to cough (any one) a daw, fool, mome," meaning "to make a fool of," also "to prove oneself a fool," but this "cough" may have been the obsolete verb "cough" or "coff," to purchase, acquire, get. And five centuries ago "to cough" also meant "to utter," "to disclose," as in this sentence, "To make her confess the things testified against her, and also to cough out the rest."

We do not find anywhere allusion to this modern slang. We ourselves regard "cough up" as the proper expression, and we use it when we are moving in the first and gilded circles.—Boston Journal.

**Paine's Celery Compound**

Is the world's great nerve medicine. This is the month when overworked men, women and girls in the home, workshop, store and office feel nervous, tired, dull, irritable, languid and weak. These conditions result from weak and unstrung nerves.

The nerves regulate the blood supply through the body. Upon the healthy action of the nerve, health and happiness depend. People who have their nerves out of repair in the hot weather are the most miserable of mortals.

Paine's Celery Compound is the only true and safe specific for diseased nerves—it is the one medicine for the banishment of all hot weather ills and weaknesses. Physicians recommend it every day; it is the favorite life-giver with millions on this continent. Take no substitute from your dealer; "Paine's" is the kind that cures.
