We're Ready For Your Order

The new millinery goods are in. The new trimming materials are here.

Our milliners are ready to attend to your order at once. Miss Toombs, our head milliner, has just returned from an extended visit to Montreal, Toronto and St. John, where she has been making a careful study of the new styles, materials and methods for this autumn.

In order to become thoroughly posted Miss Toombs spent considerable time in the work room of Canada's principal millinery house, so that she is more than ever fitted to please you.

THE CHINESE SITUATION

Russia Hedges and Explains

DIPLOMACY AGAIN ASSERTS ITSELF

A Russian Ultimatum Rejected—United States Makes an Effort Towards Evacuation.

[SPECIAL TO THE EXAMINER]

St. PETERSBURG, Sept. 14.—The Russian Government adheres firmly to its proposal to evacuate Peking and continues to cherish the hope that Germany will end by agreeing to it and thus induce Great Britain to follow.

It is explained, however, that Russia recognizes the impossibility of the allies leaving Peking unless the Chinese government immediately enters so that there should not be an interval without a government.

Russia cannot, therefore, move before the termination of the negotiations now begun for guaranteeing order in Peking by the installation of a government immediately after evacuation.

POSITION AT WASHINGTON.

WASHINGTON, Sept. 14.—A crisis that was near at hand over the evacuation proposal of the Russian Government has been averted for a time at least and the diplomatic side of the matter has become again the object of attention.

The order to General Chaffee to leave at once, which was expected in some quarters, did not issue yesterday. Instead, earnest efforts are being made to arrange the preliminaries for the proposed evacuation.

RUSSIA PROPOSES

BERLIN, Sept. 14.—The news bureau sent to China by the German Fleet Society cables from Shanghai that it has received the following telegram from the Russian Government: The Russian Government makes the following ultimatum: The Emperor of China shall resume the government himself and shall have Prince Tuan, the Boxer leader, arrested and punished, and shall exclude the empress from any influence upon the government.

Li Hung Chang has declared that all these demands are unacceptable except the first and has abandoned his proposed departure for the north.

THE ELECTION

Ritchie Nominated for Shelburne.

[SPECIAL TO THE EXAMINER]

HALIFAX, Sept. 14.—James J. Ritchie, of Annapolis, has been nominated by the Conservatives of Shelburne County for the Dominion House of Commons.

FIVE BODIES WASHED ASHORE

Many Shipping Disasters Reported

BOY LASHED TO A MAST DURING THE STORM

Lobster Factories Damaged and Traps Destroyed.

A correspondent of THE EXAMINER at Tignish says:—The storm of yesterday morning was very severe here. It caused devastation among the Carqueet fishermen. Ten boats and crews are supposed to have been lost. Five bodies have already been washed ashore here. The schooner Reality, Capt. Miller, is ashore and a total wreck on Alberton bar. Coasting schooners fortunately all in port.

The storm at St. Peter's on Wednesday night was very severe. The damage to St. Peter's Bay bridge, previously reported, is very great. A large sum of money will be required to repair it. At the harbor only two vessels are afloat. One or two fishing craft from Alberton were wrecked and the lives of the crews were in great danger. One schooner dragged her anchors and upset in the bar, and lies a total wreck near Morrell River. The crew left her in the night in a small boat and landed at Greenwich. The crew of another schooner lying at anchor in the harbor lashed to the mast a boy of 10 years and went ashore in a small boat to get assistance. They were unable to return owing to the severity of the gale, and the poor boy almost perished, being all night at the mercy of the waves. He was unconscious this morning, but is improving. R. W. McEwen's lobster factory is considerably wrecked, and the traps scattered all over the beach. A large number of small fishing craft are broken up.

The bridge at Flat River is reported badly damaged.

The lobster factory of Wm. R. May at Sea Cow Head, was carried up the marsh by the tide and wind and totally demolished. Two lobster boats at Collet's factory, South Shore, were driven ashore and broken up.

At North Carleton, McDonald's Point, some 600 lobster traps that had been piled up on the bank near the factory of Thomas Trainor were washed away by the tide and the greater number of them totally destroyed. The bait house, containing a quantity of bait, was washed away.

A barn at Wilmot, belonging to Walter Stavert, was badly damaged, about 60 feet of it together with a new windmill being blown down.

A barn belonging to John McPhee, of St. George's, was blown down.

SAD DEATH

Of a Well-Known Charlottetonian.

[SPECIAL TO THE EXAMINER]

SYDNEY, C. B., Sept. 14.—The Coroner's Jury investigating the case of Leruey Bridges, formerly of Charlottetown, found dead on the railway track, have returned a verdict of death from causes unknown to jury, probably exposure.

He had been leading a reckless life and the supposition is that he was walking out and fell on the track and died from sheer exposure.

OFF NEWFOUNDLAND

Many Fishing Vessels Wrecked.

[SPECIAL TO THE EXAMINER]

St. JOHN'S, Nfld., Sept. 14.—A hurricane has swept our coast wrecking many fishing vessels.

DIED.

On the 2nd inst., at Victoria, after a lingering illness, borne with patience and resignation to the Divine Will, Mary Matheson, beloved wife of William S. Howatt, in the 58th year of her age.

THE EXHIBITION AT ST. JOHN

Good Showing in the Departments

THE ISLAND STOCK IS NOW ON EXHIBITION

Some of the Visitors From Prince Edward Island.

[Special correspondence]

The exhibition is well under way. The city is full of visitors. There is a very fine display in the main building. The exhibit of live fish in their native element is a strong attraction. Merchants make a good display but it is not quite up to two years ago. There is an excellent show in the art department, especially photographs. The entries of horses is larger than usual.

The Island stock have arrived and were placed on exhibition this morning.

Donald McMillan shows a herd of eighteen cattle made up of Guernsey, Gurnsey grades and pure bred Ayrshires. He also shows four horses, (a matchless team of draught and cart stallion).

William Vickerson shows a short-horn bull.

Cephas Nunn shows twelve sheep, a sow and a litter and aged Yorkshire hog.

W. F. Dockendorf shows a Pilot filly, 2 years old, and a Barrister mare.

There is a large exhibit of Island cheese.

Larkins shows fish both dried and canned.

There are many other Island exhibits that we have not had time to look up yet.

Among the visitors who came over yesterday are Frank Larkins, Fignish; Mr. Darby, Altrams V. Hage; H. Hongood, Kensington; Frank Clydon, Margate.

The attendance so far has been ahead of last year. The amusements, especially Baden-Powell's armoured train and the battle of Paardeberg, are drawing crowds.

The display of fire works last night was grand.

Judging in all departments will begin tomorrow. We expect a big excursion here from the Island on Monday, the 17th, and the city here is prepared to receive them and use them right.

We noticed in coming through from the Point that much of the corn and potatoes was killed with frost. The grain here is being harvested, and some are still making hay on the dry lands.
