A SNEED SUM.—It is said that the amount realized at the Tignish Tea on Thursday was upwards of \$1,500.

ADVICE FROM BOSTON.—When the contribution boxes come around, if you have no cent to put in it is not a sin, which will serve every purpose for nothing is as good as nothing.

CRIMINAL IN THE ACT.—A burglar entered one of the Montreal hotels one night recently, and while working at the till upset the coal oil lamp and set fire to the place. Being severely burned, he yelled for help and was caught and jailed.

THE BAND STAND.—At present the band stand in the gardens seems to be more ornamental than useful. A correspondent suggests that if it is not intended to use the stand for the purpose for which it was built it would be well to rent it to the Salvation Army.

SONS OF ENGLAND.—The Sons of England Picnic will be held on Monday at Halliday's wharf. The Jacques Cartier will leave Navigation Company's wharf at 8.30 o'clock in the morning. The Artillery Band will be present, and a good time is assured for all attend.

GOOD WORK.—The dairy industry of Manitoba, is progressing very favorably. Twelve creameries, with an average output of 430 pounds of butter per day, have been opened during the present year, and 42 cheese factories, with an average daily output of 450 pounds each.

BIG MONEY.—The Halifax Mail is authority for the statement that over \$13,000 was spent in wages, in the shipwright department in the government dockyard at Halifax last year. In 1892, the wages were only \$560. Three or four war ships were repaired at the dock yard this year, at a very considerable cost.

THE OLD STORY.—Children playing with matches set fire to the house of Donald Ferguson, at Mira, Ont., and the structure with all its contents, was destroyed. Mrs. Ferguson and the children narrowly escaped being cremated, and Mr. Ferguson was badly burned trying to save the furniture. There was no insurance.

POLICE COURT.—This forenoon William Doyle, 17 years of age, was arraigned on a charge of stealing money from the residence of Harry Anderson, King Square on the 1st inst. He was remanded to jail until Wednesday next. A countryman, charged with being drunk and using profane language on the streets, was fined \$4 or 20 days.

BADLY SCALDED.—A few days ago, as the 10-year old son of J. F. Lewis, postmaster of East Southport, near Amherst, was playing around the kitchen stove, a pan of boiling water was struck by some means and overturned, its contents falling on the child's left shoulder and side. He was unconscious for nearly two days, and is still in a precarious condition.

C. O. D. AND THE SCOTT ACT.—A great deal of liquor comes to Chatham in cases and jugs, by express, C. O. D., and most of the parcels are addressed to initials or fictitious names. The Scott Act inspectors are bringing to the attention of the express company's agent for collecting the cost and charges. It is asserted that a letter was written to the express manager asking the company to stop the sending of C. O. D. liquor packages, and an answer was received which politely declined to accede to the request.—Chatham World.

PERSONAL.—Mr. and Mrs. Curtis, of New York, are registered at the Hotel Davies. Rev. G. M. Campbell left for Moncton this morning, and will return on Monday or Tuesday. A. J. Hillbourn, of Boston, the well known millinery man, is among the guests at the Hotel Davies. J. J. Maher, of Brownville, Me., is at the Queen on his way home after spending a very pleasant holiday in this province. Dr. Moore and wife and Mr. T. J. Walsh returned to Summerside today. They had been visiting relatives and friends in Charlottetown.

Mr. James C. Lawson, formerly of this Province, has been appointed to a position in the Regina, Assn., High School. Mr. Lawson was lately a teacher at North River. The educational authorities at North River are to be congratulated upon securing the services of a competent instructor.

J. A. Lewis, wife and son, Brooklyn, N. Y., W. S. Penland and wife, Isleboro, Me., and Mrs. A. E. Moore, Atkinson, Pa., were among the passengers on the St. Lawrence last evening. They intended coming over on the St. Olaf from Cap Breton, but the excursion failed to materialize. They are registered at the Queen, and will remain in Charlottetown over Sunday.

CURED BY PRAYER.—The wonderful recovery of Mrs. E. W. Harman, of this place, who has been very low for some five or six weeks with heart trouble, is much talked of. She has been bedfast, not able to lift her head, or to pillow, and at times, Doctors had been anxious of recovery. She received very little benefit and at the last extremity Rev. Dr. Barker, of Ft. Fairfield, was sent for to try the faith cure. On Monday, 5th, Rev. Dr. Barker, Rev. Mr. Peppers, of Andover, and friends of Mrs. Harman, gathered at the house and engaged in prayer, after which Mrs. Harman got out of her bed, dressed herself and went down stairs and enjoyed a cup of tea and two slices of bread, after which Mr. and Mrs. Harman took a drive to Andover and back to tell her many friends of her wonderful recovery by faith and prayer. She has been remarkably well since. Many doubted that she could live, finding she was enjoying excellent health.—Perth Cor. Woodstock Dispatch.

THE WORLD OF SPORT.

The Wheelmen.—The wheelmen were out in force at the Park last night, and, of course, they were out for speeding. About dusk Eddie Cook's wheel struck a small boy who was running across the track. The front rim, spokes and fork were badly smashed.

August Gimmi, of Cleveland, who started on Wednesday at noon to beat the 24 hours bicycle record is now the champion long-distance rider of the world. At 8.42, 17 o'clock, on Thursday morning, Gimmi had equalled the world's record of 407 miles, 84 yards for twenty-four hours held by Tynan and after a rest of 15 minutes he started to complete the 24 hours.

The wheelmen of the Province will be pleased to hear that the Charlottetown Amateur Cycling Club have taken the final steps towards affiliation with the Canadian Wheelmen's Association. All the necessary papers were filled out and mailed to Chief Counsel Barnes last evening. It is expected that a sanction will be received in a day or two, and that the races on Labor Day will be run under the C. W. A. rules. A number of applications from wheelmen who wish to be reinstated into amateur status of whom have been suspended, were also mailed to the Secretary of the M. P. A. A. last evening, and it is hoped that those who have raced for the "green," or against professionals in past years will once more be granted an amateur status.

The Turf.—The Turf. August Belmont has purchased from Byron McClellan the famous runner, Henry of Navarre, for \$25,000. He also bought Doran for \$7,000.

The races at Nashua, N. H., on Thursday resulted as follows:—2.30 class, trotting, Eros, Jr., won, Col. Arthur Wilkes, second, time 2.28; 2.29 class, trotting, Johnny Wilkes won, Enoch Arden second, time 2.28.

High water mark in class racing around Sangus will be reached next Tuesday, when a 2.07 pace will be started. The entries are: Vassar (2.07), Whispey (2.08), Reflector (2.08), Barney (2.08), Doree (2.09), Vello (2.10), Aleyo (2.11).

Yachting.—The America's cup committee have given out that they will not announce the measurement of the Defender and the Vigilant until the Valkyrie III. is measured just before the race. The reason is that they do not wish to give the Danes the advantage of information that might lead him to alter the challenger's sail plan or ballast if he had time. For the same reason, no official information about the result of the trial race next week will be furnished. This goes the impression in New York that the cup committee are very doubtful of the cup races. Such secrecy has never been maintained before.

At Bloomington, Ill., on Thursday, Tom Robinson, of Fairbury, ran 100 yards in 9.35 seconds, breaking the world's record. He will run in the match at Brockton, Mass., Sept. 2, in which all the crack sprinters of the country are entered.

The Title.—Private Hayhurst, who won the Queen's title, is greatly increasing his excellent reputation by the modest and manly way in which he is bearing the honors heaped upon him.

LANGLEY BEACH NEWS.—Of course there is no summer resort like it. We all think so anyway. There is only one among us (a young man) who must go to the city every night, and sometimes he gets left there. The rest of us are delighted to stay here, the men to smoke and read, and us girls to—well, we pass away the evening.

Those horrid boys tried to scare us last night. Some of them dressed themselves up ridiculously and went around everywhere. They went into a tent and the dog didn't like them. They seemed very frightened of dogs. It may be "fashionable" to stay up late, but there is no "call" for rousing people from their sleep at 11.30 o'clock at night. Beware of the dogs!

We can see the city at its best from here. The evening of the ball the illumination could be plainly seen from here, and everything looked just lovely. The warships, too, look very picturesque from here.

When steamers or ships are coming, we can see them with opera glasses a great way off. In rough or smooth weather it is a pretty view out the harbor.

Yesterday little Herbie Prowse, son of L. E. Prowse, Esq., received a bad cut across his foot from a shell in the water. The genial presence of Mr. L. E. Prowse is missed from here just now. His brother, Mr. Waldron Prowse, is here visiting.

Master Willie Morse, son of Judge Morse, of Amherst, is here for a few holidays. Langley Beach, Aug. 17, 1895.

Kaiser William of Germany is said to intend preaching a sermon on Sept. 1, the anniversary of Sedan, in the magnificent new church erected in Berlin in memory of his grandfather the Emperor William I. A better practical result would be obtained if the young Kaiser confined himself to taking up the collection.

LATEST SUMMERSIDE NEWS.

Special Correspondence of The Examiner.—PASSENGERS via the Northumberland on Thursday, going, 27; returning, 17; Friday 77—42.

PERSONAL.—Mr. and Mrs. P. R. Baker were passengers of the Northumberland on Thursday night.

Mrs. P. Farley and daughter, of Coleridge, passed through Summerside on Wednesday, on their way to visit Mr. James Barclay, of O'Leary.

Mr. A. F. Larkins, of Tignish, was in town yesterday.

The Electric Lights were turned on for the first time in the post office on Thursday evening. They are quite an improvement over the old oil lamps that were formerly used.

PAINTING UP.—Mr. W. A. Stewart has given his residence a new coat of paint.

SUDDEN DEATH.—Mrs. George Taylor died very suddenly at her home in Summerside yesterday. Heretofore she was supposed to be the care of, of death.

LIGHT.—A temporary light has been erected on Mr. Thomas Glover's shore by the Department of Marine. The light is a red one, placed at the height of about 30 feet. Mr. Milton Walsh, of Charlottetown, was here on Thursday placing it in position.

TOBACCO TEA.—The tea party last Thursday at Tignish was a grand success there being a vast crowd of people from all parts of the country in attendance. Those who attended pronounced it the best tea of the season and thoroughly enjoyed the programme of the day, which was the national fete day of the Acadians. We have not heard the exact amount realized, but learn that it is in the vicinity of \$1,500.

EXPORTS.—July 15th, shipped per SS. Fastnet, 805 cases lobsters; 369 bags oats; and sundries; total, \$6,500.

PIQUID NOTES.—The laborers of the harvest field occupy the attention of most of the farmers in this locality at present, but a deficiency in the rain supply during the past season seems to have rendered the grain crops as well as the work of securing them much lighter than earlier anticipations warranted.

The marshes about here received quite a share of attention lately, not because many expect the tide to rise to flood height with the present unsettled weather and carry away all the hay to regions unknown, but because the majority of the people are in favor of having a sholdest constructed across the mouth of Piquid River, thus enabling them to secure the full benefit of those fertile tracts.

Our efficient supervisor paid us a welcome visit a few days ago with the much needed road machine, and as a result our highways present a decidedly improved appearance.

The potato bugs and horn-flies seem to follow the Divine injunction "increase and multiply" with commendable assiduity, though the application of Paris green and oil generally leave the farmers masters of the situation and minus some of the troublesome pests.

A match game of Base Ball between the Charlottetown and Tracadie teams at Mount Stewart caused the Piquid "boys" to reorganize the B. B. team in the hope of securing a match with the victors. They were quite disappointed, however, when the Charlottetown team refused to accept their challenge, and now are prepared to play any local team at any time as may be arranged upon.

—The American artist Hovenden met death heroically a few days ago. He ran to a little child on the railway track and was killed by the flying train. Mr. Hovenden was one of the leading artists of the United States. His best known painting, "Breaking Home Ties," has probably been engraved more than of work of any other American artist. The painting was one of the most notable of the American group at the World's Fair. But his death was more notable and honorable than his life.

COMFORT TO MOURNERS.

The following lines were addressed to a friend by the late Mrs. Lowell after the death of her child:

They in the valley's sheltering care, Soon crop the meadow's tender prime; And when the sun grown brown and bare, The shepherd tries to make them climb.

To airy shelves of pasture green That hang along the mountain side; Where grass and flowers together lie, And down through mists the sunbeams glide.

But nought can tempt the timid things The steep and rugged path to try, Though sweet the shepherd calls and sings, And scared below the pastures lie.

Till in his arms his lambs he takes Along the dizzy verge to go; The heedless of the rifts and breaks They follow o'er rock and snow.

And in those pastures lifted fair, Moss dewy with the lowland mead, The shepherd drops his tender care, And sleep and lambs together feed.
