Society Members Are Out In Force

Benevolent Irish Society members were out in force, top hats, regalia, white silk mufflers and white gloves strutting about the streets of Charlottetown. Hundreds of citizens lined the streets to watch them as they staged the annual St. Patrick's Day parade.

Leo Dowling, Sr. acted as chief marshal for what veteran observers described as one of the finest Irish parades ever viewed by Charlottetown citizens.

The Prince Edward Island Regiment Band, under the direction of Lt. Charles MacGregor, left no doubt with anyone what day it was. They delighted the marchers and the spectators with the always popular melodies of Ireland.

The parade paused at the cathedral enroute to St. Dunstan's Basilica. At the war monument, a wreath was laid by A.A. Dowling and Vincent King in memory of those who lost their lives in the last two world wars.

At the Basilica, Mass was celebrated by Rt. Rev. William Simpson and the sermon delivered by Rev. James Kelly.

Following the church service, the parade reformed and went from Great George to Prince, to Kent, to Queen, to Grafton and then to the Erin Lou n g e where a social hour was held.

Telegrams of greetings from other Irish societies across Canada were read to the parade participants.

Assistant marshals were Wilfred Smith and W.W. McCarron. Serving as flag bearers were Joseph Thistle and Leo Dowling Jr.

Everett Compton Assessed \$125

Everett Compton, Belle River, charged with drunken driving, was convicted of a lesser charge of driving while impaired and was fined \$125 and costs or 30 days when he appeared before Magistrate A.J. Haslam in city police court yesterday.

Construction At Georgetown

GEORGETOWN — Work is progressing rapidly on the construction of four steel trawlers by Bathurst Marine Limited at Georgetown. The Company now employs 152 hourly-paid employees, in addition to their staff members.

Hull No. 16, the first of the nine trawlers to be built for Gulf Garden Foods Ltd., under a recently signed contract, has been started and is continuing on the pre-fabricating of double bottom tank section; the cutting of bulk heads, and pre-fabricating of keel bars.

Hull No. 15, at present in the pre-fabricating shop will be moved out of the building in April and launched when the ice in the cove section of the Harbour has broken up. Hull No. 15 is 90 per cent plated up to the main deck.

The Gulf Grenadier, berthed at the Railway Wharf, is having machinery and electronic and radar and fish finding equipment installed. Carpenters, electricians, pipe-fitters and painters are busy putting the finishing touches to the trawler and she should be ready for her sea trials about the end of April.

The Gulf Gunn, also berthed at the Railway Wharf, is having work progress on the plating of the forecastle head. The ship's accommodations and fish holds are being insulated. As the work on the Gulf Grenadier nears completion, work will be stepped up on the finishing of the Gulf Gunn and it is anticipated that she should be ready for her sea trials by the latter part of June.

SEEK UN MEMBERSHIP UNITED NATIONS (AP)—United Nations Secretary-General U Thant circulated an official UN document Friday a request from East Germany that its application for UN membership be considered at the next meeting of the Security Council. The application is expected to be opposed by the United States, Britain and France.

DEAF? INSTANT HEARING NOTHING IN EITHER EAR!!

It's here! What you always wanted, an invisible hearing aid, nothing in either ear, no earpiece fitting of any kind. Wear this instrument and no one will ever know. Hear at once with clarity, free from disturbing noises. Here is a new technique, a new way to better hearing, a new hearing life for the hard of hearing. PLACE WREATH

A.A. Dowling, (RIGHT) and Vincent King, of the Benevolent Irish Society, in memory of those who lost their

lives in the last two world wars, carry a wreath to be laid at the war monument on Grafton Street. The ceremony

was staged yesterday on the 141st anniversary of the Benevolent Irish Society on St. Patrick's Day.

Centennial Group Are Hard At Work

GEORGETOWN — The Georgetown Centennial Committee are driving hard along organizational and fund raising lines in connection with their 1967 Centennial Year project of beautifying Kent Square, in the center of the Town.

Letters have been prepared for mailing to former Georgetonians, accompanied by a post card that will depict the square as it will appear upon completion. The whole area will be drained, graded and then will be

sown with grass seed. Walks will lead into the square from Kent, Fitzroy and Grafton Streets. Flowers, shrubs and trees will be planted. An area in the square will be set aside for a picnic area, complete with tables and benches and another area will eventually be equipped as a children's playground. It is also proposed to remove the War Memorial from its present site, to a new location, in the center of the square and there erect it on a two or three tiered base.

Various committees within the main centennial committee are being organized and a number of organizations have been requested to send as many representatives as possible to future meetings of the committee.

At present a lottery is being held to raise funds. A considerable amount of financial assistance will be required to complete the project, in addition to the Government and Municipal grants that are available.

To further their fund-raising drive the committee are sponsoring a broom ball game and carnival in the rink on Friday night.

The broom ball game is billed as an International Competition and will feature a contest between the International All Stars, comprised of new residents of the Town from a variety of countries and the Home Brews. The teams will be comprised of male and female members.

A ladies and a gentlemen's wrist watch have been donated by two local firms as prizes for the best costume at the Carnival to be held following the broom ball game.

Mrs. Evaline Gilstorf, Ottawa, the meetings will cover plans for a Centennial hymn, preparation of a booklet of prayers and hymns of universal acceptance, inter-faith pageants and, possibly, worship, participation in Expo '67 and the development of co-operative relationships among all faiths.

MANPOWER MOBILITY PROGRAM

Widening the Employment Horizon—for job seekers

The primary purpose of the Manpower Mobility Program is to provide financial assistance to Canadian workers who are unemployed and find it necessary to move to other areas in Canada of greater employment opportunity. The program is national in scope providing for loans or grants to workers and their families to cover the cost of moving and resettlement when it is clear that the move is in their own and the country's best interests. The Manpower Mobility Program is an important part of the Government of Canada's over-all manpower program which, within the framework of general economic policy, is designed to help maintain full employment and make the best possible use of the country's manpower resources.

- Q. Who is eligible for a loan or grant?**
A. You are eligible—
(a) if there is little or no chance of getting a suitable job in your home area,
(b) if there is suitable employment available elsewhere for which you will be hired, and a shortage of qualified workers,
(c) and if there is a good chance that the new job will result in your permanent resettlement.
- You are ELIGIBLE FOR A LOAN—if you are either unemployed or under notice of permanent layoff within 30 days from the day you apply for a loan. You are ELIGIBLE FOR A GRANT—if you have been unemployed for at least four of the six months preceding the date you apply for a grant;
- Have completed a provincially approved training course or a program of vocational rehabilitation and re-establishment during the previous three months;
- Are a former automobile or auto parts worker eligible for Transitional Assistance Benefit in respect of layoff.
- Q. What about a worker without dependents?**
A. For a worker without dependents actual transportation costs are paid but loans and grants do not cover the movement of household and personal effects. There is a resettlement allowance of \$100 for those receiving loans. Those receiving grants can also receive this resettlement allowance as a loan, not a grant.
- Q. How is a loan repaid?**
A. Normally, in not more than 20 monthly instalments beginning four months after the loan is made. Interest is 5 1/2% per annum.
- Q. Is there anything else I should know?**
A. Yes, if you have obtained a loan or grant and need a medical examination to obtain a suitable job, then an additional grant may be made to cover the cost. If you have moved somewhere to look for a job before this program came into effect, you may be eligible for a loan or grant. For more information—check your local N.E.S. office.
- Are a key skilled worker needed by an employer who received a development grant under the Area Development Incentive Act.**
Q. How do I apply?
A. You apply at the nearest office of the National Employment Service. Give them the facts, and they will relate your experience and training to available job opportunities, first locally and then in other areas.
- Q. How much of the cost of moving will a loan or grant cover?**
A. For a worker with dependents, a loan or grant will pay for the actual cost of transportation of himself and his dependents, including meals and overnight accommodation. Also covered is the actual cost of moving most household and personal effects.
- Q. And the costs of resettlement in the new area?**
A. For those with dependents, resettlement allowances are \$200 each for the worker and his wife and \$100 for each additional dependent, up to a maximum of \$1,000.

NATIONAL EMPLOYMENT SERVICE, GOVERNMENT OF CANADA
