On Thursday, January 6, UPEI's Business Internship Program celebrated its official opening.

The ceremony was organized by students in the program. And distinguished guests, such as: George Proud, MP; Chester Gillan, Minister of Education; Derek Gee, Director General; and President Elizabeth Epperly were invited to partake in the celebration.

The opening consisted of a professional presentation about the Internship Program, and speeches from several of the guests, including Shani Pearson, President-Elect of the Canadian Association for Cooperative Education.

Each of the speeches indicated the success of the program, and the importance of the program to UPEI's School of Business. President Epperly emphasized that this is UPEI's first Internship program, but not its last, hinting that other areas of the university may benefit from Cooperative Education.
