

Albert Ellsworth holds a live 6-pound sturgeon caught Thursday morning in a herring net one-half mile east of the Murray River Bridge.

ROYAL FISH

The sturgeon is called a royal fish because Her Majesty can claim any sturgeon caught in the waters around the United Kingdom. It is rare in Prince Edward Island waters but is the source of caviar, a delicacy prepared from the roe of sturgeon.

HUNTER'S CORNER

It Looks Like Record Year For The Anglers

1958 will go down on the records of trout fishermen as the year in which so many big trout were caught. Four and five pounders have been creelied almost with monotonous regularity. 1958 cannot be called the year of the big trout for big trout have always been with us. Take North Lake for instance. 15 or 20 years ago when the residue from Starch operations practically wiped out the trout in North Lake. Scores of big tackle busters measuring from 20 to 26 inches in length lay rotting on the shore of the lake while many more drifted out to sea with the tide.

led from C.A. Frizzell's Store on the Covehead Road. I nudged Taylor and cautioned silence. I heard the sharper note as they crossed the foot bridge and then silence. We waited. No splashing or other untoward sounds greeted our ears. Soon the soft hiss of a casting line and we knew our night watch had been fruitless. The anglers were Dr. Gus and Fent Newsome. Gus was just a stripling at the time and told me he was attending College.

Both had their angling licenses and everything was in order. So it was in the intervening years I have checked him near Grove Pine Bridge at 2.00 a.m. when the night mists swirled over the alders and a deep chill hung over the Valley. It was always the same... he played the game as a true sportsman should. If they were all like Doctor "Gus" MacKenzie there would be no need of game wardens.

May his memory remain with us and help keep our feet from straying from the path of true sportsmanship.

Hole-In-One At Belvedere

The season's first hole-in-one came last evening at Belvedere Golf Course. It was Maynard MacMillan of Charlottetown who turned the trick on the 12th hole. The 160 yard hole is a par three. Maynard has been playing for six years but this is his first hole-in-one. He was using a number 6 iron when he accomplished his feat. Playing with him at the time were Harold "Red" Howatt and Bill MacGregor.

The length of a trout is not a sure way of computing its weight. The 6 pound 5 oz. caught by Chesley Wood, Mount Edward Road, measured 22 inches. This trout was a beauty and carried its size back to the tail. I have examined trout 22 1/2 inches that only weighed 3 pounds. They were the long, slinky type. The record trout taken this season at North Lake weighed 5 pounds 3 ozs. Another weighed an even five. There may have been heavier trout caught that I didn't hear about. Vernon Causeway has come up with a number of three pounders... just ordinary run of the mill trout as measured by this season's standards.

I hear that at least two trout were hooked at Midgell that couldn't be controlled and broke clear. Two were hooked on spinning tackle at Seaview recently. Neither were longer than a matter of seconds... just a frisky, boiling swirl and the fun was over. Oneangler stated that he struck the rod out of his hands. Both straightened out the hook on the lure and it requires considerable leverage to do that. Neither trout broke water and their size could only be guessed at. I have a hunch that the Midgell trout... they 6 pound 5 ounce heavy weight... will be outclassed by a seven or eight pounder before the season is over. The question is: where and by whom will it be caught? Many anglers are wondering just why so many large trout are being hooked this season. Methinks the mild, open winter and exceptionally early spring break - up has something to do with putting the big fellows in a scrappy mood.

At the first light of dawn the flute-like whistle of woodcock wings as the birds left their night feeding on the marshy creek border for the second growth hardwood slopes at Union Road gave me a warning thrill. It was then I heard the thump of footsteps bounding down the steep path that

Durelle Starts Final Training

By W. R. WHEATLEY
Canadian Press Staff Writer
MONTREAL (CP)—Yvon Durelle, tanned and looking well conditioned, started his final training licks Friday in preparation for his fight next Wednesday against Germinal Ballarin of France.

The Baie Ste. Anne, N.B., fighter, Canadian and British Empire light-heavyweight champion, arrived from his home Thursday. He was two days later than expected because of an injury suffered by his young daughter.

"I didn't like interrupting my training but I don't think the interruption will bother me too much," said Durelle. "I started about three weeks ago."

Durelle said his present weight is 178 pounds. He brought along his sparring mate, Kayo Brown, who said:

"I boxed with a lot of good boys at the Bobby Gleason gymnasium in New York, and I want to say this Durelle hits harder than any of them. He can bust in your ribs."

PLAN DAILY WORKOUTS

After three Chicago pinch-hitters had batted in one run each, Lee Walls singled across the winning marker from second in the ninth for a 6-5 Cub victory over San Francisco Giants Friday.

Three other games were played at night in the National League: Pittsburgh at Philadelphia, Milwaukee at Cincinnati and Los Angeles at St. Louis.

All four games in the American League were played at night. Baltimore was at Boston, Chicago at Cleveland, New York at Washington and Detroit at Kansas City.

The Cubs' two-run ninth nullified a five-run Giant sixth in which Willie Mays slammed a three-run homer.

Dale Long doubled across the first Cub run in the first and homered with none on in the fourth.

TIES THE SCORE

After Bobby Thomson's lead-off single in the ninth brought in the fifth Giant pitcher, Ray Crone, pinch-hitter Bobby Adams doubled Thomson in for a 5-5 tie.

Walls' long single to center brought across Adams after catcher Bob Schmidt failed to hang on to Mays' throw to the plate.

The winner was No. 3 Cub pitcher, Don Elston, who struck out the Giant side in the 8th in 11 pitches. It was Elston's fifth victory without defeat.

In the Giant sixth, after Jim Davenport walked and Danny O'Connell singled, Willie Mays smashed Taylor Phillips first pitch over the left center bleachers for a 3-2 San Francisco lead.

Mays' three-run homer moved him into a tie with Spencer for the league RBI lead at 28 each.

Strong Chance Of New Records

By DALE BURGESS
INDIANAPOLIS (AP)— A strong chance of new qualifying records at the 2 1/2-mile Indianapolis motor speedway may draw 100,000 fans to the 48-year-old race plant today.

The entire 33-car starting field may be filled in the seven-hour session beginning at 11 a.m. CDT.

Thirty-five of the 56 entries have run practice laps over 140 miles an hour and a dozen have been clocked at 143 or better. Only five of last year's qualifiers could beat 143 in the official 10-mile trials.

The 1956 record of Pat Flaherty of Chicago, 145.596 miles per hour, stood up under last year's assaults after engine sizes were cut from 274 to 256 cubic inches, of piston displacement. His best lap, at 146.946, also was unmatched.

Engineers and mechanics have found out how to regain the horsepower they lost in last year's rules change, and the field for the May 30 race is practically certain to be the fastest of the 42 Indianapolis auto classics.

Laps almost as fast as Elisian's have been run by Pat O'Connor, North Vernon, Ind.; national champion Jimmy Bryan, Phoenix, Ariz.; A. J. Foyt Jr., Houston, Tex.; Jud Larson, Tulsa, Okla.; Ray Crawford, Pasadena, Calif.; Chuck Weyant, Springfield, Ill., and Dick Rathmann, Miami.

Larson and Foyt never have started in the 500-mile grind, but broke through in the little hamlet of Oxford, England, May 6, 1954.

Lazlo Taborski, the exile from Hungary, ran third in 4:04.4.

REMEMBER WHEN... William Woodward's Gallant Fox won the Kentucky Derby 28 years ago today. The colt, ridden by Earl Sande, went on to accomplish the triple crown of the American turf, including the Preakness and Belmont Stakes, one of only seven horses which have duplicated the feat of Sir Barton, owned by J. K. L. Ross of Montreal, in 1919.

With Elliott close behind, Dunlap was timed at 58.5 for the first quarter of a mile and 2:05 for the second quarter.

Elliott in the third lap suddenly blazed into tremendous speed and took charge about 220 yards in the lap. His time was 3:03.

The crowd of some 35,000 realized they were in for a thrill and Elliott widened his lead with each second.
