The report of the secretary and treasurer, was issued some days ago, and it shows that of the sum named above \$17,424.07 is held by the treasurer in cash for the association, and also that there is held in the trust fund for members the sum of \$1,330.29.

FRACTIONAL VISIT.—On Monday evening next, the 2nd of February, the members of Mayflower Division, Sons of Temperance, intend paying a fraternal visit to Victoria Division, and all the members and officers of Victoria are expected to be in their places. Members of other divisions are cordially invited and a good old fashioned time is expected, as the time will be occupied with addresses, recitations, songs, &c., from the members of Mayflower. Refreshments will be provided.

THE VALLEYFIELD TRAGEDY.—It is stated that since the commutation of his sentence, Shortis has given the following explanation of the Valleyfield tragedy:—He wanted to post a letter that night, but he had no stamp and the post office was closed. Seeing some light in the factory office, he went in to ask for a stamp. There he saw the pistol on the table, and with his usual desire of frightening people took it up and pointed it at Loy, with no bad intention whatever. Unfortunately, the pistol accidentally went off, and as soon as he saw the deed, Shortis completely lost his head and no longer knew what he was doing. It appears that the condemned man had requested his spiritual adviser to make a statement to the above effect on the gallows, if he had been hanged.

THE NEW ST. DUNSTON'S CATHEDRAL.

TENDERS are to-day called for the new Roman Catholic Cathedral which it is proposed to erect in this city, and the work of construction will be pushed forward with all possible despatch. The present cathedral will be pulled down early next spring and until such time as the basement of the new building is ready for occupation some place of worship for the congregation will have to be secured. It is understood that the cathedral committee are negotiating for the use of the old St. Paul's church, but nothing definite has yet been done in the matter. The convents and Lyceum are also spoken of in this connection.

The new cathedral will be erected on the site of the present structure, and will front on Great George Street. It will be constructed from plans made by Mr. F. X. Berlinguet, of Quebec, and the structure will be an ornament to the city and a credit to our Roman Catholic brethren.

The plans which have been furnished by Mr. Berlinguet do not show the interior finishings. His plan for this portion of the work will be submitted later on. The cost of finishing the exterior of the building will largely determine the manner of treatment and the amount that shall be expended for the interior finishing and decorations.

The proposed new cathedral will be of freestone, in the Gothic style of architecture, and will be 200 feet long by 80 feet wide, with a transept about 100 feet wide. The plans show a church with two towers surmounted by spires at the front, and a cupola on the roof over the transept. These spires will be 170 feet from the ground. There will be three entrances to the church, at the front of the building, a large one in the centre with two smaller ones on either side. There will also be entrances at the rear of the building, communicating with both the upper and lower parts of the structure.

The organ gallery will be reached by two stairways, one of which will be placed at either side of the main entrance. There will be several sittings in this gallery for parishioners.

The main auditorium will have a seating capacity of about 1600, and between the floor and the arched dome or roof the distance will be about sixty feet. The rear seats will be elevated so that the view of the altar will be equally good from all parts of the church. The main altar will be at the west end, and the floor of that portion of the church will also be a foot or two higher than the floor of the auditorium. There will be a small altar at each side of the main altar, and there will also be an altar on either side of the transept.

Over the main altar there will be an alcove or chapel, which will be placed in the rear of each of the two smaller altars there will be an apartment to be used by the clergy as a vesting room. The basement will contain a chapel about 180 feet wide by 42 feet long, which will be capable of seating between 400 and 500 people. Adjoining the chapel there will be a room seventy-eight feet square, which is intended for a Sunday School. These two rooms will be connected by folding doors, and should the basement chapel at any time prove too small to hold the number of worshippers presenting themselves additional accommodation may be easily provided by opening these doors and throwing the two rooms into one. There will be three altars in the basement chapel. There will also be a large vestry in which will be four confessionals and two apartments for the use of the clergy as vesting rooms.

In the cellar of the basement, and directly under the sacristy, is the boiler room where the heating apparatus will be placed.

The structure will be well supported throughout, and only the best material will be used.

LETTERS TO THE EDITOR.

SEEKING INFORMATION. Sir,—Is it true that the President of the Charlottetown Club is to be one of our representatives at the Council Board? It is currently reported that a change has recently been made in the officers of that club, and that Mr. Donald Nicholson succeeds Mr. Davies as President. Will you or Mr. Nicholson inform your readers whether this rumor is true or not, because it is important in this temperance campaign to know who we are voting for.

TEMPERANCE. TORRES VEDRAS FOR NICHOLSON. Sir,—Last evening's EXAMINER has a letter asking for Mr. Donald Nicholson's views on the sewerage question. This is a dangerous question, and any candidate coming out in favor of sewerage at the present time would be liable to be shelved pretty badly for opponents. It would therefore be advisable for both Mr. Nicholson and Mr. Whelan to adopt the tactics of Mr. Lawrence on the Manitoba School Question and keep well within the lines of Torres Vedras.

A FRIEND. WARD ONE. Sir,—The new plan of nominating candidates for civic honors in a hole and corner is not in the interests of the city. Candidates should be nominated at meetings held in the various wards, and not by cliques. I reside in Ward one and upon what grounds Mr. H. C. Douse was transplanted down there I do not know. I do know, however, that he was never asked by a ward meeting, and I hear he is coming again. Now, I think it speaks very poorly for the intelligence of this ward, when a stranger from another ward has to be elected as its councillor.

RESIDENT WARD ONE. CHRISTIAN ELECTORS. Sir,—The Rev. Mr. Simpson, on Sunday last, said no more than could have been said by any clergyman in Charlottetown. With too many of the professed followers of Christ, selfishness and self-interest take first place, and temperance is relegated to a back seat. The temperance question has suffered, and suffered much from this cause. Any mercenary excuse is too odious and sufficient to wound the cause that should be dear to the heart of every good man. "O Liberty, Liberty, what crimes have been committed in thy name!" There never was a grander opportunity than the present for Christians to unite to elect a man who is coming to sink every personal consideration, and gain a glorious victory. Will they do it? God help the man who for the hope of getting a paltry job of work either for himself or for some one else puts his religion in his pocket, throws principle to the winds, and gives his influence on the side of wrong.

THE BACK BOWS. Sir,—The writer in last evening's Patriot very properly calls attention to the conduct of Mr. Simon W. Crable and Herbert Beer at the last civic election, when at the last moment they withdrew from the contest and allowed the Ward to go by default, and two persons to be elected by acclamation—one of whom was not in the field. Messrs. Crable and Beer owe it the electors of Ward Four to make a full explanation of their conduct on that occasion. They have not as yet, although two years have passed, taken the citizens into their confidence and I wish them to do so. Their action was proper. They have not even given the reasons which led to their withdrawal at five minutes to four on nomination day. I was then one of their supporters, and I felt them a great treat, and much annoyed at them, and I do not think they are entitled to any consideration at the hands of the electors until they have satisfied ourselves that they acted in our interest when they withdrew. They have a good deal of assurance to come out again and ask for support without the needed explanation, and I for one do not intend to support them until I hear more about the matter. We are not interested in them after their retreat.

WARD FOUR. A DEMURRER. Sir,—I beg to express my dissent from the position taken by the Citizens' League, as voiced by a clergyman, one of its leading members, preaching last night according to announcement on behalf and at the request of the League.

He told his hearers that, though they might differ as to the righteousness or expediency of the Canada Temperance Act, as long as it remains law it is their duty to unite and work together to give it full effect, and therefore they should vote for no man as Mayor or Councillor who does not pledge himself to its strict enforcement.

"The law must be enforced" is a plausible motto and a good catch-word. But we must not let it blind us to the facts. It is well known that the citizens do differ, indeed, that they are very evenly divided, as shown at every election on the Act in question, and to demand that one-half the people should vote as if the other half were not present is to do violence to the principle of democracy.

As long as the law stands unrepelled we must give it our obedience, and let the Magistrate's duty to enforce its penalties. But those who are opposed to its principle, or who deem it impracticable, would be making tools of themselves by neglecting their real interests to secure its furtherance. The most they can be asked to do is to give a passive assent, until it is superseded by a more reasonable measure.

The first interest of every citizen is to secure a Mayor and Council that will look after the good of the town, and see that our taxes are applied to the best purpose. The mere fact that a man is not an enthusiastic supporter of the Scott Act is nothing against him in this respect. We certainly do not want men who might donate city moneys towards the spy and sneak fund. Money is already scarce enough, and perjury too prevalent.

CIVIL NON RESISTANCE. Jan'y 27th, 1896.

QUEBEC WINTER CARNIVAL.—Preparations are being made on such a scale as to point to the fact that this carnival will, in all respects, far surpass all previous ones, and this statement, coupled with the low fares, should induce a large number of people to visit Quebec. The People's Railway, in this connection, issue return tickets at first-class single fare on the 24th and 25th, good leaving Quebec up to February 5th, and at special fare \$11.00 from Pictou to Quebec on the 25th and 29th, good leaving Quebec up to February 3rd. Jan 17th 1896.

MINISTERIAL ASSOCIATION.—The Ministerial Association of Charlottetown cordially invite the members of all Young People's Societies in the city, and within a radius of fifteen miles, to meet in the basement of the First Methodist Church on February 7th at 7 p. m. It is proposed to form a local union for the purpose of deputation to the annual convention of the Young People's Association, and making necessary arrangements for the Maritime Convention of Christian Endeavor, and affiliated societies, which is to be held here in the coming summer.

ARCHIBALD KENNEDY, Executor. e28-1m (246) 1896.

To the Electors of Charlottetown;

GENTLEMEN.—In compliance with the wishes of a large number of citizens, and in response to the unanimously signed petition presented to me, I have decided to nominate for the Mayoralty at the forthcoming Election, and would take this opportunity of soliciting your support.

If elected, I shall endeavor at all times to act impartially, giving justice to all, favors to none. It shall be my aim to see that the affairs of this City are conducted with the strictest economy commensurate with its requirements, and that the rate of taxation be kept down to the lowest figure consistent therewith.

I shall continue to stand up for the citizen's rights both as regards the Railway to Victoria Park and all other questions which may arise. I believe that all laws at present in force, or that may hereafter be enacted, should be faithfully carried out.

I am appalled to the expenditure of public moneys in defiance of the well understood wishes of the people.

As I publicly stated two years ago, I believe that good government in civic affairs can only be secured by having a change in representation from time to time; and having served four years as Councillor, I now respectfully solicit your votes for the office of Mayor.

I remain, Gentlemen, Your Obedient Servant, HORACE HAZARD.

Wanted, Lost, Found, &c. Advertisements under this heading charged five cents per line.
