THE DAILY EXAMINER

GOVERNMENT POND - A SUGGESTION.

In accord with their policy of economy, the Liberals of the Dominion Government have determined to spend \$60,000 a year for the adornment of the city of Ottawa. We submit that this exclusive liberality is not fair to other Canadian cities.

WHY "HUG THE MACHINE"?

Mr. PRESTON, the Liberal Party Manager in Ontario, was so highly delighted at the result of the election in West Elgin, and so well pleased with the machine by means of which the "great Liberal victory" was won, that immediately upon the announcement of the result he dispatched to the successful candidate the following telegram:

"TORONTO, Jan 12th, 1899. To Donald Macnish, 'St. Thomas, Ont.

Heartiest congratulations. Sorry to the bottom of my heart I cannot be with you tonight.

To be supported by such a noble army of workers should make you the proudest man in Ontario. Shake hands with the boys for me, and hug the members of the much abused threshing machine for Auld Lang Syne.

W. T. R. PRESTON."

It was indeed a blissful moment. The Liberal candidate felt as a conqueror fresh from the field of battle, and just as a conqueror might be supposed to embrace those who had been instrumental in gaining his victory, so Mr. Preston exhorted Mr. McNish to "hug the machine."

cers," and "grave irregularities" were perpetrated; a "large number of persons" were "brought into the riding for the express purpose of personating legitimate voters," so that "the declared number of votes for Mr. McNish largely exceeded the number of bona fide votes cast for him."

HOSPITAL FOR THE INSANE

The second letter of "A Witness," published today, must give the trustees and responsible officials of the Hospital for the Insane some concern. The statements are evidently those of one who knows all about the internal management of the institution.

"A Witness" makes additionally clear the fact that Mary Jane McInnis (whoever she may be) has been harshly and unjustly treated. In the light of the admissions that have been made by Dr. Blanchard and others, she simply did her duty as a brave and honest woman in attendance upon lunatic patients.

—Mr. Gabriel McDonald is a strong and consistent supporter of the Farquharson Licensing Law as against the Scott Act. We should be glad if it were certain that drunkenness is decreasing under any circumstances.

—Dreyfus declares his brain is almost reeling in the face of the mass of documents and explanations his counsel are bringing out regarding the extraordinary machinations of his enemies and the revering devotion of his friends.

—Thousands of persons in Canada have received letters from their friends in the Klondike country corroborative of the charges brought by Sir Charles Hibbert Tupper against the administration of the Liberals in that part of the country.

Things to Make a Note of.

A DEAL

NEW GOODS SOLID COMFORT NEW GOODS

Price reductions on cool shirt waists is news worth reading about—such days as these. And such waists, too! The finest foreign fabrics and the choicest American goods are generously represented.

IN OUR SHOW ROOM

Straws, ribbons, flowers, feathers, gauzes and ornaments have been combined in a way to show that art is more artistic, grace, more graceful, ingenuity, more ingenious and skill more skilful to-day in compiling a perfect hat than at any other time since hats have been hats.

Special offer on all Dress Hats in colors, at 50c for this p.m. See eastern window.

The buying of our shirt waists this summer was none with the intention and determination to have not only the largest but also the finest and most varied stock, and to sell them at prices that would at once stop all argument as to which was the proper store to look to for shirt waists.

There's a deal of solid comfort in a Hammock! Stretch it between two leafy trees, or in a shady corner of the piazza where the breeze can swing it and the sun can't penetrate, throw in a couple of cushions, then get a book or a fan and climb in your self—and there you are. The cost needn't prevent you having Hammocks all over the place.

A pretty good one costs only \$1.10, plenty strong enough and large enough for ordinary use. The fancier ones go to \$4.25, and you can fit your ideas to a price anywhere between these two extremes.

The department of women's neckwear is heaped high with new things in washable and unwashable. Neckties specially designed to wear with shirt waists. The most beautiful line of Bandana goods we've ever shown, and the most brilliant array of fancy silk scarfs, bows, windsors, fore-hands and knots you ever saw.

SAILOR HATS—The only sensible knock-about hat after all. In a sailor of the right style you're fashionably dressed. In a sailor of the wrong style you're after all a dowdy. Between the wrong style and the right style there isn't a cent of extra price, it's only a question of buying in the right place, that's here.

See our 25c lot.

CLOTHING—After we're sure the quality is all right, then we look out for prices. We know how to buy, and where, and that's why these splendid bargains crowd our store, day after day. You'll never know till you buy here, how really little it takes to top up the little chaps.
