AUGUST 31, 1897.

### ELECTION PROTESTS IN KING'S CO.

This afternoon election protests regarding the recent election in King's County were presented in the Supreme Court. In the first Electoral District of King's County where the Hon. James R. McLean, Commissioner of Public Works, was returned by a small majority, a petition against his election has been filed charging corrupt practices. In the Fourth district of King's County a petition against the return of Mr. D. A. McKinnon, of Georgetown, has been put in, also on the ground of corrupt practices; and in the same District where Mr. Murdoch McKinnon, the Conservative candidate, received a majority of the votes cast in the district, but upon the counting of the special votes Sheriff McDonald gave "decisions" on the validity of some of them with the result that a tie between the Conservative and Mr. Aitken, the Liberal Candidate, was reached, a petition has been presented against Sheriff McDonald who is charged with illegal and improper conduct on declaration day, and also against Mr. Aitken charging that he obtained his votes by corrupt practices. In the Second District of King's County a petition against the return and election of Mr. Arthur Peters has been presented on the ground of corrupt practices.

### SUMMER RESORTS.

With the end of August we see the close of the holiday season. The tide of travel to this Province, has this year, been fairly large—though not so large as in some previous years. Speaking generally, the tourists who came to P. E. Island have expressed themselves as highly pleased. While the rains of July and August were unusually heavy here, as in other parts of the world, they fell for the most part in the night. Our days were fine; our dust subdued. The green of our meadows and grain fields was well maintained; the prospects of our broad and cultivated landscapes even more pleasing than usual. So our tourists and local holiday seekers had cause for their satisfaction. We have heard fewer complaints and more praise concerning our town hotels and boarding houses than in some of the years that are past. Those among us who cater to the taste of the public are, it may be presumed, learning wisdom by experience,—learning to supply that which the holiday tourist needs; and it may be that those who come here for a holiday have learned not to make a fuss if they fail to obtain accommodation such as they get in large centres of population. Still it remains a question whether a first-class hotel in Charlottetown would not, by attracting a section of the wealthy class of tourists, pay our merchants and people,—indirectly if not directly. Certainly, our season is short. Such an hotel would have to be shut up, or shut up in large part, for eight or nine months of the year. On the other hand, wealthy men and women coming among us every year and spending their money freely, would brighten business, enable us to sell many more things in the home market, add materially to the volume of our circulation, and enlarge our profits at the end of each succeeding year. This question has repeatedly engaged the attention of public-spirited and enterprising men among us, but it is yet to be dealt with in a practical way. In the meantime we observe, with pleasure, not only an improvement in the management of the hotels and boarding houses in existence, but an enlargement of the number of those quiet farm houses on the seashore in which boarders are received. Most of those who take a holiday require rest and refreshment. To this end they need first of all good clean beds and wholesome food; and these with bathing in the sea and quietude they obtain to their satisfaction in such houses as those of Mr. McCallum, at Brackley Point, on the North shore, and Mr. Archibald McLean,

at Rice Point, on the South shore. Some persons prefer the North shore because the surf is higher and more continuous there; other persons prefer the South shore because of its varied prospects, and milder air. It is satisfactory to learn that as the demand of tourists increases, the supply afforded by our well-to-do farmers on either shore is enlarged to the profit and satisfaction of all concerned.

**THE WEATHER.**—Light to moderate winds, mostly westerly, fair weather not much change in temperature.

**HALIFAX EXHIBITION.**—Herbert Haszard of Charlottetown has made twelve entries of flowers for the provincial exhibition here.—Hx. Chronicle.

**REGATTA.**—What about a regatta for the forenoon of Labor Day? Who will move in the matter? A double scull race and a four oared race might easily be arranged.

**WELL WORTH SEEING.**—The elegant silver cup on exhibition in the window of Mr. A. W. Reddin's store, is greatly admired by pedestrians. This is the prize to be presented by Messrs Mark Wright & Co. to the winner in the 250 class on Labor Day. It is well worth calling to see.

**A COMMOTION.**—There was some excitement on Queen Street this afternoon caused by the offensive conduct of an individual from the rural districts, who, it said, has recently returned from the United States. The police were notified, and, if captured the Island-Yankee will probably pay for his freshness.

**POLICE COURT.**—This forenoon, one drunk was fined \$1 or 5 days. Thomas Meek's case was dismissed yesterday.

During the month of August, ending today, there were 58 cases disposed of. There were 34 convictions for drunkenness, 1 each for vagrancy, disorderly driving and malicious injuries to property, 2 for violation of the Lord's Day Act, 4 for nuisance, 3 for assault and 3 for larceny. Three drunks were dismissed, also 2 Lord's Day cases and 1 Scott Act case, 2 assault cases and 1 larceny case. The receipts during the month amounted to \$313.81.

**YESTERDAY'S OUTING.**—A day in the country of Prince Edward Island at this season of the year is a pleasure that is appreciated by all who have the opportunity of enjoying it. This pleasure was fully enjoyed by Mr. James Paton, Mrs. Paton and children and the employes yesterday, when they sailed down to the beautiful district near Eldon to spend the day and celebrate their annual picnic. We often hear of the beauty of foreign scenery. But familiarity sometimes blinds us to the beauty of our own; and anyone would say that the scenery near Eldon would make a grand subject for some artist. The party, in the smart tug Fred M. Batt, arrived at Halliday's wharf about two o'clock, where they partook of lunch and visited friends in the settlement, and after a most enjoyable afternoon started for home again. The sail home was most enjoyable and soon the lights of the city loomed up out of the darkness. When town was reached the echoes rang with cheers for Mr. and Mrs. Paton and the Fred M. Batt, and each one felt that Aug. 30th will be remembered as one of the most enjoyable days of 1897.

Received today, "And Lang Syne," paper edition, 50c. A second supply of Hall Caine's new work, "The Christ," daily expected.—Carter's Bookstore.

## Endorsed by the English Navy

British sailors are sometimes called "Lime Juicers," from the fact that the law requires that they be supplied with a weekly allowance of Lime Juice as a medicine. Its virtues as a blood cooler, and preventive of rheumatism, have long been recognized by the medical professions. If you want the best and strongest, ask for the

HOME MAKERS.

## LOCAL AND OTHER ITEMS.

**SUPPLYING COAL.**—Messrs Peake Bros. & Co., are supplying the cruiser "Marblehead" with bunker coal to-day. They have their coal barge alongside.

**LARGE TURNIP.**—A turnip, the weight of which is 11½ pounds, is on exhibition in Reddin Bros Drug Store. It was grown by Mr. Wm. Murphy, Rocky Point.

**PRICE OF PORK.**—Pork has of late been selling for \$12 but is now \$13. A local dealer says it will reach \$14 in the course of a day or so.—Moncton Transcript.

**MONSTER TURNIP.**—Mr. T. E. Murphy, of the South Shore, brought to town today a turnip weighing eleven pounds and three-quarters. It is a monster. Who can beat it?

**MORE COAL.**—The schr. Fanny Young arrived this morning from Dominion Coal Co's mines, C. B. with a cargo of Little Gase Bay screened coal to Peke Bros. & Co.

**COMING THIS WAY.**—A St. John despatch of yesterday says: E. H. Clarke, the Boston champion and all round athlete of the world, was in the city to day on his way to Charlottetown.

**LAMP HEATER.**—Mr. Geo. Carver asks us to state that he is prepared to receive orders for the lamp heater which gave such satisfaction a year or so ago. The heater is invaluable for sick rooms or the nursery. It heats in about five minutes.

**FINE APPLE.**—This year's apple crop is generally described as "a failure." Yet there are not wanting some exceedingly fine samples of the premier fruit. One of these was shown this forenoon by Mr. James Steele, of Douglas Street. It was of the "Yellow Transparent" variety, of fine flavor, and measured all but eleven inches in circumference.

**DECORATION DAY.**—The Oddfellows of Charlottetown will observe Decoration Day on Sunday next, on which occasion the graves of sixteen of the brethren will be decorated with flowers. These graves are in the People's Cemetery and St. Peter's Cemetery, on St. Peter's Road, and in the Protestant Cemetery on the Malpeque Road. The brethren will leave Oddfellows' Hall at half-past two o'clock on Sunday afternoon, headed by Galbraith's Band.

**LECTURE COURSE.**—The Epworth League of Grace Church is preparing for a course of lectures for the fall and winter, and the following lecturers, dates and lectures have been secured:

Sept. 23rd.—Rev. Job Sheuton will lecture on "Paddle your own Canoe."

Oct. 19th.—Rev. Dr. Wilson will lecture on "The Typical Irishman."

Nov. 16th.—Rev. Robert S. Craig will lecture on "Odd Parsons and odd People." The arrangements for the other half of the course are not yet completed. A uniform price of ten cents each lecture will be charged.

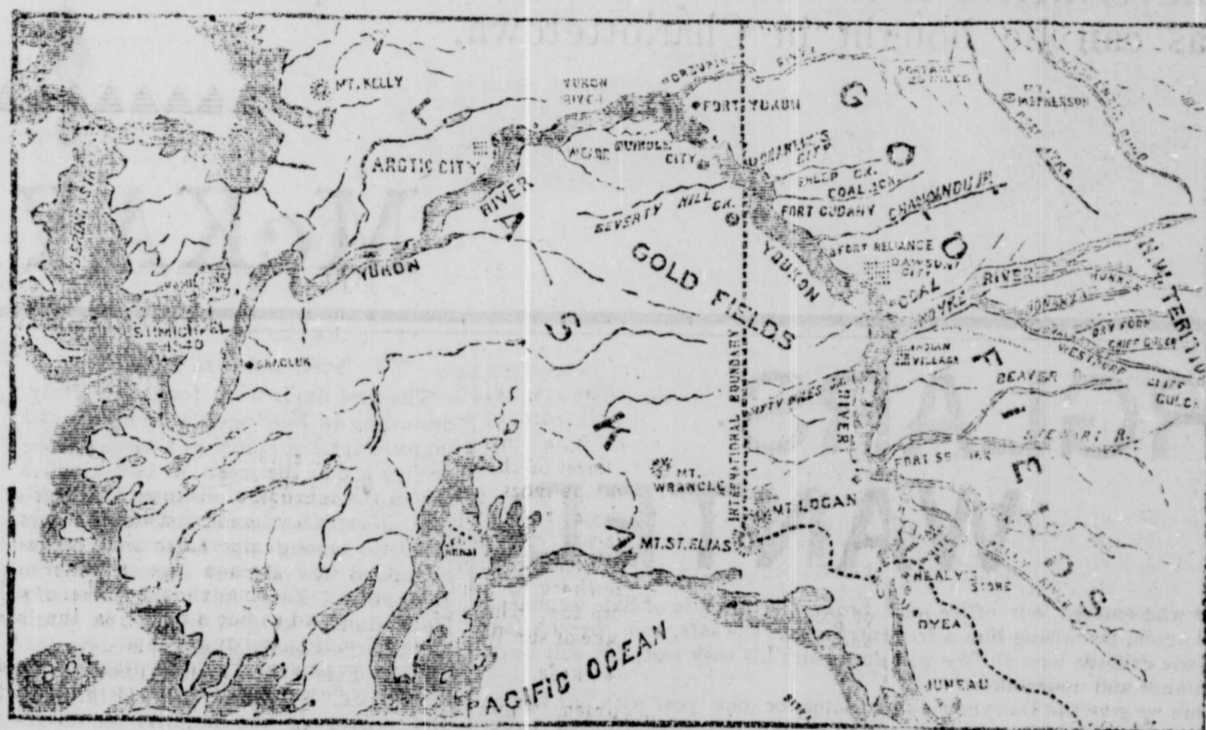

**THE RECORD BROKEN.**—Star Pointer, the famous pacing horse, broke the world's record for one mile on the Readville track, last Saturday, pacing an exhibition in 1.59½. The track was in excellent condition and Star Pointer made the record with hardly an effort. In fact, when he started it was not thought he would do better than 2.02. When he passed the first quarter post in 30 seconds flat, however, there was intense excitement. The half was turned in 59½, and the third quarter in 1.29. On the stretch the horse seemed to fairly fly, and crossed the tape in the wonderful time of 1.59½. He was paced by a running horse and was driven by McClary.

**THEATRICAL.**—A large house greeted the Miles Ideal Stock Company last evening when they presented the classical play of "Damon and Pythias" at the Opera House. The play is a strong one, and is of the type that entertains and elevates. The acting throughout was of the best description, and the costumes were those of the period in which the scene is laid. The part of Damon was cleverly taken by Mr. Butler, and Mr. John E. Miles well sustained his reputation by his rendering of the part of Pythias. The support generally was excellent. The specialties between the acts were very funny. Tonight the comedy-drama, "All a Mistake," will be played, and an entertainment of rare excellence is promised. Tomorrow afternoon there will be a matinee performance, the bill being "The Blacksmith's Daughter." For their closing performance on Wednesday evening the company will put on "New Mexico," a very powerful drama.

# Look After The Boys

A cheap thing may not be a good thing, but when you get it good and cheap at the same time it is a bargain. Paton & Co. are noted for such bargains. Boys two piece suits from \$1.00 up. Boys three piece suits from 2.50 up.

## James Paton & Co'y

### TO THE SHAREHOLDERS OF THE

## Montreal-London Gold and Silver Development Company, Ltd

The Directors, at a meeting held at the Company's offices, Montreal, on Tuesday, Aug. 24th, unanimously decided that the price of the stock should be raised from 24 cents to 30 cents per share, on and after the 15th day of September, next.

In arriving at this decision, the Directors took into consideration:

- (1) The fact that two offers for large blocks of stock, from foreign sources, are now before the Board.
- (2) The Company's expedition to the Klondike was despatched at the earliest possible moment, and every precaution has been taken to ensure its safe arrival at the gold fields this season. This Expedition should, therefore, during the long winter, be able to secure valuable interests in the Klondike and other rivers for the company long before the arrival of the other expeditions in the Spring of next year. Due weight has also been given to the fact that the discoveries on the Stewart River and other gold bearing streams, have opened up a wider field for the parties on the ground this year.

As no further parties can get in this season, and it will, therefore, be difficult for investors to obtain an interest in the Klondike and Yukon after the Company's subscription lists are closed, the directors feel that a premium should be charged on any subscriptions after date fixed.

The present price of shares is 24 cents, par value, payable, one fourth with application, and the remainder in 3 equal calls, with not less than one month between calls.
