

Patriotic Words.

A CLERGYMAN TELLS SOME STRAIGHT TRUTHS ABOUT CANADA.

In his Thanksgiving sermon at St. George's church, Guelph, Archdeacon Dixon indignantly repudiated the evil stories of scarcity and pauperism that certain parties were circulating as libels on the Dominion. If in one part there was a failure in a staple crop there was a superabundance in another. If one variety of the fruits of the earth yielded a poor return, there is a compensation in an abundant supply of another, so that we have always enough and to spare. Further, he said, the country is fairly prosperous, so that the industrious and sober man can well support his family, whatever be his trade or occupation, and the unprecedented deposits in the savings banks show that a vast number of our mechanics and others are laying by their savings over their expenditures. He severely ever entered the post-office in the city at certain hours without seeing men of that class depositing money. The possibilities of our magnificent country, if we only raise our thoughts beyond the narrow circle of provincial views, are illimitable and overwhelming in their vastness. In the words of an eminent divine: "The Dominion has an area as large as the whole of Europe. In fact, we own the largest half of the American continent. We have in our possession 800 millions of acres of fertile land that may be made a wheat granary for the whole world. We enjoy a healthy and invigorating climate. We possess inexhaustible stores laid up in the treasure vaults of the everlasting hills. We have broad lakes and majestic rivers that represent at least 30,000 miles of navigable waters, and are destined yet to be the throbbing arteries of our commercial life. We have almost an immeasurable extent of sea coast, with innumerable bays, gulfs, and harbors that swarm with the living treasures of the deep. We have magnificent harbors that open in two oceans soon to be united by rail. No pent up Utica confines our powers; A vast unbounded continent is ours.
