UNUSUAL BARGAINS at Beer Bros.

DON'T FORGET the Sabbath School missionary meeting this evening at 7.30 in the Brick Church.

AN ATTRACTION.—A hen and her brood of eight young chickens is the attraction today in J. M. McLeod's window, Queen street.

THE WHEEL.—The Cycling Club will have their usual run this evening, leaving the Club room, Water Street, at half-past seven o'clock.

HOW DISCOURAGING to find that the cloth you have chosen for a suit of clothes does not turn out as you have expected. Such is never the case with the "Tyke" Serges, but you must be sure to get it with the registered trade mark, "Tyke," stamped on the back of every 2½ yards.

DON'T MISS IT.—In another portion of to-day's issue will be found the advertisement of McInnis & Thorne, plumbers, gas, steam, hot water and hot air fitters, who have lately branched out in business in the Philharmonic Building. Both members of the firm are experts in their respective lines, and may be relied upon to give the fullest satisfaction to those who patronize them.

THE ERNEST DECOSTA.—The schooner Ernest DeCosta arrived at Halifax on Monday from Martinique for permanent repairs. She was aground at Martinique, and received temporary repairs after being floated. The vessel was then ordered to Halifax by the underwriters. A large part of her keel is gone and she is making 1500 strokes an hour. On the way to Halifax the water at times gained on the pumps.

WHERE SILENCE IS A VIRTUE. — The Christian Advocate inveighs against the practice of certain preachers who, when called to speak at the funeral of a man who had lived a depraved life, glorify his memory. It tells of a minister who, in preaching at the grave of a man of most disreputable character, exhorted his hearers to prepare to meet deceased in another world, "something," says the Christian Advocate, "that everyone, including the family of the deceased, would hope to avoid."

POLICE COURT.—This forenoon, Anabella Ingles, arrested for the larceny of a watch from Nathaniel Decoursey, was remanded until the 10th inst. One drunk was fined $2 or ten days. John J. Trainor was fined $100 and $9.50 costs, or two months imprisonment for an infraction of the Canada Temperance Act. John Reid, convicted of a first violation of the same Act, was fined $50 and $7.85 costs, or two months imprisonment; and John Collins, convicted of a similar offence, was fined $50 and $7.75 costs, or two months imprisonment. The case against John Hebert was adjourned. This afternoon two cases against Mary Jane McMillan were up for trial.

THE CHEESE INDUSTRY.—The quantity of milk delivered at the Hazelbrook cheese factory on Monday was 5,549 lbs., and on Tuesday 3,339 lbs. On Monday the Hillsborough factory received 7,816 lbs., and on Tuesday 5,600 lbs. The Cornwall factory on Monday received 9,327 lbs. of milk, and on Tuesday 7,300 lbs. When the factory at Cornwall was opened three years ago the 15th of June, there were less then 700 lbs. of milk received, and only one cheese was made; on the 3rd June this year the quantity of milk received was 9,327 lbs., as above stated, and 12 cheese were made!

METHODIST PREACHERS MEETING.—There was a full gathering of the members of the Methodist Preachers' meeting in the study of the Parsonage, Charlottetown, June 3rd. Rev. G. M. Campbell was elected President for the ensuing quarter and E. C. Turner, Secretary. The attention of the meeting was called to the proposed Epworth League Rally. After a general discussion, the following resolution was unanimously adopted. That this meeting approves of a Maritime Epworth League Convention, and would suggest that it be held at Sackville on or about 20th August.—E. C. Turner, Secretary.

FIRE.—The Guardian reports that yesterday evening while Mr. and Mrs. James Campbell, of Pisquid Road, were away, the children who were staying home alone filled a basket with straw and carried it to the loft of an old building. The said they intended it to keep away the flies. They set fire to the straw, but the building caught fire and was burnt down. A new barn, in which were a mowing and a threshing machine, was burned. One of the children happened to get into the burning barn, and was rescued only with the greatest difficulty. The dwelling house also narrowly escaped the flames. There was no insurance.

EXCURSION TO MONCTON.—There will be an excursion to Moncton on Saturday next to hear Sousa's famous band, provided sixty persons will guarantee to go. The band will give a concert in Moncton on Saturday afternoon at 3.15. After the performance the excursionists will return to Point du Chene, where the Northumberland will be in waiting to convey them back to Summerside, whence they will return to Charlottetown by train. Excursionists will have about two hours in Moncton before the concert begins. The return fare from Charlottetown will be only $2.50, and from Summerside $1.57. Sousa's band is one of the best in the world, and all who possibly can should hear it. This promises to be *the* excursion of the season. All desiring to participate are kindly requested to communicate with the office of the Superintendent of the P. E. Island Railway.

ON THE WARPATH.—The police are doing the best they can to capture several well-known characters whom they believe guilty of committing the recent robberies, and expect to have them before the court shortly. The Marshal has kept the men on duty long after their regular time—sometimes well into the wee sma' hours—scouring the suburbs, endeavoring to arrest the gang. But so far their efforts have been unsuccessful. Acting upon information given by the Inglis girl, arrested yesterday afternoon, the Marshal and Sergeant Bradley last evening visited the woods in the rear of the residence of Malcolm McLeod, Esq., on the Malpeque Road, and there found, hidden in the bushes, one ham, seven dozen of eggs in a basket, two cans of salmon, one bar of soap, some butter, and a quarter of a pound of tea, supposed to be the property of John Wonnacott, whose store was robbed a few nights ago.

THE WEATHER.—Fresh to strong southerly shifting to westerly winds; fair at first then showery.

MUSICAL ENTERTAINMENT.—The ladies of St. Mary's academy are completing arrangements for a grand musical entertainment, which is to come off in the Market Hall on Monday next, the 10th inst. The pupils of the institution will be ably assisted by some of the advanced pupils of Charlottetown Convent and other friends. The programme promises to be first-class in every respect and it is to be hoped that a generous public will show their appreciation of the work done in our midst by this institution by honoring the occasion with their presence.

GENERAL TELEGRAPHIC NEWS.

LONDON, June 3.—The British steamer Cayo Mona, New Orleans for Antwerp, arrived at Gravesend to-day, having been in collision with an unknown steamer on May 22nd, lat. 43 N. long. 51 W. It was foggy at the time of the accident. The Cayo Mona's stem and bows were damaged and her forepeak full of water. What damage, if any, the other vessel sustained is not known.

ST. PETERSBURG, June 3.—Diplomats here regard the intrigues of Great Britain as the only obstacle in the way of a pacific settlement of the far eastern question. In view of the possible outcome of the situation, Russia will fortify and send troops to Chinese and Corean, and especially the Indian, frontiers. The Czar has approved plans for the construction of a railway to Semarks. Military engineers to be employed on the works have started for their posts.

HOUSTON, Texas, June 3.—During trial in court at Snyder Springs, Saturday, the principals in the case engaged in a duel with pistols. One man was killed, two fatally wounded, and another dangerously hurt. The trouble grew out of the suit of Bert Garland vs. Dickson. Dickson and his four sons, Chapman and Dean, a witness, engaged in the fight. Dickson was killed, and one of his sons badly wounded and Chapman and Dean are now dying of their injuries.

LETTERS TO THE EDITOR.

AN ENQUIRY.

DEAR SIR,—Is it true that the seedsmen of Charlottetown have combined to sell only forty-five pounds of timothy seed for a bushel, when the standard weight is forty-eight pounds? I can not see how respectable men could be guilty of such a petty fraud. Yours, etc.,

FARMER.

"WHERE ARE THE POLICE?"

SIR,—Your timely remarks about "Religion and Morality" in last evening's issue might be supplemented by the question, "Where are the police?" When outlaws walk openly on the streets and property is unsafe, the activity and usefulness - shall I say the courage?—of the police are to be questioned.

A CITIZEN.

IS IT TRUE?

SIR,—Is it true that the railway, as is being openly said, has been run in the interests of its own officials, and that they are even now moving heaven and earth to defeat Senator Ferguson's new arrangement, which anyone can see will be a great benefit to the Province. If such be true, I can now understand why our railway has been going from bad to worse, and the deficits building up like snowdrifts.

LISTENER.

CANADA AND HER RESOURCES.

SIR,—A few weeks ago, we were informed through your columns that His Honor the Lieutenant-Governor had donated to each of our city schools and colleges, a silver medal for the best prize essay on "Canada and her Resources." As our schools will be closing within a fortnight, these medals must soon be awarded. Now what we would suggest is that the best essay from each of these several schools, including convents and colleges be taken and judged, and that some of our citizens donate a gold medal or some other suitable souvenir to the best of his class. It would only mean a few dollars, and none of our prominent men would regret such if they remember the increased literary efforts which would ensue. I think such an offer would greatly stimulate our young students and thereby instil a much greater love for Fatherland.

E.

THAT UP-TO-DATE BOILER.

SIR,—When writing observations on what came under my notice for yours of the 27th of May, I did not expect such a tempest in a teapot, or out of a teapot, as the boiler shipped here for the Hillsborough cheese factory has raised by "Patron" and Messrs. Bruce Stewart & Co. At last they have admitted the truthfulness of my statement that it had a cast iron dome head and six brackets bolted on; "only that and nothing more." In the face of the admission in yours of Monday I fail to see what they have been writing about in opposition to that statement, unless it was to obtain some cheap advertising, which, judging from the tone of yesterday's letter, did not turn out as profitable as they expected. Now, I ask by what right does any person claim space in a newspaper to attack a correspondent who confines himself to truthful statements? Why condemn men as cowards who do not write everything over their own signature? If they desired truth to be upheld they would not have attacked me over the name of "Patron," nor would they have quibbled about the construction of the boiler spoken of. But we must conclude that "Patron" wrote to save time until some more expert locomotive testimony could be obtained in defence of cast-iron dome-heads.

OBSERVER.

WHAT ARRANT NONSENSE.

SIR,—Speaking of the effort of our Mr Davies on the budget, the Montreal Star, which ever since the surprise he got in the Stanstead election has been booming Liberal stock at a terrific rate and getting off as extravagant estimates of matters political as even our own only independent daily, has this to say: "Mr. Davies made a vigorous attack on the National Policy. . . The Prince Edward Islander, taking the resolutions of the Ottawa Liberal conference as a key note, declared for a tariff for revenue only. At great length he showed how a fiscal system of this character would bring prosperity from the day of its inception. He qualified his declaration. The Liberals in the days to come, he said would, of course; not rush about like a bull in a china shop. In fact it was their intention not to disturb vested interests. All this, implying as it did a seeming contradiction, met with derisive Conservative applause. The speaker analyzed the depression which existed during the Mackenzie regime. He was careful to make out that the cases were world-wide, and had no relation to the then 17 per cent. tariff. The exodus and the decline in farm values, both favorite Opposition arguments why the Government should go, were also paraded in due order. In the Lower Provinces alone, farms had diminished in price upwards of forty per cent. The National Policy was also blamed for destroying Canadian shipping. Mr. Davies made the astounding statement that it has declined over eleven million dollars in seventeen years. According to Mr. Davies, the Maritime Provinces are fast going to ruin and decay."

There's a speech for the Maritime leader of the Grits to make. We have heard him at it in the rural sections of this province, never giving him credit for sincerity; but it would appear that like, the fellow who told the story over so often, we think he now believes it himself. No wonder even the Star would designate his statements "astounding" and sympathiser and all as he is, hold the whole speech up to ridicule as extravagant in statement, even if "vigorous in attack." The Maritime Provinces are certainly profiting by such untruthful evidences! "Ruin and decay" so far as Prince Edward Island is concerned is a libel of the grossest kind. And so say New Brunswick and Nova Scotia. Our Grit leader has a new remedy for all our ills—it is not Commercial Union now, nor is it Unstricted Reciprocity—it is the beautifully vague doctrine of Tariff for Revenue only. What arrant nonsense.

BYSTANDER.

Your Wife Gets Mad.

When you stay out too late, when you make the usual pretence of business when she knows it is something else, when you approach her beautiful angel cake with a sigh of despair; but when you bring home in the spring a Rigby Porus Waterproof coat she will promptly vote you a sensible fellow, for is she not wearing with utmost satisfaction, a Rigby waterproof herself? She bought the Rigby cloth and had it made to order. Rigby is unique. While others have experimented and failed, Rigby has achieved a signal triumph. It's Rigby that's asked for in the dry goods stores. It's Rigby that men and women talk about when the rain comes on. "Caught in a storm and I forgot my Rigby," says the lady in distress. People say—the bank of Montreal for solidity; Canadian girls for beauty; Chicago for large feet; and—Rigby for comfort and a perfect protector against the watery elements.

There registered at the Hotel Davies this morning: John Sterling, Montreal; C. S. Silver, Halifax; W. H. Tetlow, Manchester, Eng; J. H. McLean, Toronto; J. R. Snow, St. Stephen; George Mauger, Quebec.
