Alberton And Vicinity

Mrs. Frank McDougall and her son, Mr. Leo McDougall, left Alberton Saturday morning for a motor trip to the United States.

Mr. H. D. Corbett, one of Alberton's enterprising merchants, has recently made considerable improvements to his place of business. By removal of a small storage room and the rebuilding of stairways some one hundred and sixty square feet of floor space was added to the main store. Additional shelving and showcases in this newly acquired space permit a much more advantageous showing of the high grade paints and enamels carried in stock, as well as of painting equipment. A colorful neon sign, in green and red, effectively draws attention to this section. In the grocery there are now three display stands which add to the attractiveness of the store. At the extreme rear of the building is a new office which extends almost the full width of the store and has a modern counter front. Adjoining the office is a washroom for use of the staff. Supervision of carpenter work was done by Mr. Hunter Weeks and of redecorating by Mr. James Broderick.

Let's Talk It Over

by "C"

A trade magazine called "School Progress", published in Toronto, has been featuring one story per issue on a school from each Province in turn. Prince Edward Island had its turn in the February-March issue, and Summerside High School was taken as an example. The story gave many features of the school's educational program including its domestic science course; its industrial arts course; its music program, which now includes a school band; and its academic and commercial courses Its ideal position adjacent to the new Queen Elizabeth Park, was emphasized, and the advantages this gave for playground activities. The necessity for more space, if the school, with its increased attendance and expanding program, is to continue to function efficiently, was also made clear. The article features pictures, including the exterior of the school, the domestic science room, the library and a student giving a vocal solo at the regular weekly assembly.

"The fierce light that beats upon a throne" has been evidenced by the present tour of our young Queen Elizabeth among her subjects in the southern hemisphere. The ordinary routine of such a tour, with its state functions, its endless meeting with state dignitaries, the necessity of constantly maintaining warm responses to the cheers of the tumultuous crowds must be wearing enough on our young sovereign.

Her present tour has been filled with unscheduled events. First the train disaster in New Zealand, which she did not actually see, but which must have affected her deeply; the grandstand collapse in Australia, and the disconcerting temerity of the little Aussie girl who was determined to disregard official precedence by attempting to kiss her sovereign lady; and now the threats to Her Majesty's life. She must indeed have some of the fortitude of her illustrious forebear and namesake, "Queen Bess", to have stood up as magnificently as she has apparently done under the ordeal.

British Theatre Company To Tour North America

LONDON, (Reuters) — Britain's famed Old Vic Theatre Company will take their Shakespeare specialty to the United States and Canada for a three-month tour this fall.

Sol Hurok, American impresario, made the announcement Saturday after completing arrangements for the company to tour North America with a production of Shakespeare's "A Midsummer Night's Dream."

The production of the play, starring ballet stars Moira Shearer and Robert Helpmann, will be the most spectacular since a 1929 extravaganza by Max Reinhardt in the United States, Hurok said.

The tour will start with a three-week run at the Metropolitan Opera House in New York about Sept. 21. Also on its itinerary are Toronto and Montreal.

The visit will be the Old Vic Company's second trip to North America. In 1946 the company crossed the Atlantic with Sir Laurence Olivier and Sir Ralph Richardson as its stars.

Redhaired Moira Shearer, 28-year-old former prima ballerina of the Sadlers Wells company, will get her first Shakespearian part in the play. She said Sunday she plans to take advantage of the role to give up ballet completely for acting.

Kremlin Warns Russians Must Work Harder

By Tom Whitney
Associated Press Staff Writer)

The Kremlin has warned Russians that they are going to have to work harder.

Soviet Premier Georgi Malenkov in a recent speech in Moscow emphasized that unless Russians produce more they won't be able to have the better standard of living the government has promised them.

Outlining some of the ways by which the government expects to improve the efficiency of the Soviet worker, he said workers must be given more and better equipment and that better and more technical training must be provided.

Malenkov also said labor discipline must improve. This implies that the Soviet government is going to intensify its fight against tardiness and absenteeism and other laxities on the part of Soviet workers.

Involve Propaganda

Campaigns for increases in the productivity of labor always involve a great propaganda drive in which workers are called together in mass meetings at their factories to vote through increases in production norms.

In the English language this is known as the speed-up. It is no more popular in Russia than anywhere else in the world.

But Russian workers have no way to fight back against it. Their trade unions are what is known in Western parlance as "company unions" which are organized to protect the interests of the employer and not those of the worker.

The current emphasis on increasing labor-productivity is just one of several signs showing that now, just a few days more than a year since Joseph Stalin was buried on Red square, the post-Stalin honeymoon of Kremlin concessions to the Soviet public has come to an end.

Paperweights From City Win From S'side

Saturday afternoon in Summerside's new Raceway Stadium, Charlottetown's smart little Abegweit Paperweights outplayed Summerside Paperweights to win the first of home-and-home games for the Island Paperweight Hockey title and Physical Fitness awards by a score of 4-1.

Handled in the absence of coach Stewart MacMillan by Gordon Rice the City boys led all the way, showing more speed, weight and all-round experience. It was a clean game, however, and both teams gave everything they had in an effort to win.

Second game of this series will be played at the Forum Friday, March 26th between the skating events and skate to band at the Provincial interscholastic skating meet.

Renaud To Remain With Canadians

MONTREAL, (CP) — Montreal Canadiens announced Friday that goalie Jean-Paul Renaud will be sent to Buffalo of the American Hockey League for Saturday-Sunday games.

The National Hockey League club also said goalie Jacques Plante, recalled from Buffalo when Gerry McNeil of Canadiens was injured more than a month ago, will remain with the Montreal team for the time being.

Renaud has been spare goalie for Montreal Royals of the Quebec Hockey League.

In practice Thursday McNeil was cut on the head by a puck, necessitating four stitches.

Canadiens wind up the regular NHL schedule with Detroit Red Wings in Montreal Saturday night, and with New York Rangers in New York Sunday night.

Expect Slack Grain Shipping Season On Lakes

(By The Canadian Press)

Marine men say that, regardless of spring weather, the Great Lakes navigation season for grain-carrying lake freighters will probably open late this season.

So little grain has been sold for export during the winter that wheat has piled up in Montreal. For the present, this is the key to the entire grain shipping situation along the great inland waterway to the head of the lakes.

A Canadian Press survey showed both grain-handling and steamship companies making plans to operate on a reduced scale until exports take an upswing.

In Montreal, a spokesman for the shipping industry said he expected the "worst beginning" in lake navigation in 15 years. He said he thinks half of the bulk grain carriers will make one or two trips and then become idle after two weeks.

Slack Season

Elsewhere too, shipping men talked of the possibility of an unusually slack season for the lake fleet, which numbers about 225 ships including ore-carriers and oil tankers.

Twelve grain-laden ships that wintered in Montreal will have their cargoes taken off and placed in elevators by the start of the season. But 30 other ships are reported between Montreal and Kingston all preparing to sail for Montreal with their loads of grain for which there will be no space in Montreal elevators.

The St. Lawrence canals — Lachine, Soulanges, Cornwall, Morrisburg and Cardinal—were scheduled to be drained during the week-end. They are to be kept closed 30 days for repairs and cleaning. This marks the difference from last year's busy season when the canals opened April 8 and grain ships promptly moved down the lakes to Montreal.

Black Hawks Close Season Deep In Red

CHICAGO, (AP)—Chicago Black Hawks, one of the National Hockey League's topdrawing clubs a few years ago, have closed their home season deep in the red with a slumping average home attendance of 6,574.

The Hawks drew 230,143 fans to 35 home games, according to announced figures. A half-dozen years ago the average game attendance was near 14,000.

The Hawks finished last in the league this season for the sixth time in the last eight years. They haven't been higher than third since 1935 when they were second.

General manager Bill Tobin said the club "definitely lost money this season" and some estimates place the loss as high as $150,000. Tobin figures that the Hawks must average 7,000 per game to break even.

The season's attendance is the lowest in 15 years and is 187,916 below the 1952-53 report—and the Hawks lost money last year.

"The present team will be greatly made over next year," Tobin said.

Missing Plane Reported Located

VANCOUVER, (CP) — A small plane, missing since last Friday, was found Wednesday on Princess Royal island, 400 miles north of here.

The plane, a single-engine Aeronca, was on a flight from Prince Rupert to Vancouver when it disappeared.

Basler Rink Wins Ladies Curling Title

—The J. K. Curran trophy, emblematic of the Ladies Club championship in the Summerside Curling Club was won Friday, March 19th, by a team skipped by Sally Basler with Al Morrison, mate, Frances Henthorn, second stone, and Helen Smith, lead. The runner up team was Betty Linkletter, skip, Marion Hinton, mate, Pearl MacFarlane, second stone, and Vivian Sheen, lead.

Both teams had one loss each upon completion of the round robin schedule and were forced to play an extra game to decide the winner. An unusual feature of the particular competition is the number of times the same names have appeared in the winning team since the trophy was first playd for six years ago. Frances Henthorn has been on the winning team four times with five years of curling, Al Morrison three times with six years of curling; Helen Smith twice with three years of curling; Betty Linkletter, a six year curler has skipped the winning team for two years and has twice been skip of the runners up; Pearl MacFarlane and Sally Basler, six year curlers, once on the winning team and once on the runners up.

Alberton Regals Win West Prince "B" Title

—The Alberton Regals won the West Prince Intermediate "B" hockey championship and the Physical Fitness Trophy when they defeated the O'Leary Maroons 6-4 in the O'Leary rink Saturday night to take their best of five series in three straight games. The Regals previously eliminated the Mount Pleasant Bombers in a best of five series which went all the way with the fifth game played in the Raceway Stadium.

Saturday night's game was fast and rough with heavy checking on both sides, ten penalties being handed out, as O'Leary fought to remain in the finals. Glen Matthews opened the scoring for the Regals with Atkinson also tallying. O'Leary's fast forward B. MacDonald chalked up their only marker of the period to make the score 3-1 for the Regals.

Play was even in the sandwich session, each side garnering a pair, LeClair and T. Barbour for Alberton, and L. Bernard and A. Wedge for O'Leary.

With the visitors again leading at the start of the final period, A. Rodgerson tied the score at the three minute mark on a smooth pass from B. MacDonald, but the Regals came back strong, R. Pridham scoring the winning marker at 9.11. LeClair got his second goal of the game at 19:00 to end the contest, Regals 6, Maroons 4.
