...Souris Arranging Blood Donor Clinic

Members of the Blood Donor Committee of the Souris Red Cross Branch, headed by Mr. Bruce L. Stewart, chairman, are making an all-out effort to have Souris go "over the top" at the Clinic to be held there on Monday, November 3rd. The spacious St. Mary's Parish Hall is being donated for the occasion and those who attend will be assured of delicious refreshments which will be provided by a ladies' committee. Arrangements are being made for a house to house canvass for donors and, in addition, all boxholders will receive notification of the clinic.

The residents of Souris and surrounding districts want to share in the responsibility of providing blood so urgently needed by patients in local hospitals and by the armed services. They realize that the province is now greatly in debt and must have 1,000 donors to insure a sufficient supply for the next three months. Everyone should be conscious of the fact that blood is life itself—that a transfusion is very often the vital force that turns the balance when death seems inevitable.

The Week at S.D.U.

It is always amazing to see what a particular type of notice does to the boys here at S.D.U. Every day it is common to see bulletins of varying import placed for their perusal. However, four times a year, it seems as though Fleeting Time sends that kindly but jolting behest, which causes a busy society to ask, "Why, already?" Yes it happens at every centre of learning! Every now and again teachers have the habit of interrupting varying diversions of sports, social activities etc., and bringing home to students in the most effective manner possible, just what the "why and wherefore" be.

Well dear Reader, that's just a longer way of saying that the mid-term exams are posted. And it is true that it is possible to get all wrapped up in matters which, while important in themselves, do not give sufficient reason for being at a University. Exams may have many unpleasant features both to teacher and student, but they do, even if in an imperfect manner, provide for both a norm whereby their work may be beneficially appraised.

Last Saturday, St. Dunstan's received its first football defeat of the season at the hands of the Acadian Axemen at Wolfville. Although turn about is fair play, the boys have proven their worth and will make another good showing when they meet St. F. X. for the second time on home grounds. Good luck boys, and good weather too!

The fine achievements of the second team deserve special mention as they have held back the Welshmen to retain a record of no successful tries by the P. W. C. squad. A fine group of players all, whose supporters expect them to
