

Letters To The Editor

UNIVERSITY OF PRINCE EDWARD ISLAND
CHARLOTTETOWN, P. E. I.

MEMORANDUM

TO J. R. Whitlock, Buildings and Grounds
FROM R. J. Baker, President Oct. 8, 1971

I thought I said that we had to have that sign off the new Education Building before the students caught on to what was happening. Now the Cadre has got hold of it. Did you see the front page of the issue of October 4?

We'll have to change all our plans. You'd better put the new germ warfare unit in that building and move Education off somewhere else.

As I've said before, you've got to watch student newspaper men. Never leave signs anywhere.

RJB/my

EDITORIAL NOTE:

We are glad to see the President has time to read our paper and we would like to thank him for contributing to it.

Dear Editor:

Believe it or not this isn't a complaint, its a complementary letter. I think that your last publication of the Cadre was very good, and I am not the only one who holds this opinion, I imagine just the only one to write it. Some said they didn't care for it because it contained too much triviality, but you must admit that is all that is going on here on campus that is interesting.

I think that it is a good paper because it doesn't contain anything about wars or who killed who today, on some street corner, or who was killed in a car accident because the other driver did not possess all the right mental facilities.

Please don't get discouraged, keep up the good work because reading this paper can brighten up a dull afternoon.

A friend.

UNIVERSITY OF PRINCE EDWARD ISLAND

PRINCE EDWARD ISLAND

OFFICE OF THE PRESIDENT

October 8, 1971

Editor
The Cadre
University of Prince Edward Island

Dear Sir:

Have you no sense of responsibility at all? Last year, the Cadre ruined our plans for the development of the campus by publishing them before we were prepared to release them. Now, it's ruined our plans for the Faculty of Education. Not only that; it has raised ludicrous hopes in the new faculty member. You say that his salary will be paid by the Rural Development Council. Actually, we were not planning to pay him a salary at all.

I don't know how you managed to fake the photograph on your front page. (That it is a fake is very clear from the shadow of the building. Given the location of the bleachers, the building, etc., that shadow would indicate in reality that the building was located at any hour of daylight at a latitude of 62° 15' 3". To put a fake picture consisting of a shadow, my house, and an old Education sign together and pretend that it is the new Education Building is just malicious.

As we have said many times before, the Administration welcome responsible journalism. We have always been prepared to welcome responsible journalism. Why can we never find any?

Yours sincerely,

R. J. Baker
President

P. S.

I might say that your rumor that Gordon Bennet [sic] will resign his position to become chairman of the Faculty of Education is, as usual, wrong. Why should the Minister resign just because he has taken on the chairmanship of the Department?
