

Irish Notes.

The London Times commenting on the speech of Mr. Parnell in the Commons yesterday, says:—"Parnell's speech will be read with profound repugnance which it excited in the House. His coolness, which was not maintained with entire success, does not imply courage so much as it does shamelessness. Some consciousness of the utter inadequacy of his evasive quibbles to dispose of the charge built upon very broad induction may account for his labored explanation of trifles, and the resort to ill-timed recrimination which marked his speech. The House waited patiently for a frank statement of the main question which never came. The chilling reception of his callous triviality was only accentuated by mechanical cheers of Irish members. It is understood that Parnell is determined to press his amendments in reply to the Speech from the Throne, arranging the Executive of Ireland for administration of the Crimes' Act. The Daily News, in its leading article, says:—"Suspicion against the Land League and some of its officials will be increased by the absence of any defence. Mr Parnell yesterday said nothing to disprove complicity in the outrages of some of the officials with whom he had acted. It would have been well had Mr. Parnell shown the House that he had discouraged the incendiary appeals constantly printed in the Irish World."

The London Daily News, in a leading article, says the suspicions against the Land League and some of the officials will be increased by the absence of any evidence. Mr. Parnell, on the 24th, said nothing to disprove complicity in the outrage of some of the officials with whom he had acted. It would have been well had Mr. Parnell shown the House that he had discouraged incendiary appeals constantly printed in the Irish World.

The societies are said to number one thousand members, including persons of high social standing. The government has resolved to take energetic measures for their suppression.

The London News learns that the French authorities have declined to assist the English police who have gone to France to track persons implicated in the Phoenix Park murders.

The police have guarded the house of Mr Forster since his recent speech in the Commons attacking Parnell.

The Great French Remedy, Dr. LeDuc's Periodical Pills.

For the cure of Leucorrhoea or White's Excessive or painful Menstruation, Green Sickness, Falling of the Womb, Catarrh of the Uterus or Vagina, Hysteria, Pain in the Back, or Piles, or for the purpose of invigorating and giving tone to the Generative Organs, two pills should be taken twice daily, or in very unfebrile conditions, one pill three times a day. To effect cures in chronic cases it will be necessary to continue the use of the remedy for some months. A reasonable trial will create sufficient confidence in the remedy to insure its being taken until a permanent cure is effected. STARR KIDNEY PAD Co., 81 King Street, West Toronto, All Druggists. FRED. J. GARBETT, M. D., Graduate of the London University, Dean and Registrar of the Boston Medical College of Specialists, says:—"I had tried every system of treatment for the cure of nervous prostration, partial paralysis, and abouic dyspepsia. Persuaded, much against my will, to try the Pad system, I put them on, and in two days found that the paralysis of the nerve had been conquered, the entire nervous system toned up, and now—six months from the day of application—I am free from any symptoms of nervous debility or dyspeptic tendency. In my professional practice as a Physician, in private life and among my personal friends, I shall deem it my bounden duty and my highest privilege, as an act of gratitude, to counsel and enforce this treatment, as the only reliable and effectual remedial agency having for its origin the stomach, liver, brain, and great nerve centres.
