KOREAN SBAMBLES
SYDNEY, N.S.—(CP)—The majority of Christian leaders in Korea have been "eliminated" by the Communists, Capt. Rev. Roy G. Cunningham said in a letter to his former congregation here. The chaplain said devastation in Korea has been "terrible," partly because most buildings are of flimsy construction.

Thoughts For Our Time

By His Eminence Cardinal McGuigan (Copyright)

May Day, 1951. This Workers' Day, though not originally established by Communism, has come to be almost exclusively monopolized by it. While the demonstrations this year in Communist controlled countries have doubtless proved satisfactory to the rulers of the Kremlin, such success is hardly significant. Free peoples everywhere, including free workmen, are generally discounting the blatant claims of the "People's Democracies." Free workmen have become quite well aware that the "spontaneous" demonstrations of their fellow-workers behind Iron Curtains are in reality a case of demonstrate—or else!

DR. CAMPBELL will be absent from the Polyclinic until May 17th.

relations of individual to individual now governs those of group to group. If that law continues to operate it can only end in sheer anarchy or in the tyranny of one group over all others, that group, namely, that succeeds in getting control of the state. And such a group will impose "order" and perpetuate that "order" only by the methods of the Kremlin.
