THE JAPANESE VILLAGE.—The attention of our readers is called to a change in the advertisement of the Japanese Village. This will be their last week in Charlottetown, and as a special feature a gold watch will be given to the best guesser. The Shaffers will also have a complete change of programme.

THE FISHERIES.—A large fleet of fishing vessels, principally American, were anchored in Souris harbor yesterday. Scarcely anything has been done this year on the coast by sailing. The Nutwood, owned by Messrs. Matthew, McLean & Co., caught 17 barrels fat mackerel off East Point one day last week. The Senator Morgan Capt. J. Graham also caught a few barrels off Cascumpec. Shore fishermen, with hook and line, are catching more or less mackerel. A few barrels soon come up quite a handsome return. The price in Souris just now is \$10 a barrel, with an upward tendency.

AN ISLANDER DROWNED.—On the 21st July, while the fishing schooner David Sherman, Capt. Campbell, of Gloucester, was sailing along in the vicinity of North Cape, this island, the seine boat in tow capsized and filled. Orders were given to reef sails and bring the vessel to. One of the crew, Angus McDonald, son of Allan McDonald, Bayfield, Lot 46, unfortunately lost his life in attempting to assist in reefing the mainsail. He was in the cabin when the word was given. Rushing on deck he went aft, and on getting on to the main boom fell overboard. He was an active young man, unmarried, and bore an excellent character among those who knew him. To his sorrowing father we extend our sympathies.

Papers will be set on Arithmetic, English, British History, Geography and Geology. The senior examination (for entrance to the Prince of Wales College) consists of the junior work, with Latin, Algebra and Geometry additional. This examination will be held at Charlottetown only, the junior portion being taken on August 5th, and the distinctively senior part on the following day. Scholarships will be awarded to the two from each county and the city of Charlottetown that stands highest in the examination. Arrangements have been made with the railway authorities for the conveyance of candidates to and from the examining station at a reduced rate. THE CYCLONE AGAIN.

Injuring About Forty

And Does Much Damage to Property.

LAWRENCE, MASS., July 27.

A cyclone visited South Lawrence on Saturday forenoon about 9.15 o'clock. In five minutes it killed eight persons and seriously injured fifteen to twenty, and slightly injured at least twenty more. It cut a swath through a thickly populated section 200 feet wide and a mile long. It destroyed or greatly damaged 75 to 100 buildings and levelled a beautiful square of over 500 trees. The damage to costly dwelling houses is estimated at \$100,000, all of which are uninsured against wind and storm. The cyclone struck the city at or near the grounds of the Broadway railroad, crossed Emmet street, Parker street, and entered Springfield at the southwest, and travelled its entire length, devastating nearly everything in its course, including one house on Foster street, two on South Union street, where they cross Springfield street, passed from Springfield street into Union Square, thence over Shawheen river into the town of Andover, where it exhausted its fury on trees and fences. In Andover one house was unroofed and a plank forty feet long landed in Shulton's mill yard, having been carried from Lawrence.
