

The Farmer's Wife.

The farmer came in from the field one day, His languid step and his weary way, His hand on his forehead and his hand, All showing his work for the good of the land;

By the kitchen fire stood his patient wife, Light of his home, and joy of his life, With face all aglow and busy hand, Preparing the meal for her husband's band;

Sun shines bright when the farmer goes out: Birds sing sweet songs, lambs irk about, The brook bubbles softly in the glen, While he works bravely for the good of men;

How briskly the wife steps about within— The dishes to wash, and the milk to skim, The fires go out, flies buzz about— For dear ones at home her heart is kept stout;

When the day is o'er and the evening has come, The creatures are fed and the milking is done, He takes his rest 'neath the old shade tree, From the labor of the land his thoughts are free;

But the faithful wife from sun to sun, Takes the burden up that's never done; There is no rest, there is no pay, For the household goods she must work away;

When autumn is here, with chilling blast, The farmer gathers his crops at last, His barns are full, his fields are bare, For the good of the land he ne'er hath care;

Put the willing wife, till life's closing day, Is the children's, the husband's stay, From day to day she has done her best, Until death alone can give her rest;

SOMETHING NEW.—There has always been great difficulty in getting water-proof coats to fit satisfactorily about the neck and shoulders, for stout and round-shouldered men. You can avoid this and have a perfect fit by leaving your measure with us. We have made arrangements with an English firm to have these coats made on our own patterns, so that we are in a position to warrant a good fit. We can show over 100 samples of the goods from which the coats will be made, ranging in price from \$8 to \$24. Every coat warranted to come the same as sample of goods shown. You can have better material and cheaper than buying ready-made goods.—John McLeod & Co., Merchant Tailors, ang27 tf

ELECTRIC GLOSS.

FOR cleaning Solid Silver, Nickel, Brass, Copper and Plate Glass. Quick! Sure! Permanent! No dirt, no trouble, no labor. Being entirely free from grit and acids, it cannot injure the most finely polished surface. It is the only preparation ever produced that will polish brass or copper without the use of acid. Nothing approaches it for removing grease and finger marks from Brass, Copper, Glass, etc.; while for cleaning Nickel or Stoves it is especially useful. Retail price, 25 cents per bottle.

MICA WASH.—This wash is the only thing of the kind ever invented. A stove may be as handsome as a jewel and shine like ebony; but smoked mica lights will spoil it all. Day by day mica becomes scarcer and higher in price, and an article that will clean and preserve it is valuable to all concerned. Try this wash once, and you will always use it. Retail price, 25 cents per bottle. The above household necessities are manufactured by The Electric Gloss Co., Philadelphia, U. S. A., and sold by every respectable Druggist, Stove Dealer, Hardware Merchant and General Dealer in Canada. The Canadian trade supplied by JOHN T. REED, 105 Water Street, St. John, N. B. Aug 6—6m eod

MRS. SOPHIA POTTER'S Bone Rheumatic Liniment

It is a fact worth knowing that Mrs. Sophia Potter's Bone Rheumatic Liniment cannot be excelled for removing pain and soreness. It is no worthless trash, as some may suppose, simply because they have been imposed upon by others but is positively the "King of Pain." Sore throat cannot stand before its power. All we ask is a trial that you may be convinced of the truth of our statement. Our experience is that one bottle tried also sells many more.

See circular for particulars and testimonials, and try a bottle—it will not fail to do all that is promised. R. V. BARKER, St. John, Wholesale Agent W. R. WATSON, Charlottetown, P. E. I. J. A. CROSSMAN, Middleton. Oct. 29, 1883.—and wky
