Introducing'NEW FRIENDS on the Island' volunteer program!

A new program funded by Canada Immigration and sponsored by the Multicultural Council was started in 1991. This program serves to match volunteers from the community with New Canadians for the purpose of support and friendship.

'New Friends' provides the Canadian Connection that immigrants to Canada need in order to reduce the stress of adjusting to a new country and ease their feelings of loneliness and isolation. The volunteer provides friendly support and opportunities for language practice within a social context.

This new, exciting program is looking for volunteers who are interested in making new friends from far away places. If you are single, a couple or a family, we have New Canadians who are interested in meeting you! Volunteers are provided with support, training, a monthly newsletter and the chance to learn about a new culture.

If you're interested in becoming a volunteer or would like more information, please call:
