SUNK.—On Wednesday evening a small schooner called the Favorite, belonging to Miramichi, took shelter in Summerside from the storm. During the night she dragged her anchors and struck against the Railway Wharf, where she sank in about twenty feet of water. The crew had barely time to climb on the wharf before she went down. The Favorite was on her way to Miramichi with a cargo of hard coal for Hon. W. Muirhead.
We hear that the schooner Jessie, with a cargo of potatoes, went ashore near Beach Point, Lot 15, on Friday night.
The schooner Star of the Sea, Captain Delaney, from Pictou for Quebec, coal laden, was driven ashore about a mile north of West Point Light. She will probably be condemned and sold. A small vessel of about twelve tons is ashore between West Point and Pierre Jacques. This vessel will be got off.
RICHIBUCTO, Oct. 30.—The damage is greater than at first supposed, many of the lobster factories on the shore being ruined. The schooner Velocity of Richibucto, was cast ashore on Buctouche beach, and another schooner is ashore at Little Gully, a complete wreck.
The brig Lauretta, Capt. Christie, appeared off Point Tupper at about 11 1/2 o'clock, with the sails on her mainmast blown to ribbons, and her foresail and lower topsails blown to pieces. The brig was light. When off Grant's Cove she dropped both anchors, but could not find holding ground. She dragged until nearly ashore on the rocks near Port Porcupine, when in a squall which threatened speedy destruction, they cut away the mainmast and saved her. After the gale abated we went off to her in the Dominion wharf boat. The captain came on shore and telegraphed the owners, Messrs. Welsh & Owen, of Charlottetown. The brig was on her way home from Plymouth, Eng.—Eastern Beacon, Oct. 29.

Our Postal Service.

CHARLOTTETOWN, Nov. 3, 1879.

To the Editor of the Examiner.
DEAR SIR,—The great topic of conversation between business men and others for the past week or ten days, has been the irregularity of the mails. From the middle of October until the close of navigation, it is simply impossible for the mails to be otherwise than irregular, for the steamers "St. Lawrence" and "Princess of Wales" are totally unfit to cope with anything approaching a storm. Last week we had only three mails: one on Monday, one on Tuesday, and one on Thursday. It happened to be blowing pretty heavily on Wednesday, and, of course, the steamers did not cross. On Friday and Saturday it was the same story blowing a gale, impossible to cross. What we want is a screw steamer and until we have one there will be no satisfaction during the months of November and December, as far as the mails are concerned. The surveying steamer "Gulnare" begins her summer work about the middle of May and ends it about the middle of October. There is no reason in the world why she should not be chartered to carry the mails between Summerside and Point du Chene, from the first of November to the close of navigation. It would put money in the pockets of her owners, and be both a convenience and satisfaction to the public generally and to business men in particular. Not only is the mail question to be considered but also the travelling public. When a man leaves Charlottetown in the morning, fully expecting to arrive in St. John, the same evening, it is, to say the least very aggravating to find he will be obliged to remain in Summerside for two or three days. It is high time that we had a change in this respect, and it is to be hoped there will be no cause for complaint next year. Apologizing for taking up so much of your time and space,
I remain, yours etc.,
PRO BONO PUBLICO.

Messenger Boy vs. All Right.

To the Editor of the Examiner.
SIR,—I notice in the advertising columns of the Summerside Journal the following challenge, signed "Newton Lee":
"I am prepared to trot any Stallion on P. E. Island with my Stallion "All Right," from \$25 to \$100 on Upton Park, Charlottetown, this fall."
It is—when we consider the ignoble defeat he suffered at Kensington recently—quite plucky of Mr. Lee, and I would through compassion for his animal, pass it by (notice) were it not prefaced by the following budget of unfaceable fabrications, also signed "Newton Lee":
"As there has been considerable talk about the forthcoming Race between "Messenger Boy" and "All Right," which was made before the Kensington Races, both Mr. Large and the driver of his horse agreed to trot "Messenger Boy" against my horse "All Right" on Upton Park, Charlottetown, in the course of two or three weeks. With the expectation of trotting the aforesaid race, I allowed my horse to start at Kensington, (which I would not have done if the other race had not been made) although he was not in condition, and had met with an accident which should have stopped his trotting this year. I went to Charlottetown the first Monday after the race at Kensington, to see Mr. Large and deposit the money on the race, and I was very much surprised when he said he would not trot his horse this fall; his excuse was very light and is not worth mentioning."
I say the above is a "budget of fabrications." So much so that there is not one word of truth in the whole paragraph save that in regard to Mr. Lee's trip to Charlottetown, which I will satisfactorily explain.
At the conclusion of the Kensington races it was rumored that Mr. Lee expressed his intention of having another race between "All Right" and "Messenger Boy." In order to accommodate him I authorized Capt. John A. McLeod, of New London, to arrange such a race for \$100 a side, to take place on Upton Park. Capt. McLeod met Mr. Lee at Kensington not six hours after the conclusion of the stallion race; informed him that he was authorized by myself to make a hundred dollar match between the stallions, and asked Mr. Lee if he was willing to enter on an agreement for such a match. Mr. Lee declined, and Captain McLeod informed me of the fact. Hearing nothing further from Mr. Lee, I decided to let my horse go out of training, and published a notice to that effect in the city papers. Immediately after the publication of that notice, and directly after my horse went out of training, Mr. Lee arrived in this city (six days after the Kensington races) to arrange a soft race. As my horse was out of training, and as I gave Mr. Lee two chances—previous to the one at Kensington—to meet me, of course declined.
Mr. Lee, like his horse, is very sore over his defeat at Kensington, and as he greatly complained of not having his horse in condition; not having time to fit, etc., I will leave him now to commence fitting for the next season, when I will trot him a race every week, from spring to fall, for any sum he wishes to name.
I am yours, &c.,
A. N. LARGE.
