Less Talks Are Bought By Premiers

Test Ban Pact Hailed As Step Towards Peace

MOSCOW (AP)—Britain, the United States and the Soviet Union signed a treaty Monday banning most nuclear tests and hailed it in a communique as an important first step toward world peace.

Spoken for all three powers were warned, however, that there still is much to be done.

And at a celebration later, Premier Khrushchev repeated his demand that the NATO powers sign a non-aggression pact with the Communist Warsaw treaty countries at the next step.

This project had roused a storm of opposition in many countries and in the U.S. Senate, six of whose members were present at the ceremony where the treaty was signed.

Soviet Foreign Minister Andrei Gromyko, U.S. State Secretary Dean Rusk and British Foreign Secretary Lord Home put their signatures simultaneously to the historic document.

Under its terms, nuclear testing is forbidden in the air, in space and under water. There is no ban on underground testing.

Under the glare of television lights in the Kremlin's St. Catherine's Hall, Rusk called the treaty "a good first step," but only a step, and one that did not of itself end the threat of nuclear war.

WAITER SPURS NIKITA ACTION

MOSCOW (CP-AP)—The waiter became tired of waiting when Soviet Premier Khrushchev, United Nations Secretary-General U Thant and other high officials couldn't decide who would preside at a Kremlin function to toast the nuclear test-ban treaty signed Monday.

But as the waiter began walking away, he bumped into Khrushchev, who called him back and broke the deadlock by grabbing the first glass for himself.

Douglas Warns Pearson's Gov't

REGINA (CP)—New Democratic Party Leader T. C. Douglas served notice on the minority Liberal government Monday that the parliamentary honeymoon is ended.

He told a press conference on the eve of the New Democrats' national convention here that the party's 17 M.P.s are freed of party's election-campaign committee to give the party in power a "fair and reasonable" period without danger of the NDP joining any drive to turn them out of office.

The period between the April election and last week's adjournment of Parliament for a recess until Sept. 30 hadn't been a "fair and reasonable" one, Mr. Douglas said.

"But by the time we get back again, they'll have had a fair and reasonable time," he added.

About 30 delegates were scheduled to gather in the exhibition arena today to open the first national convention of the party since the 1961 founding convention.

Initiation received On Decision Meeting

BY IAN DONALDSON
HALIFAX (CP)—Canada's premiers will seek a federal-provincial conference on unemployment. They decided Monday at the opening session of their annual meeting that unemployment problems should be discussed with the federal government.

Premier Stanfield of Nova Scotia, a conference chairman, said there was a decision on when the unemployment talks would be held. However, he said they could be added to the agenda of a federal-provincial fiscal conference expected in November.

Mr. Stanfield said some provinces might seek a separate conference on unemployment alone. This was up to the individual provinces. The premiers would make no decision on it here.

A statement after Monday's meeting said there was "considerable discussion of the problems of unemployment and the present means of providing assistance."

The statement said "it was the opinion of the premiers that since this is a matter involving federal responsibility as well as provincial jurisdiction the problem should be discussed at a federal-provincial conference."

Mr. Stanfield said that while federal-provincial matters are purposely postponed to the premiers' meetings — beyond what was in the communique.

However, he said it was doubtful the premiers would give further consideration today to the unemployment problem.

NDP Youths Name President

REGINA (CP)—Giles Endicott of Toronto Monday was elected president of the New Democratic Party youth section.

Among other executives elected during the youth section's annual convention here was vice-president Terry Moyley, Halifax.

Exiled Haitians Launch Invasion

SANTO DOMINGO, Dominican Republic (AP)—A small well-armed force of exiled Haitian soldiers led by Gen. Leon Cantave was reported to have landed on Haiti's northern coast Monday, and was reported pushing toward Cap-Haitien, Haiti's second largest city.

Two of the invasion's official confirmation of the invasion reports.

The force reported to consist of about 250 former army officers and soldiers, apparently with little or no equipment, from the Port of Liberté, Derac and Phaton on the reported push toward Cap-Haitien.

The aim of the invasion was believed to be the overthrow of Haitian dictator Francois Duvalier, a former chief-of-staff of the Haitian armed forces, said in a recent interview he was not interested in taking the Haitian presidency and wanted only to oust Duvalier.

Haiti's charge d'affaires in Washington, Robert Theard, said "we have no comment at this moment on the reports of invasion. NBC radio news reported 250 to 300 Haitian exiles landed on the island of Haiti and were advancing toward Cap-Haitien."

Dominican officials said rumors of invasion plans had been circulated in the last two weeks.

The American Republic, which

Red Row Echoes in Hiroshima

HIROSHIMA, Japan (AP)—This city where the world's first atom bomb fell 18 years ago today echoes violently the Peking-Moscow split over the signing of the first treaty to ban most nuclear weapons tests.

Red China's opposition to Moscow's signing of the treaty and the Soviet policy of peaceful co-existence was reflected in rioting and protests that marked the opening Monday of the ninth world conference against hydrogen atom bombs.

A public snub was given Chao Pu-chi, the Communist Chinese delegation leader, by the Soviet, Indian and other delegations, as he rose to speak at a ceremony at Hiroshima's Peace Park, a war memorial.

One citizen threw the meeting into an uproar with protests against using the Peace Park by the Communist party purposes.

The big Soviet labor federation and Japanese socialists pulled out of the conference in protest against the presence of Communists. They planned their own anti-bomb rallies.

WIN MEDALS AT OTTAWA SHOOT

GRADE 10 RESULTS ANNOUNCED

Queen Charlotte Student Is Top in Examinations

Scoring 816 out of a possible mark of 900, Donald Jay, Queen Charlotte High School, had the highest aggregate of students who wrote Grade 10 provincial examinations last June.

Results of the examinations were given out yesterday by the department of education.

Provincial scholarships went to the two highest successful students in each county of the province and also in Charlottetown. Those awarded scholarships and their aggregates were:

Charlottetown—Donald Jay, 816; Paul Michael, 795, both of Queen Charlotte.

Prince County—Edmond Galland, 785; Gordon Murray, Kensington, 768.

Queens County—Wayne C. Chalmers, 775; John Visser, Englewood, 775.

Kings County—Donald Robertson, Montague, 809; Carolyn MacLeod, Montague, 805.

In all cases of scholarship, the school attended, rather than the home district of the individual, determines the county.

Bell Scholarships are assigned to the successful candidates ranking third and fourth in each of the counties.

Assigned Bell scholarships were:

Prince County—Carmella Poirier, Evangeline, 782; Douglas Meek, Kensington, 781.

Queens County—Rosina Beck, Sherwood, 783; Dianne Jones, Southport, 783.

Kings County—Dianne MacLeod, Montague, 785; Ida Collier, Montague, 775.

Students in the Charlottetown public schools who obtained certificate standing in their regular school work were not required to write the provincial examinations unless interested in the scholarships which were offered.

PC Convention For Next Year Is Possible

CALGARY (CP)—A Progressive Conservative Party leadership convention may be held early next year, former Premier Minister Douglas Harkness said Monday.

He said in an interview that many members of the party across the country think a change of leadership is necessary if the fortunes of the party are to improve.

He resigned from the cabinet of the former Progressive Conservative government in a dispute with then prime minister Diefenbaker over Canada's acquiring nuclear weapons. Mr. Harkness was re-elected Conservative member for Calgary North in the April 8 federal election.

He said he had no ambitions to become leader of the party although a "good man" party members have asked him to allow his name stand for nomination.

Reports that I am not an friendly terms with my colleagues in the Commons are exaggerated," said Mr. Harkness, "although there is a small fraction which is hostile toward me."

Sherwood Girl Leads Province

Mary Lou MacLeod of Sherwood led the inland in the grade eight provincial examinations, the department of education announced yesterday.

Miss MacLeod attained an aggregate of 784 out of a possible 800.

In second place was Constance Rodd of Sherwood with a 753 aggregate and in third David Gray of Sherwood with 730.

A total of 2,034 students wrote the examinations. Students in Charlottetown schools are not required to write them.

Following is a list of other students who attained an aggregate of between 720 and 800:

Poplar Point—Mary Lou MacLeod, Kenneth MacNeill, Albert Elmentary.

Susan Ayers, Sherwood; Gail Foster, Southport; Donna White, Slemo Park; Brenda Vonholdt, Slemo Park.

Trinity Crossman, Summer Street Elementary.

Dianne Waite, Kensington.

Police Seek Que. Vandals

QUEBEC (CP)—Police are searching for vandals who damaged three commemorative plaques during the weekend.

Two of the plaques were detached from their stone bases and taken away. One commemorated the 1939 royal visit of King George VI and the Queen Mother, and the other marked the spot where General Wolfe's troops disembarked in 1759.

The vandals painted a white X on the bases of the plaques, but left no other traces.

The third monument was damaged but not removed. It stands where General Montcalm was fatally wounded before Wolfe's troops took Quebec.

The plaques belong to the National Battle Fields Commission.

Ward Case Not Dead

LONDON (AP)—High society is buzzing with rumors of imminent revelations of new scandal and security scandals that still might topple the Conservative government of Prime Minister Macmillan.

Apparently, no one believes the case of Dr. Stephen Ward Saturday after his conviction on five charges means the case is dead.

He said he had no ambitions to become leader of the party although a "good man" party members have asked him to allow his name stand for nomination.

Reports that I am not an friendly terms with my colleagues in the Commons are exaggerated," said Mr. Harkness, "although there is a small fraction which is hostile toward me."

GEN. LEON Cantave, chief of staff of the Haitian army in 1957, is reported to be in command of a force of Haitian troops which landed near Port Liberté in Haiti Monday.

For a generation was the backbone of the national army, and Haiti, one of the poorest of the Latin-American countries, share the island of Hispaniola, with seldom a trace of good neighborliness between them.

Former French Premier Sick

METZ, France (Reuters)—Robert Schuman, 77-year-old former French premier is critically ill at his home at Charleville near here, members of his household said Monday.

A priest administered extreme unction early Monday.

Schuman, a pioneer of European unity projects and especially of the European coal and steel pool, died for a long time as the Schuman Plan, was premier from November, 1947, to July, 1948, and for four days in September, 1948.

ILLINOIS COUPLE FEET

Confederation Carries 100,000th Automobile

CAPE TORMENTINE, (Special)—The 100,000th automobile to be carried by the Confederation steamer she entered the Cape Tormentine, N.B. to Bordeaux, P.E.I. ferry service in May 1962 has rolled aboard here.

On hand to greet this historic car was Captain E. E. Streater, Illinois, who were on a tour of the ship, and the captain's guests were taken on a tour of the ship, and the captain entertained them at lunch.

For Mr. and Mrs. Case it was a big trip. This was their first voyage on a ship, and they had been looking forward to it as part of their trip to the Maritime.

Biculturalism Views Consented By NDPs

BY KEN KELLY
REGINA (CP)—The New Democratic Party's federal policies and constitution on biculturalism and federalism in preparation for the party's founding convention starting today.

Resolution for the party's governing body of the party, during conventions, spent the better part of two days in a lengthy debate on biculturalism arising out of a rift in the Quebec wing of the party earlier this year.

When attempts were made to inaugurate a formal Quebec resolution worked Monday on shaping a new statement on biculturalism and federalism in preparation for the party's founding convention starting today.
