COULD HOLD FORMOSA

DETROIT, May 22 (AP) — Ambassador V. K. Wellington Koo said today Nationalist China could maintain Formosa as a bastion against Communism with \$10,000,000 a month in United States military and economic aid. Unless the close co-operation of the Nationalist Government is enlisted, he said, the task of saving Asia from the Communists "will be costly, difficult and uncertain of results."

Barbara Brent's BUYS AND WHYS

MONTREAL, May 25th — If you're a busy housewife — and these spring days seem to be times of great activity around the house — you're sure to appreciate the time-saving qualities of Jell-O. Tempting, tangy desserts can be whipped up in a matter of minutes with JELL-O JELLY POWDERS — and salads that can be quickly and easily prepared, too. The seven exciting "looked-in" flavors make Jell-O one of the most versatile products on the market. Yet you can enjoy Jell-O for less than 2c a serving.

The Season's Hero for tub-wash dresses and here's a hint to save you time, trouble and money! Soap and water alone will remove grease spots, tar or fresh paint from your summer washables. But ENERGINE CLEANING FLUID removes these spots quickly and completely without leaving telltale rings or clinging odor. Enengine is absolutely safe — contains no acids nor caustics, will not harm the most delicate fabrics nor affect colour of fast-dyed material — cotton, rayon, silk, chiffon. And use it to remove unsightly stains on your slip covers made by greasy hands or oily hair dressings. "Nuff said?" And only 25c at drug and department stores.

Here's A Portrait Of A Happy Husband... munching apple pie to his tummy's content — and I'll wager it's the "best apple pie he's ever tasted" if it's made of SCOTIAN GOLD Canned Apples! Yes, you buy top of the crop apples in the tin labelled "Scotian Gold" — quartered apples already carefully cored and cut in small pieces — no peeling — no wax — these wonderful apples are ready for the pie when you open the tin! And you've never tasted anything quite like these specially picked, carefully inspected, expertly cooked apples! Your husband won't be "fooling" when he savors the flavour and rich, juicy taste appeal!

Best Way I Know to mothproof your winter woollens while you wear your summer silks is to do just what the big woolen mills do... Mothproof with LARVEX! Mothproof your store winter clothes out of moth. One "Larvex" spraying actually mothproofs the cloth itself for a whole year! Larvex is so sure... moths will starve to death rather than eat anything treated with it. It's so quick... just spray the garment, with Larvex and hang it in its usual place — ready for immediate wear — for there's no "moth-hall" odour at all! Larvex is inexpensive, too. Costs no more to "Larvex" a suit than to have it dry-cleaned!

Any June Bride will be starry-eyed over this wonderful gift... A RADIANT KETTLE! Have you seen it? It's very good-looking! Made of heavy copper with a highly polished chromium plating of finest quality. And it boils in less than three minutes it boils enough water for four cups of tea — anyplace there's a wall-plug handy! This "kettle with legs" won't mark your furniture for the heating unit is well-insulated and the feet protect the surface of your furniture. It's safe — it shuts off at once if it's plugged in without water — and it shuts off automatically by thermostatic control — so it never boils dry. And it's economical for it saves power because it heats faster.

LEMON PIE Measure into double boiler, 1 1/2 cups sugar, 4 tsp. Durham Corn Starch, and 1/4 tsp. salt; combine well. Gradually stir in 1 1/2 cups boiling water. Cook over low direct heat, stirring constantly, until smoothly thickened; cover and keep yolks; return to double boiler and cook 5 minutes longer.
