# S.U. Meeting Cont.

one Campus Police was on duty Saturday night at the Pig and Whistle, due to the fact that all the rest of the Campus Police were incapacitated.

The Student Union is also discussing giving honorary titles to all athletes who have given their time and sweat for four years in the support of U.P.E.I. athletics. (whether they are outstanding athletes or not) I could-

n't agree more. Its about time that all the members of each team get recognized because without their support our heros just wouldn't be. I also feel that every club should be given honorary titles and not just the sports.

As it now stands a lot of things go on behind the scenes. The Student Union does not like the idea of a dictatorship but is forced to become

one do to lack of ideas from the Student population. If you don't like dictatorships, get off your lazy posteriors and get those ideas and suggestions in - instead of shutting off your mouth out of ear range of the Student Union Office. They tell us they don't bite and would sure like to end the five man rule.

Colleen Warren
