To the Editor of the Daily Examiner: On looking over the DAILY EXAMINER of a late date, I see that the assessing and levying of taxes does not meet the wishes of many of the people of the Island.

I think our system is much better. Thus, in each year, we elect three Supervisors, one of which is Chairman [so named in the ticket] one Assessor, one Treasurer, Clerk, Justices and Constables, for one year, for each town of six miles square [County divided into towns].

Very respectfully, D. C. Clyman, Dodge County, Wisconsin, November 15, 1877.

A CITY DISPENSARY FOR CH' TOWN

To the Editor of the Examiner.

DEAR SIR.—A good deal has been said and written during the last two or three years relative to a City Hospital and Dispensary, and almost nothing has been done.

Now although both are undoubtedly necessary in a city the size of Charlottetown, yet I think if we were not too ambitious we should succeed better. A Provincial and City Hospital ought to be provided at the expense of the General Government, as it would be of service to the whole Island, so that we have not the same direct interest in it that we have in a City Dispensary which would benefit only the poor of the town.

Let us but make a beginning; and in time the enterprise will grow until it will provide for all the sick poor in our midst. It will require but a small sum of money to initiate the matter. Two rooms could be rented and a supply of medicines obtained for a mere trifle.

And during the coming winter would be of inestimable comfort and benefit to many a poor sufferer who would otherwise be unable to procure any help in time of trouble and sickness.

I am sure many of the medical men of the city would be willing to give their services to such a project gratuitously. An hour, or even less, for each, once or twice a week, would be all that would be required at the Dispensary, and any visits could be made in their regular daily routine.

Any of the young men now studying to fit themselves for the profession would gladly do the dispensing for the sake of the experience afforded.

Through this channel too, the charity of the different churches might be distributed to much greater advantage than it now is. In Halifax they have tickets representing so much bread or coal, and these are given when needed and can be used for no other purpose than that indicated by a mark on them.

In that city, too, as in many others, one Sunday in every year is set apart as "Hospital Sunday," when collections are taken in all the different churches for this purpose.

Indeed, what is obtained on that one day in Halifax (in 1875 the collections amounted to \$2700) would be sufficient to support such a dispensary as would suit our wants, for two or three years.

It is said Mr. Editor, that the gods help those who help themselves; and I am sure that if the enterprise were once taken in hand by our citizens, the gods in the City Council will not refuse help.

I leave the matter in your hands, with the hope that you will not let it rest until this much-needed charity has been successfully inaugurated.

I am, yours truly, E. S. BLANCHARD. Ch'town, Nov. 21st, '77.

A PLOT to assassinate the Emperor of Germany has been discovered.

The steamer Acadian arrived from Boston yesterday evening at 5 o'clock, with freight and passengers.

It is said that A. McGillivray, Barrister, will be a candidate for the representation of Antigonish in the Nova Scotia Assembly.

The Grit papers still continue to ask, with what they think is humor, why the Opposition do not blame the Government for the earthquake? The reason is plain—the Opposition do not think that the Government is any "great shakes."

It is impossible to forecast the result of the election. Both sides are confident of victory. It would be unwise in the Opposition to declare that they will succeed; for the chances of the election are greatly against them so far as "influences" are concerned.

The "M. A. Starr" arrived from Halifax last night at 9 o'clock. She reports that, on Wednesday night last, when leaving Port Hawkesbury, she collided with a schooner and had her bow completely carried away.

A CARD TO THE PUBLIC

WHILE taking this opportunity of thanking our numerous customers for the liberal manner in which they have patronized

OUR NEW STUDIO,

we would inform them that we have now increased facilities for the production of first-class work, and are prepared to make PHOTOGRAPHS of a Style and Quality that has never been before attempted in this City.

We have on exhibition, at our Rooms, a large number of Photographs of every variety, including the

BEAUTIFUL PHOTO-ENAMEL

the most beautiful style of Photograph known, possessing a softness and delicacy of coloring that has never been equalled. This elegant picture has become deservedly popular elsewhere, and cannot fail to become so here.

Though the finish of our Photographs cannot be excelled, we would direct attention to the beautiful

Glace Pictures

which we make. They possess a highly enamelled surface, and are practically indestructible, and will retain their freshness and beauty for any length of time. If they become soiled they can easily be cleaned, as they will not lose any of their beauty by being wet. This valuable quality, combined with their remarkable elegance, make them very suitable for presents; while the difficulty of their production will prevent them ever becoming so common as to lessen their value.

Our patrons can have one or all of their Photos finished in this style—an advantage which cannot be obtained elsewhere.

We give special attention to making Groups of Families, Societies, Schools, &c. Our pictures of children are sufficient evidence of our success in this difficult branch of our art.

Our ENLARGEMENTS, finished in India Ink, Pastel, Crayon, Oil and Water Colors, have made a favorable reputation for themselves throughout the Lower Provinces.

Parties intending to have Photographs made will find it to their advantage to sit early, as the number of our customers makes some delay in the delivery of the Photos unavoidable. We prefer to have our sitters come by appointment.

Photographs can be obtained for less money elsewhere; but in this case we ask that quality be given the preference; assuring the public that they will find our charges very moderate.
