Central Co-op Directors Honor Retiring Men

Mr. and Mrs. Walter MacMillan and Mr. and Mrs. Wallace Andrew were guests of honor at the annual banquet Saturday at the headquarters of the Central Farmers' Co-operative Association, at the Queen Hotel.

William Ball, manager of the Co-op Supermarket, presented them with gifts on behalf of the association. Mr. MacMillan and Mr. Andrew were also presented with certificates of appreciation from the board at the previous annual meeting.

They have both served as board members for two terms. Mr. Andrew expressed his thanks to the board and management of the cooperative for their efforts.

Mr. MacMillan and Mr. Andrew stated that they would continue to support the work of the association.

Other special guests were Mr. and Mrs. Edgar Wright, Mr. Wright, manager of the Charlottetown branch of the Royal Bank Canada, addressed the members.

MEMBERSHIP 1,700

Brief remarks were made by Lorne Calbeck and Guy Radd, who said this was the 15th year they attended the annual dinner.

It was pointed out that the present membership of over 1,700 was a tribute to the work of the board and management of the organization.

The president of the association, Malcolm Mackenzie, who was also present, introduced B. B. Jones and Wallace Coles, who replace the two retiring board members.

The dinner was preceded by a reception.

Following the dinner, a short meeting of the board and executive committee was held. A number of expansion plans, now in their final stages, were discussed.

City Parks Report Attendance Increase

A total of \$5,834 children took advantage of city playgrounds during the past season, according to James Fox, recreation director, in his annual report.

This is an increase of 11,272 over 1961, the last year for which records are available.

Mr. Fox emphasized the importance of establishing playgrounds in the east end of the city.

The greatest number of children attended the Victoria Park playground where attendance for the summer was 15,276. The other areas and their figures were: Kinnear Park 11,227; Hillsboro Square 10,194; Connaught Square 8,885; Spruce Park 6,628.

There was also some equipment installed at the North River playground and another near Longworth Avenue.

SEASON HIGHLIGHTS

Highlights of the season included Field Day when over 500 children took part in the event; Firemen's Day with its special parade; the Gold Cup and Soccer Parade; and the annual track and field meet at Memorial Field.

A total of 328 boys registered for minor baseball. A "no out" system went into effect for youngsters six years and older who could not make Little League teams.

Mr. Fox's report indicated the only disappointment of the program involved City League Baseball.

The report also noted a serious handicap in the recreation department not having a track of its own at its disposal; the provision for the future of the scheduled top-salling and seeding of the two new play areas.

TEACHER TRAINING SCHOLARSHIPS AWARDED

Five teacher training scholarships, valued at \$200 each, were being awarded Island students attending the current teacher training class at Prince of Wales College in Charlottetown. Scholarship winners, left to right, are Frances Hagen, North Wiltshire; Judy Thomas, North

Churchman Makes Plea For Unity

NIAGARA FALLS, Ont. (CP) The Christian church must either make a serious attempt at reconciling the division of its members or face disintegration, the Anglican bishop of Huron said here.

"I'm convinced... if we both really got down to business, the Anglican and United churches could be united organically in 10 years," Rt. Rev. George N. Luxton said in an interview.

"What seems impossible now might very well become possible in a few months. Organic union is of the utmost importance."

Rev. Ernest E. Long, United Church general secretary said he would give church union talks "top priority."

"The worldwide, particularly in Africa and Asia, is a powder keg," he said.

"Unless the Church gets together, God may very well choose to find some other way."

Mr. MacQuarrie had been in Vermont recently where he gave a public lecture at the University of Vermont in Burlington.

The subject of Mr. MacQuarrie's address was Canadian-American relations.

A dinner was given at the University in Mr. MacQuarrie's honor which was attended by several former Islanders including George H. Nicholson, formerly of Capraud and now professor of emeritus mathematics at Vermont, and dean of graduate studies Dr. William MacMillan, who is related to the MacMillan family in Wood Islands and other Island communities.

U.S., BELGIUM MOVE

Deal For Hostages Urged On UN Group

UNITED NATIONS (AP)—Belgium and the United States urged the United Nations members "call urgently for the immediate release" of almost 1,000 foreign civilians held hostage by Congolese rebels in the Stanleyville area.

The two nations took the action in letters to the Security Council made public through the U.S. delegation and circulated as council documents to all members.

The letters were submitted Saturday night to the council president, Adlai E. Stevenson of the United States.

Belgian Ambassador Walter Lorde's letter reserved the right to call an urgent meeting of the Security Council.

During reception, the drum revolves and a light and optical system exposes the paper in much the same way that it is done in conventional wirephoto records. When the transmission ends, the paper is removed from the drum automatically and fed into a photographic processor.

The paper has the developing chemicals "built in" its surface. As it passes through the processor, it enters a chemical solution called an "inhibitor" which stops the developing process.

The developed print then passes through rollers which remove the moisture. The print is ejected, almost completely dry, into a receptacle on the front of the machine. The entire chemical processing operation requires less than 30 seconds. Prints are ready for immediate use without further processing.

Gallagher said that installation of the new machines in newspaper plants will begin early next year.

Quebec Seen Holding All Aces In Issue

QUEBEC (CP)—Paul Gerin-Lajoinie, Quebec's minister of the United States Department of the Survival of French Canada's culture and the realization of its just aspirations, said that the province of Quebec is in a position to hold all the aces in the issue of the province's future.

Addressing the closing luncheon of the congress on Canadian affairs at Laval University he said Canada would soon be annexed by the U.S. if Quebec were deprived of means needed to make Canada truly a country with two cultures.

"In the North American equivalent, Quebec has all the ace to them—pre-eminently non-conformist," Mr. Gerin-Lajoinie said.

"It will, I think, be the greatest triumph of the 20th century to the annexation of Canada by the U.S."

He said this will only be so if English Canada agrees to see Quebec as it really is.

At the pre-meeting conference, organized by the Laval Students' Association, Gerin-Lajoinie stressed independence and Canadian sovereignty.

While U.S. influence is felt more and more in Canada's economic, military, cultural and even political life, Gerin-Lajoinie said history shows these sectors do not always prevail against linguistic, cultural and social barriers.

He said Canada's cultural dualism is the most dynamic element Canada has to fight off annexation and that this can only be attained if Quebec has a profoundly different nature than other provinces in the political, constitutional and practical frameworks.

"POP" SHOES OUT

DAR ES SALAM, Tanzania (AP)—Fawn shops are being abolished in East African capital of Tanzania.

The cost reduction committee ruled they were a bad influence on the people.

The committee said that things on credit and fell into pawnshops' hands when they failed to pay instalments.

DESIGN BOOK AVAILABLE

The latest issue of the home design book, "Suburban and Country Homes" is available to prospective builders in this office. The homes range from two to four bedroom styles and from traditional to split level. All are specifically planned for Canadians and Canadian weather conditions.

Home And School President Speaks At Tracadie Cross

M.F. Hagan, president of the P.E.I. Home and School Association, was guest speaker at the recent monthly meeting of Tracadie Cross Home and School.

Mr. Hagan spoke on the purpose of guidance counselors and what they are trying to accomplish.

The guest speaker was introduced by Sister Mary Rosari and thanked by Mrs. James Keay.

Members appointed six delegates to attend the semi-annual Home and School meeting in Summerside. They are: Mrs. Leo Mullen, Mrs. Thomas Douglas, Donnie Reeves, Mrs. Basil McDonald, Mrs. Frank McNally, and Mrs. J.P.E. O'Shanley.

Sister Raymond Francis thanked participants for attending the parent-teacher conferences.

Queens MP Returns After Vermont Talk

Heath MacQuarrie MP returned to Ottawa on Saturday morning from a two-day visit to the city for a few hours before going to Summerside where he was to address a dinner meeting.

Mr. MacQuarrie had been in Vermont recently where he gave a public lecture at the University of Vermont in Burlington.

The subject of Mr. MacQuarrie's address was Canadian-American relations.

A dinner was given at the University in Mr. MacQuarrie's honor which was attended by several former Islanders including George H. Nicholson, formerly of Capraud and now professor of emeritus mathematics at Vermont, and dean of graduate studies Dr. William MacMillan, who is related to the MacMillan family in Wood Islands and other Island communities.

CWL CARD PARTY

The results of the CWL card party at Corran Barn are as follows: Ladies' tea, Stella MacDougall; low, Hazel Gallant; gent's first, John B. MacKinnon; low, Frankie Watts; freeze-out, Stella MacDougall; Frank Baine Jr., tournament prizes, Mrs. Anne MacDougall and Ernest Martin; door prize, Blanche MacDonald.

FASCINATING STAMPS

One of the most fascinating sets of stamps to appear in many years is the most recent issue by the island of Tonga. Part of the issue is in the shape of the island, which remarkably resembles Prince Edward Island. The other section is in a heart-shaped form. The brightly colored stamps, which look like seals rather than a postal issue, were on a recent letter to Edward C. Black of Charlottetown.

CARD PARTY WINNERS

A series of card parties held weekly at Mount Royal Hall and sponsored by the Catholic Women's League: Ladies — Florence Walker, Zena Driscoll, Aline Corcoran, Mrs. Vincent Trainor, Mrs. Joe Monaghan and Mrs. Joe Holland; men — Fred McKenna, Earl Koushan, R. E. James Smith, Vincent Trainor, Walter Walker and Gerard Smith; special prizes, Gene Curley, Levi McNally and Charles Walker.

MCDONALD FUNERAL

The funeral of Mrs. James McDonald, Middleton, was held Saturday, Nov. 21, 1964, from 10:30 a.m. to 12:00 p.m. at St. Michael's Church, Charlottetown, where Solemn Requiem High Mass was celebrated by her son Rev. J.W. McCauley. Deacon Rev. H.J. Croken, Sub-Deacon Rev. J.W. McCauley, and

New Wirephoto Recorder Revealed By News Service

PHOENIX, Ariz. (AP) — The Associated Press has announced the development of a revolutionary new wirephoto recorder, called AutoPhoto.

The new recorder is completely automatic, and delivers a dry, glossy photographic print within 20 seconds after the picture is transmitted over the network.

Wes Gallagher, AP general manager, made the announcement to the annual meeting of the Associated Press management editors in Phoenix.

Gallagher said the AutoPhoto is the greatest single improvement in wirephoto reception since AP inaugurated the first wirephoto network more than 29 years ago.

The machine was developed by Baird and Co. Ltd., of England, in consultation with engineers of the AP electronics laboratory. Gallagher said AP engineers have been working five years on the concept.

AutoPhoto delivers a high-quality photographic positive print, measuring approximately 8 by 11 inches including a caption area. In operation, a 300-foot roll of a special photographic paper is contained in a light-tight cartridge. The machine automatically feeds out the correct length of paper, slices it off the roll, wraps it around a drum, and prepares for reception of a picture.

Three Cars Collide At City Intersection

A three-car accident at the corner of Grafton and Hillsboro Street, north Saturday, resulted in damage to all three cars but no injuries to those involved.

The cars were a 1962 model, driven by Don MacLean of Appleton Shore, which was proceeding east on Grafton Street; a 1963 car driven by Barbara MacPhee of 224 Sydney Street which was stopped facing north on Hillsboro Street and a 1964 car driven by W. E. Scantlebury of 99 Kent Street, who was proceeding south on Hillsboro street.

The accident took place at 12:30 Saturday and was investigated by the Charlottetown city police. No estimate of damage was available last night on the three cars.

The Kingfisher bird may eat twice its own weight in fish each day.
