CLOSING OF SUMMERSIDE HIGH SCHOOL

Raymond Robinson Is Winner of Governor General's Gold Medal.

The closing exercises of the Summerside High School were held on Tuesday morning in the High School Auditorium. Dr. E. T. Norton, chairman of the School Board, presided and in a short address congratulated the pupils on having succeeded so well in their work, especially under the handicaps experienced while the school was being rebuilt. He felt sure that the children appreciated the splendid new building that had arisen from the ashes of the old school.

On the platform were Miss Mary Hunt, Regent of the Agebewell Chapter of the I. O. D. E., Mrs. Joseph Callaghan, President of the Catholic Women's League, Miss Jean Townsend, Mgr. G. J. MacLellan, V. G. Mayor Robinson, John S. Smallman and C. B. Jelly.

The program opened with O Canada by the children, followed by the distribution of certificates by J. P. Arnett.

Mayor Robinson presented the Governor General's medal to Raymond Farrell, and other special prizes. Miss Constance Denny won the Ada MacLeod Memorial prize for the best composition in Grade X, presented by Miss Hunt for the I. O. D. E.

Benjamin Arsenault received the C. W. L. prize for the second in general proficiency in Grade X, presented by Mrs. Callaghan on behalf of the League.

Mrs. G. J. MacLellan, V. G., presented the graduating class with their diplomas and certificates. In doing so he congratulated the pupils on having this splendid building in which to study and also congratulated them on having the Academy with grades eleven and twelve. He wondered if parents appreciated fully the fact that their children could receive an education equal to first year in Arts in the Universities and that from this grade they could enter second year in any University in the Maritime Provinces. He considered it a wonderful achievement.

Mayor Robinson, J. P. Arnett and the principal, C. B. Jelly also congratulated the teachers and pupils on their year's work.

A chorus "The Cadets on Parade" and the Flag Salute followed by "The King" concluded the program. The prize list and a number of special prizes will appear later.—S

TO RECEIVE CERTIFICATES

HALIFAX, June 28.—(CP)—Ten Halifax amateur radio operators will be presented Public Service Certificates at the Maritime Convention of Amateur Radomem in Moncton July 4, 5, and 6 in recognition of the assistance they gave the Canadian Press in transmitting news from Moose River, N.S., when three men were trapped in a gold mine for 10 days. The certificates will be presented by an official of the American Amateur Relay League.

JOHN B. ROPER

(Continued from Page 1)

He also reported on the supply of fox meats from outside sources. He was in touch with firms in Australia with regard to shipments of rabbits, which were very favourable. Firms from the Argentine had also been approached and he had been informed that some firms were anxious to do business with Island ranchers. Mr. Shaw said he was also looking into the possibilities of getting the otter from small abattoirs.

There was some discussion among the members as to the possibilities of obtaining whale meat from Newfoundland. Captain Read said it had been used by Island ranchers in times past and was considered very good.

Mayor Robinson said that the Norwegian Fox Breeders' Association and the Norwegian government were financing the fox rancher to buy whale meat in large quantities from Newfoundland, and he thought that the Canadian Association should do the same for its members. Mr. G. W. Callbeck said that would have to be placed before the members. It would be necessary to charter a steamer and the question of storage would come in. Mayor Robinson thought that the cold storage facilities at Halifax could be used and sufficient meat bought for the whole of the Maritimes, with Halifax as a distributing centre.

Mr. Callbeck said that in Norway ranchers feed considerable whale meat, especially to growing pups.

Mr. Gavriel Harding, C. C. Baker and others entered into the discussion.

Considerable argument went on among the members as to whether the Island fox show should be held early or later in the year. Mr. Harding moved an amendment that the show be held as usual in the first week in November.

Captain Read moved that the show be held on November 24th. After much argument pro and con Captain Read's motion, seconded by George W. Callbeck, was carried with a large majority.

A discussion took place to have several prizes for first class foxes awarded. It was decided to keep the entry fee at the same figure.

Mr. F. J. Kennedy asked whether it would not be possible to have some one in charge of the show, to see that the foxes were properly cared for and that the show was properly run.

Mr. P. G. Clark, President of the Prince Edward Island Fur Pool, called on for his opinion, said that he thought one man could not cover the ground, in each individual fox had peculiarities of its own and it would be difficult to cover in a general way. Demonstrations on pelting would help educate the ranchers. It was a big question and well worth considering, as much money was lost by improper pelting, and the matter came up for discussion.

George W. Callbeck, manager of the Fur Marketing Department of the C. N. E. F. Association, said in his experience large shipments were spoiled and often were returned because of poor pelting. He found many skins pelted early and kept too moist, lost their fur after they had arrived at the London sales. Mr. Callbeck thought that the standard of pelting should be raised to a certain level. Skins should be made attractive to the buyer. That was a strong point.

Mr. Callbeck was then asked to address the meeting with regard to his trip to Norway. Mr. Callbeck said he did not think that the Norwegian rancher had anything on Island ranchers, as far as production was considered, but that the quality of the Norwegian fox was much better. They were clearer and of a bluish nature. Canadian furs had a brown colour this year. He was not prepared to say why. But he thought too early pelting had a tendency to make the fur go flat and dead looking. A late take off was better for Canadian furs. Norway had the German market to some extent, but many came to the London sales in a gold mine for 10 days. He thought that Canadian ranchers had got to change their ways and be up and doing and not wait for governments

to assist them if they were to hold the envied reputation which was theirs at the British Industries Fair last year of having the finest silver foxes in the world.

We must leave no stone unturned to improve the colour of our furs. There was always good money in furs of good colour. Europe at the present time was favouring silver. The trade preferred our furs as they were easily matched. Hair silvers were also in demand for neck pieces. Furs must be full furred, with prime leathery to fetch the high prices.

In closing, Mr. Callbeck urged that more attention be paid to quality than quantity.

The directors elected for this year were: Queens, L. Col. D. A. MacKinnon, Charlottetown; Major A. S. Robertson, Mermald; Dr. Wylie Aldwin, Charlottetown; Kings, Edwin Reid, W. H. Devereaux, Summerside; Prince, C. B. Rogers and Brenton Clark, Linkletter Road.

DIRECTORS' REPORT

The following report was submitted to the retiring president, Mr. C. R. Rogers:

Your Directors beg to submit herewith a report of the activities of the Association during the past year.

The necessity being apparent for a Provincial Association properly affiliated with the Canadian National Silver Fox Breeders' Association, steps were taken in this connection, and we are pleased to report that our organization has been accepted as the affiliated Association, in order to conform to the requirements of the latter.

Our Fox Show at Charlottetown was again a marked success. The number of foxes exhibited was fully up to previous years and the quality of the foxes was such as to give good evidence of the benefit that our show is giving to Island ranchers.

Our Fox Show at Charlottetown was again a marked success. The number of foxes exhibited was fully up to previous years and the quality of the foxes was such as to give good evidence of the benefit that our show is giving to Island ranchers.

Last Summer we had our first Foxmen's Picnic at the beautiful shore of R. Baker. A very large number of fox breeders from all over the Island attended and an educational program was carried out during the picnic.

Motor Traffic:—We deprecate the fatal and other accidents that are occurring on our public highways. Whilst we recognize the high responsibility resting on those driving motor cars, still we submit that others using the highways likewise have responsibility. In this connection we recommend the following: That the law providing that horses drawn vehicles shall carry lights after dark be strictly enforced. We suggest that pedestrians walk on the left side of the road and carry a light after dark; that the law compelling motor cars to dim lights when passing another car be rigidly enforced; that all schools should have sufficient playgrounds and all school premises should be fenced; that the Provincial Government co-operate with the Federal Government to provide adequate protection at the railway crossing in the east end of Grafton Street and likewise on all railroad crossings throughout the Province. We suggest that the court house be renovated and decorated at as early a date as possible.

All of which is respectfully submitted.

Wm. Moran, foreman, for self and others.

Other members of the Grand Jury were: Messrs. A. A. Hennessey, City; R. H. McNeill, City; Donald Fraser, City; Victor Coyle, City; Harry Tidmarsh, City; Hector Murchison, North River; Michael McManus, New Haven; Leske Jones, Pwllan; Wm. Drake, Pownall; Alexander McKenzie, Long Creek and Malcolm McKenzie, Canoe Cove.

Docket

The following is the docket:—The King vs. Russell Abbott, manslaughter; The King vs. William E. Phillips, manslaughter; The King vs. Alfred Clinton, Cyrene Kelly and Fred Phillips, robbery, and three appeal cases. The King vs. Stanley Johnston, an appeal from a conviction for operating a slot vending machine. The case was held over from the January sittings. The King vs. Josie Power, an appeal from conviction under the Customs Act. The King vs. Major MacKinnon, an appeal from a conviction for operating a motor vehicle while under the influence of liquor. One civil case is on the docket, that of Birt vs. the Canadian National Railways, a claim for damages.

The appeal case of the King vs. Josie Power was set down for today.

Address to Grand Jury

"You are beginning a day of considerable labor and responsibility," Chief Justice J. A. Mathieson told members of the Grand Jury in his charge. They were charged with the duty of examining certain public institutions. The jail was an institution which had long been in existence. The and our forefathers have from time to time endeavoured to bring it into greater public service and the record is not one of great success." His Lordship said, "You are going to examine the prisoners and the condition of their surroundings and as men with varied experience and some knowledge of the problems I am going to ask you that you take up the problem anew and see if there is not some advice that would aid the government in bringing about an improvement," he continued. The jury were told they should have in mind something that would bring about an improvement in the morals of the prisoners. Force has been used and in some cases it is necessary even in the extreme sense, but something more is required.

The number of prisoners in the Queen's County Jail at present is 26, the Chief Justice announced. They are held for the following offences. Operating a motor vehicle while intoxicated, 2; theft, 5; robbery with violence, 3; child desertion, 1; vagrancy, 1; drunk, 6; breach of the Prohibition Act, 5; forgery, 1; having a still on the premises, 2. In June, 1933, there were 13 prisoners in the jail, 27

in 1934 and 23 in 1935. It was the jury's duty also to make a careful examination and report of the condition of the hospital for the insane. From the earliest memory of all in the province the asylum for the care of the greatest public responsibilities. "We are fortunate in being able to say that for many years men and women of ability, integrity and great zeal have devoted themselves to the welfare of the inmates of that institution. That is not to lessen the keenness of your examination, however. Assume nothing today; you are the eyes of Queen's County and indeed the whole province," the jury were told.

For the purpose of comparison, the Chief Justice quoted the following figures to the members of the grand jury. In Falconwood Hospital in 1931 there were 250 patients; 262 in 1932; 257 in 1933; 255 in 1934; 256 in 1935, and 258 in 1936. Inmates in the Provincial Infirmary in 1931 numbered 106; 101 in 1932; 82 in 1933; 106 in 1934; 124 in 1935, and 133 in 1936.

Other duties to be performed by the Grand Jury would be the appointment of constables and fence viewers.

The Chief Justice in his charge to the jury in connection with the bills of indictment reviewed briefly the circumstances of each case as indicated in the preliminary hearing and told the jury what constituted manslaughter.

Other Cases

In the case of the King, respondent, vs. Stanley Johnston, appellant, an appeal from a conviction by Stipendiary Magistrate Martin in the City Police Court for operating a slot vending machine, Mr. C. St. Clair, Trainor who appeared for the appellant, told the court that the case had been set over from the January sittings. Since that time legislation had been passed which made the carrying out of the appeal useless. Following a motion by Mr. Trainor the Chief Justice dismissed the appeal.

The Attorney-General moved that an order be made for the appointment of the following as commissioners for taking affidavits in the Supreme Court: Alexander S. Palmer, O'Leary, Prince County; Robert MacDonald, Craupaud, Prince and Queen's Counties; Alexander T. MacDonald, Souris, King's County; John C. MacDonald, Georgetown, King's County; Samuel F. Doyle, Charlottetown, Queen's County.

Mr. J. I. Johnston, K.C., moved that the court advise when a motion asking for permission to appeal to the Supreme Court of Canada from the decision handed down in the case Dicks vs. Keays and others will be heard. Chief Justice Mathieson told him that "the court cannot advise you when the motion will be heard."

The Grand Jury completed its work at a short session on Tuesday night and were discharged from further attendance. "You have done an amazing day's work and have done it well," the Chief Justice told them. "We hope and expect that the work you have done will last long after the jury is dissolved," he concluded.

erful members of the League of their collective decision can alone be interpreted as a surrender by them of authority of the League—not because of impotence to safeguard that authority but as a fatal denial of their ability to bear the sacrifice necessary for fulfillment of their obligations."

Eight Italian newspapermen, arrested for "creating a scandal" by heckling and cursing Emperor Haile Selassie when he addressed the assembly yesterday were released from jail and immediately expelled from Switzerland.

(Italy, standing behind the newspapermen, ordered its minister to Switzerland to protest the arrests. The action of the eight was hailed in Italy as a gesture of patriotism.)

Yesterday's Developments

A day filled with oratory—to be continued tomorrow—saw these developments:

1. Foreign Secretary Eden of Great Britain advised the assembly

WILL ALSO CONSTRUCT SEA-WALL

Sum Voted To Town Fire Department In Recognition of Valuable Services.

Important resolutions were passed at the adjourned meeting of the Summerside Town Council, held on Tuesday night, Mayor Robinson presiding with all the Councillors present.

A standing vote was taken on the streets that will be paved this year, all Councillors voting for the motion. Streets to be paved after the completion of Eustace Street are: Belmont to Church Street; Pleasant Street from Spring to Summer Streets; Convent from Central to Spring Street; Winter Street from Summer to Central Street; Water Street from West Railway Crossing to the intersection of Water and Second Street; Fitzroy from Eustace to Spring Street; North Market Street from Central to Railway crossing.

A motion was passed to the effect that the Town Council would construct the sea wall, east and west. The material to be contracted for. The work would be started at such time as the Council would consider to be most suitable to meet the unemployment situation. \$125.00 was voted to the Fire Department in grateful recognition of their services. It was suggested that a representative be sent to the annual firemen's convention, which is being held this year in Kentville, N. S.

Several minor communications were read and laid over.

The matter of appointing a time-keeper and other matters pertaining to the erection of the sea wall were left for the next meeting. Meeting adjourned. S.

not to recognize Italy's conquest, to drop sanctions, and called for the continuance of mutual assistance pacts in the Mediterranean.

2. Premier Leon Blum of France intimated he would oppose recognition of the new empire and expressed faith in the future.

3. Foreign Commissar Maxim Litvinoff of Soviet Russia, the most optimistic orator, urged reform of the League, asserting it "made a tremendous step forward when the overwhelming majority of its members came to the assistance—even if unsuccessfully—of their fellow member when he was attacked."

4. Foreign Ministers of Denmark, Finland, Norway, Sweden, the Netherlands, Spain and Switzerland adopted a resolution asserting "the worsening international situation and cases in which there has been resort to force in recent years" created doubt in these countries "whether the conditions in which they assumed obligations under the covenant still exist to a satisfactory degree."

5. Panama warned the assembly of "a strong current of opinion favoring the withdrawal of all Latin American states."
