# New Type Contract To Get First Showing

ALBERTON — "Miesgo's" copper craft will be introduced to the public for the first time at Alberton Exhibition today and Thursday. In a booth operation jointly by Mrs. Vernon England and Mrs. William O'Brien, two types of handicraft will be demonstrated and displayed. Mrs. England will have a booth which she will demonstrate the process of copper enamelling and samples of completed work will be on display. Mrs. O'Brien, whose handicraft studio workshop was opened in Alberton a few weeks ago, will have on display a selection of green stone and settings. On this occasion Evelyn will introduce a personalized service by which a customer may select the gem stones of her choice and have them mounted on any available type of setting. Items to include ear rings, pendants, pins and bracelets. These are new and interesting types of handicraft will, no doubt, attract much attention.

KENNINGTON — At a meeting held here last night, Don Wood was appointed chairman of a committee to nominate a general chairman and other officers to prepare a centennial year program for this area next year. With Mr. Wood on the committee are: Rev. L.M. Murray, James Evans, Mrs. R.W. Auld, Bill Stewart, Mrs. Roy Clark. In addition to a general chairman, the committee will name also a secretary-treasurer and a chairman to head various projects. Mayor Everett Champion presided last night. He outlined the purpose of the meeting and said Kennington should be the centre of an area covered by the Regional High School in planning a centennial program. All organizations would be expected to participate. In answer to a question, he said the town would be prepared to loan the committee up to \$500 to take care of expenses. The money would be repaid by the town and the program realized from the program. The meeting was held in the Regional High School.

THE newly established committee and Rural Planning Commission held a general meeting at the community fire hall last evening to set up committees responsible for organizing study in seven areas chosen by the general committee as those most likely to require financial aid under the various government grants available. The newly established committees include, beside the central body, those groups which will deal with: parks and recreation, education, health and welfare, tourism, industry, garbage and disposal, and sewer disposal. The sub-committees will meet with the head committee next Tuesday evening when brochures dealing with the development of areas in other parts of North America will be studied and discussed. It is hoped these brochures will give the committee members an insight into the types of programs available and the plans presented to the government for area development.

DR. Hubert McNeill, Minister of Health and Welfare, is the person responsible for the first meeting in connection with forming the area group, last night cited the main objectives of the organization. He said the groups were to attempt to take advantage of federal funds that are being made available to any area which can show they want help, and secondly, to stimulate and encourage industry in the Summerside area as much as possible.

Under ARDA, 14 projects have been presented for the development of P.E.I., said Dr. McNeill, "to my knowledge none of them have come from this area." He said the government every opportunity to set up industry and help our area. There are numerous projects in the Summerside area which

# FISH PLANT TAKES SHAPE

The \$300,000 Island Packers Ltd. fish processing plant, being constructed on Summerside's harbor, beside the Queen's wharf, is progressing favourably and is expected to be completed by the end of this month. The biggest crew on hand since construction began three months ago is now setting up forms for the building of the outer concrete. It is considered to be one of the finest in the Maritime.

# Rural Planning Commission Names Eight Sub-Committees

By NICK FILLMORE SUMMERSIDE. The committee and Rural Planning Commission held a general meeting at the community fire hall last evening to set up committees responsible for organizing study in seven areas chosen by the general committee as those most likely to require financial aid under the various government grants available. The newly established committees include, beside the central body, those groups which will deal with: parks and recreation, education, health and welfare, tourism, industry, garbage and disposal, and sewer disposal. The sub-committees will meet with the head committee next Tuesday evening when brochures dealing with the development of areas in other parts of North America will be studied and discussed. It is hoped these brochures will give the committee members an insight into the types of programs available and the plans presented to the government for area development.

# Howie Young Facing Jail

DETROIT (AP) — Howie Young, who spent more time than anyone else in National Hockey League penalty boxes last season, is in danger of spending considerably more time in a different kind of penalty box. Young, traded by Detroit Red Wings to Chicago Black Hawks last spring, pleaded guilty to a drunk and disorderly charge by Judge John P. Scallen. The judge, who could send him to jail for up to 90 days or fine him up to \$100, set sentencing for Sept. 10. The judge indicated that the delay was to give his probation department an opportunity to question Young and also assess damages to the Detroit restaurant where the charge was made. Some damages were broken and tables upset.

# Accused Pleads Not Guilty To Safe Possession Charge

SUMMERSIDE — Joseph Albert "Buster" Wedge, Summerside, pleaded "not guilty" in Prince County Magistrate's Court here yesterday, to a charge of having possession of a dangerous weapon. The 24-year-old Summerside resident was charged with possession of a .38 Smith & Wesson pistol. He was released on a \$500 bail to appear in court on Sept. 10.

# Light Docket In Town Court

SMITHS FALLS. A very small docket came before Justice R. Hinton in town court yesterday and only \$25 was levied in fines. One of the more rare cases to be heard in some time was that of a driver who was charged with having his vehicle lights on during the period of 30 minutes after sunset. The driver was fined \$10 and costs on each offence.

# Village Of St. Eleanors Says 'No Nuisance Taxes'

SUMMERSIDE — Earl Cannon, chairman of St. Eleanors Village Commission, said yesterday that "we can accommodate these 175 units without imposing any of these nuisance taxes." He was commenting on a town spokesman's statement that the erection of 175 units in the school area could only be an urban project rather than rural. "We have the same services in St. Eleanors sewerage, water, electricity, as Summerside" he said, "but still consider ourselves a rural area." Regarding deficiencies which the town spokesman said are usually found in rural areas, Cannon stated "four education facilities are as good as theirs (Summerside). There is plenty of water in St. Eleanors sewerage, water, electricity, as Summerside" he said, "but still consider ourselves a rural area."

# Water Shortage Blamed In Loss

SUMMERSIDE — In a report in Monday's Guardian, persons at the scene of the Lot 16 fire which destroyed the home owned by George Best on Saturday were quoted as saying the Misses' fire department "had a good chance to save it." This remark referred to the situation that existed before the firemen ran out of water and met other unusual difficulties. There was no intention to convey through the report that the department failed to do everything possible in the circumstances, and was in any way responsible for the loss.

# S'side Legion Awards Two Scholarships

SUMMERSIDE — \$500 each scholarships valued at \$500 each have been awarded to Summerside youths, Diane La Rose and Robert Gallant, the local branch Royal Canadian Legion announced yesterday. Awarded annually to children of veterans the scholarships can be used at any university, college or vocational training school. Miss La Rose, a grade 12 graduate of Summerside High School, is this fall attending St. Dunstan's College, N.B., last year. He is the son of Mr. and Mrs. Levi Gallant, Water Street West.

# Kinkora And Eldon Maintain Pace In Blood Donor Drive

Successful Red Cross Blood Donor Clinics were held yesterday at Kinkora and Eldon with a total of 227 donors. 115 donors were received at Kinkora and 112 were received at Eldon. The clinics were held at the home of Mrs. Alvin Adams. The Kinkora clinic was the chairman of the Kinkora clinic and it was assisted by Raymond Smith of Freetown. The Eldon clinic was held in the high school and the high school of the session was the contribution of every eligible member of the family of Mr. and Mrs. S. Clair Croken of Emerald. This group included the two daughters Loraine and Norma. Refreshments were served by members of the Kinkora Parish OWL. Miss Rita McEachy and Miss Betty McLeish assisted the nurses. The clinic at Eldon was sponsored by the Royal Canadian Legion and was assisted by the chairman of the Eldon clinic and it was assisted by Raymond Smith of Freetown. Miss Joan Pantou and Miss Donna Morrison registered the donors and refreshments were served by the Ladies Auxiliary of the Legion. Today the Red Cross mobile clinic will be in Kinkora for an afternoon and to Kinkora for an evening session.

# PRINCE OF WALES COLLEGE

CHARLOTTETOWN, P.E.I. PRINCE EDWARD ISLANDS JUNIOR COLLEGE OFFERING: 1. The final two years of high school. 2. Preparation of candidates for provincial teachers' licences. 3. A two-year course in Commerce. 4. A two-year course in the high school level in agriculture. 5. The first two years of university in all faculties, including Arts and Science and Agriculture and Home Economics, and business administration, with complete accredited standing for entrance into third year of the universities.

# TRAVEL POSTER DISPLAY CONCLUDES

After several successful weeks of display at the Charlottetown, the exhibit of travel posters was taken down last night and many of the posters were sold to interested visitors. Here Ellen Matheson examines one that caught her eye. Most of them sold for 25 cents.
