Blue Prince Expected Off Slip Shortly

Mr. F. W. Russell, representing the Blue Prince Steamship Lines, of St. John's, Nfld., who has been in the city for several days in connection with the stranding of the M/V Blue Prince and the loading of their substitute ship, the Blue Seal, advises that work on the Blue Peter is rapidly being completed on the Pictou slip. Expectation is that the cattle and other livestock now housed in Pictou Exhibition building, will be taken aboard on Saturday or Sunday, to complete the trip to Newfoundland, so unfortunately interrupted.

Four Briefs Filed On CNR Bus Proposals

Four briefs have been filed with the Legislative Transportation Committee for presentation when they open hearings on the application of the Canadian National Railway for permission to modernize transportation facilities by substituting bus and truck services for present mixed train services in the Province. The hearings on the application will open in Charlottetown Monday morning, June 9, in the Court House. It is expected that morning and afternoon sessions will be held that day with the possibility of another session on Tuesday afternoon. The final hearings here will be held Wednesday morning and afternoon if necessary. The closing date for the filing of briefs was Saturday, May 31.

Presenting briefs for consideration are the applicant company, Canadian National Railway; Charlottetown Board of Trade; the Railway Transportation Brotherhoods; and Island-Motor-Transport Ltd., which for several years has operated bus services in the Province. The Committee, appointed by the Legislature during the session of the House in April under the chairmanship of Mr. W. F. A. Stewart, M.L.A., will hold a sitting in Georgetown on Thursday, June 12, and in Summerside on Friday, June 13. Other members of the Committee, all members of the Legislature are Mr. J. W. Don Campbell, First Prince; Hon. Keir Clark, Third King's; Hon. J. Brenton St. John, First King's; Mr. Frank Myers, First Queen's; Mr. B. Estimates \$960,000 On Trans-Canada Highway Work In PEI This Year

OTTAWA, June 3 - Paving of the road from Dalry to Cavendish in the Prince Edward Island National Park will be completed by the Federal Government this year, Resources Minister R. H. Winter told W. Chester McLure (PC-Queen's) in the House last night. The Minister also estimated that a total of \$960,000 would be spent on the Trans-Canada highway on Prince Edward Island in 1952 with the cost evenly divided between the Federal and Provincial Governments. In New Brunswick the Provincial-Federal expenditure on the highway this year estimated at \$725,000.

PROVINCIAL TAX

Continued from page 1. siders as being the heaviest revenue producers of all the Island's fisheries. Permits Abuses Several of those connected with the fishing industry feel that the present Federal system of having two seasons in one area tends to permit of abuses arising. They feel that regulations forbidding the packing of lobsters in an area which is closed to fishing might have a tendency to curb poaching. Their belief is that if lobsters could be packed at plants only when there is an open season in the section in which the plant is located some of the abuses which have arisen in recent years would be eliminated. At the present time operators of packing plants in this Province are faced with the fact that a large number of buyers from other Provinces are coming here and buying directly from the fishermen at a price which generally is one cent per pound more than local plants can pay and still operate profitably.

Alberton An Exception

One exception to this condition appears to exist in the district around Alberton where there have been no outside buyers this season. There was only one sale reported to a plant in New Brunswick this year. It was of 14,000 pounds and the reason for it was that at the time the catch was very good and the local packing plants could not handle the volume of business. There are around Tignish the factories employ a large number of people during the packing season, and at the same time it is believed that during the winter they give fishermen supplies and fishing equipment to carry them through the season. It is felt there that if after this outside buyers could come in and get the lobsters the factories would have to close and thus cause a deal of unemployment. At the same time some dealers have pointed out that if the factories were thus forced to cease operations the fishermen would then simply have to accept whatever priced the buyers chose to offer.

Began Three Years Ago

The matter of buyers from other use of their hall; Charlottetown Alcoholics Anonymous group inviting league members to attend their meeting; Prince of Wales College, inviting League to attend closing exercises; a letter from W. J. Brawlers, Director of Child Welfare, asking that members designate godparents, to act on behalf of unbaptized children coming under his care. The following conveners gave brief reports of work done during past month: Mrs. R. J. MacDonald, Education; Mrs. P. J. Nealis, Blue Cross; Mrs. James Mullin, Bazaar; Mrs. John Pollard, Membership; Mrs. Katherine Holland, book review; Mrs. Maurice Griffin, sick visiting; Mrs. K. Creamer, social service; Miss Marion Dougan, program; Mrs. Lorne Noonan, citizenship; Mrs. Arthur DeCoste, Girl Guides. The amount voted by the sub-division included \$100.00 to scholarship fund for girls; \$15.00 to city schools for prizes; \$25 to Girl Guide Camp fund; \$10.00 to St. Elizabeth's Aid Society; \$10.00 to Rev. Father Dougan for rosaries for men of the H. M. C. S. Naden. Through the kindness of Rev. A. MacLellan, C.S.B., rector of Holy Redeemer Parish, and for which the members are deeply grateful, an afternoon tea will be held in the Community Centre on Wednesday, June 26th. Rev. Father MacDonald briefly addressed the meeting and urged all members to make the retreat to be held at Notre Dame Academy July 18 to 20th. The meeting closed with "The Queen", played by Miss Marion Dougan.

Conservative Women Meet

A meeting of the executive of the Women's Progressive Conservative Association of Charlottetown and Royalty was held last evening in the McLure Building. Conveners of the different standing committees were appointed. Tentative plans were discussed regarding the coming visit in September of Miss Sybil Bennett, Q. C., president of the Women's Progressive Conservative Association of Canada. Arrangements were made for the next general meeting, which is being held on June 17.

DREW PROPOSES

Continued from page 1. vote money for the affairs of state. Mr. Drew said Canada's trade with Britain actually is slumping steadily despite figures whose inflated dollar values indicate otherwise. The main reason the figure stayed as high as they were was the shipment of raw materials for defence. Canada also was faced with the skilled and reviving industries of Germany, Japan and Italy. These and other factors indicated a need for a full-scale examination of her trade position. Canada should export only those raw materials which are essential for the defence of her Allies and she should greatly increase the volume of her manufactured exports.

Howe Disagrees

Mr. Howe said Canada was one of the world's greatest markets for heavy equipment. She imported \$500,000,000 worth a year and it was discouraging that the U. K. could not supply more of it. Provinces coming in began about three years ago, but it was not a serious threat to the industry then. However, of late years it has assumed serious proportions. To such an extent that recently four packing plants in the Eastern part of Prince Edward Island were forced to close. There the outside buyers are purchasing from the fishermen direct, going out in boats to meet them and offering the regular price of 20 cents for canners plus a one cent premium. The price for markets varies between 25 and 26 cents per pound. Operation Unprofitable Packers in that area maintain they cannot pay more than 18 or 19 cents and operate at a profit under their system of packing. When asked why they did not change to the cold pack system one dealer said it was because the initial cost of changing over the plants would be too great. Those which were reported to have stopped their operations were Griffin's Factory, Souris; Leon Johnson, Montague; Lester Johnston, Fortune; and Lester Lecco, North Lake. But it was also reported that Griffin's was expected to reopen this week.

Playground Commission Meets

At a meeting of the Charlottetown Playground Commission last evening, sincere thanks were expressed to the public for their generous support in the Tag Day held last month which netted more than \$500 to assist in supervising the playgrounds in the City squares this summer. Consideration was given to the applications of those applying as supervisors on the squares this summer and appointments will be made at an early date. Equipment for the grounds has been repaired and painted and arrangements have been made to co-operate with the Red Cross swimming classes in leading the children from the squares to and from these classes in Brighton. Sympathy was expressed to the family of the late George Ryan, a former member of the commission, on their great loss. Councillor McCormac was thanked for the use of the upper floor of his building in the recent Tag Day. A report on the proposed parking pool to be built in the Park by the Kiwanis Club was noted as a probable source of future activity.

Noted Evangelist Due This Afternoon

The noted Layman Evangelist of England, Mr. Thomas B. Rees, is due to arrive in Charlottetown today about 5 p. m. in connection with the mission which is being held this week under the joint sponsorship of St. Paul's Church and St. Peter's Cathedral. He will be met at Borden by representatives of the two churches and will deliver his opening address in St. Paul's Church at 8 o'clock this evening.

Ask Your Husband Before You Buy

MONTREAL - (CP) - Women who want to know how to dress best should let the decision rest mainly with their husbands. That's the opinion of Raymond Barbas of Paris, who heads an organization of top designers and stylists in France. "Dress yourself according to your individual taste but remember always that the most important judgment comes from the men around you," was his word of advice to women, given in an interview last night. "Husbands like you to look as attractive as possible; don't forget that." Asked about the way Canadian women dress, he said he wouldn't dare to pass judgment on the styles here from such a short acquaintance.

Progress Reported In S.A. Campaign

Mr. T. Roy Oudmore, chairman of the Salvation Army Advisory Board, occupied the chair at the canvassers meeting held last evening for the purpose of hearing further reports from the workers who have as their objective, a fund sufficient to enlarge Sunset Lodge. The presentation of reports was preceded by a buffet luncheon served by the ladies of the Home League, for which they were heartily thanked. Reports indicated that good progress has been made where prospects have been contacted, but many calls have yet to be made, and as a result a further and final report meeting will be held next Tuesday at 6.15 in the same place. The Division commanded by E. A. Oudmore once again took the honours for highest collections, while the individual leading collector was Major E. A. MacCarty.
