

### Shine Silver with SODA

Cover bottom of large enamelled pan with aluminum foil. Add 1 teaspoon soda to each quart of water, heat to boiling. Immerse silver so it touches foil. Tarnish disappears quickly. Rinse thoroughly and dry with soft cloth. For a high lustre, polish with a thin paste of soda and milk applied with soft cloth.

"You're too late, Daddy!"

Little teases with big bowlfuls don't give a pig-tailed whoop that more families ran out of Corn Flakes this morning than any other cereal. But it does happen, because Kellogg's Corn Flakes just naturally taste best to more people. Always have. Still do. No wonder so many women pick up a spare package of Kellogg's Corn Flakes every time they buy any cereal of any kind. It's real good "tomorrow-morning insurance."
