MONTREAL

MONTREAL (CP) — Prices were lower for the third straight day on the Montreal and Canadian stock exchanges Thursday. Trading was moderate.

A few selected industrials had gains and that gave the industrial and combined indexes a narrow advance. The other four indexes were lower. There were nearly twice as many declines as gains.

Papers were the biggest losers. Great Lakes was down 1¾ at 35½, a new low, and Consolidated was off ½ at 37¾ in heavy trading.

Oils, pipelines, base metals, banks and foods were also lower, but losses were mainly fractional.

Beverages and steels were mixed.

The mines and oils were irregularly lower in fairly active trading. Some issues had large changes, but among the most active speculatives movements were confined to a few cents. There were no features.

Index losses: Banks .22 at 65.88, utilities 1 at 157.3, papers 1.6 at 433 and golds .94 at 89.19. Industrials gained 1.2 at 310.2 and combined advanced .5 at 259.2.

NEW YORK

NEW YORK (AP) — A late rally by rails picked up the stock market Thursday and presented it with a good gain on average.

The carriers, inspired by Northern Pacific and some fine figures on rail carloadings, stepped ahead to gains of 4 points or more.

The market was higher at the start when space-age stocks recovered some of the losses they took in Wednesday's sharp break. The improvement was temporary, however, and as these issues relapsed the market settled into an uneven pattern.

The Associated Press 60-stock average advanced $1.10 to $229.70. The $4.60 gain by the rail component of the average was the biggest since Oct. 23, 1957, when it rose $5.40. The rail component was increased to its highest point since May 21, 1956.

McIntyre Porcupine gained ¼, Canadian Pacifuc and Dome Mines ⅜. International Nickel lost 1, Aluminium Ltd., and Hudson Bay Mining ⅛.

Among Canadians on the American exchange, Preston East Dome gained ¼, Fargo Oil and Sapphire Petroleums 1-16. Eureka and Jupiter Oils lost 1-16.

TORONTO

TORONTO (CP) — With the exception of golds, the stock market lost ground Thursday amid the lightest trading of the year. Golds climbed on index for the third time in four sessions.

The gold index added 1¼ points while base metals and western oils each lost a bit more than ¼ point.

Final volume was 2,357,000 shares, lightest since Dec. 11 when 2,315,000 were exchanged. Wednesday's volume was 2,524,000 shares.

Many key issues in each section showed little change as investors apparently held on to their stock of "blue chip" issues.

Golds were up in a solid line but changes were smaller than in the previous strong sessions which were interrupted Wednesday by profit-taking. Senior base metals, juniors and western oils moved in a narrow range with losses holding a slight numerical edge over gains.

Index changes: golds up 1.28 to 94.34; base metals off .37 to 173.48; western oils off .31 to 127.84.

HOW YOUR LIVER BILE BREAKS DOWN FAT

Laboratory tests have now proved that liver bile *emulsifies* fat . . . actually *breaks it down*. It is an established medical fact that when liver bile is added to fatty solids, the fat is broken down and forms a smooth, easy-flowing mix.

In your body, precious liver bile helps break down fat the same way. Many foods reach the digestive tract as undigested fatty solids. Your golden liver bile helps break down this fat . . . unblocks it . . . for easier and more complete digestion.

Carter's Little Liver Pills exclusive formula of natural, vegetable ingredients relieves irregularity gently and effectively. At the same time, it actually improves the flow of
