

Home Sweet Home

It is a fact, strange but true that gentlemen can now get as good style, fit, and comfort, in shoes bought at home, as was once only to be had in the larger cities. We refer to the Slater Shoes. They equal if not surpass, any shoe made in Canada or the United States.

MACKEREL.—The mackerel fishery this season, Commander Spain says, will probably be a failure. There are plenty of fish and they are following their accustomed haunts; but they seem to be so well fed that they will not take the bait.

BE PROMPT.—Promptness is the mother of confidence and gives credit. It is the best possible proof that our own affairs are well ordered and well conducted, and gives others confidence in our ability. The man who keeps his time (i. e., is punctual), as a rule, will keep his word.

THE COMING SPORTS.—On Sept. 8th, the public may expect some good sport on the C. A. A. grounds. The annual championship games of the Maritime Provinces Amateur Athletic Association are then to be held. This is the first time that Charlottetown has had an opportunity of seeing the best athletes of the sister provinces competing with our own men.

WEDDINGS.—James A. Gillis, formerly of Kinross, P. E. Island, and Miss C. Zo Heskett were united in marriage last evening at the residence of the bride's parents, Mr. and Mrs. C. W. Heskett, 1205 Broadway. The wedding ceremony, which was a pretty one, was performed by Rev. B. E. Utz, of the Christian Church. —Spokane Spokesman Review.

Mr. Hugh Maynard, of Port Hill, and Miss Annie McArthur, of Northam, were married at the residence of the bride's father at Northam on the evening of the 24th inst., and were the occasion of a large gathering of friends and acquaintances. The interesting ceremony was performed by the Rev. Mr. Murdoch. A very pleasant evening was afterwards spent by all present.

SCOTT ACT IN MONCTON.—In Moncton, for twelve months, says an exchange, the sum of \$3,000 was collected from liquor dealers. The Scott Act inspector says he has received several threatening anonymous letters of late, and that some parties have openly threatened to take his life, while two parties now in the penitentiary made a private confession to the officials that an attempt has been made to hire them to assassinate him.

BILINGUAL TELEPHONES

J. G. Nolen, who is an old timer in the electrical construction business, tells a story on "Val" Blatz, the millionaire brewer of Milwaukee.

"Our company had had some correspondence with Mr. Blatz regarding the putting in of a telephone plant in his big brewery establishment, and I was sent up to try to close a deal.

"I took a couple of phones with me in order to make a practical demonstration should one be required, and I went with the intention of making a sale.

"I got to talking with Mr. Blatz and showed him the advantage of putting in our intercommunicative system throughout his establishment. He listened attentively, and finally said:

"Yes, that is all so; very true. But," and he spoke with the conviction of one who was putting a poser, "but my men down in the malthouse and the warehouses and cold storage are all Dutchmen.

"I, myself, though a German and a graduate of Leipsic and Heidelberg, can speak English, but what would your telephones be to my Dutch workmen, who cannot speak English at all?"

"Well, I saw how the land lay. Old Val could not get it through his head that the telephone would transmit anything but the language of America. I was bound to make the deal, as I said before. So I remarked to Mr. Blatz:

"I can put on some German receivers if you so desire. I have some with me."

"I connected up the phones, made a show of changing the receivers, and in half an hour Mr. Blatz was talking to one of his Dutchmen down in the malthouse. He was delighted.

"You may put them in," he said, "and I shall want one German one in the malthouse, one German one in each warehouse, English ones in my office and the business office and a German one in the cold storage house."

"We closed the deal and Mr. Blatz was glad to pay \$2 extra for each German enunciation we put in. When the phones were shipped from the factory, I had them labeled German and English respectively, and the big brewer was perfectly satisfied.

"It was five years before I saw Blatz again," concluded Mr. Nolen. "He recognized me at once and said with a hearty German laugh: 'You are the accommodating gentleman who put in the German and English telephones for me. Well, you are a good one.'" —Milwaukee Telephone.

Chronic Eczema Cured.

One of the most chronic cases of Eczema ever cured is the case of Miss Gracie Ella Aiton, of Hartland, N. B. On a sworn statement Mr. Aiton says: "I hereby certify that my daughter Gracie Ella was cured of Eczema of long standing by using four boxes of Dr. Chase's Ointment. William Thistle druglist, of Hartland, also certifies that he sold four boxes of Dr. Chase's Ointment which cured Gracie Ella."

The Wonderful Cheap Men

A Negro Turning White.

A curiosity rarely witnessed in this country was seen at the office of the pension examiners in this city today. It was a negro man turning white. The man's name is Sam Smith. He is 67 years old and came here today from Georgetown to stand an examination for a pension, he having served in the Union army. More than three-fourths of the man's entire body is white, the skin fairer by far than that of the ordinary white man. The dark skin remaining on the body is only in small spots. Smith says that his skin began turning white in 1867, and the dark skin has been disappearing from the body ever since. The physicians who examined him today think that should the old man live a few years longer he will be entirely white save perhaps the face. A peculiar feature of the case is that the face has not been turning white along with the rest of the body, the white only showing at a few places beneath the hair on the forehead, and not on the face at all.—Lexington (Ky.) Letter in Cincinnati Enquirer.

To Examine the Eye.

If anything gets into your eye, don't rub it. Good advice, but a little difficult to follow, for one instinctively rubs the eye under these circumstances. Nevertheless, don't do so. Get some one to turn the upper eyelid gently over a thin penholder, so that he may see the ball of the eye thoroughly. If lime gets into the eye and if you see the substance at once, wash out the eye with vinegar to two parts of water. If, however, you don't see the particle immediately, simply put sweet oil or olive oil into the eye and send for the doctor.—New York Ledger.
