

The Liberal-Conservative Party have taken the room in the Market House, formerly used as the City Council Chamber. This room will be open throughout the campaign.

Local and Other Items.

The poll will be opened to-morrow at Nine O'clock (sharp), and will close at Five (sharp).

Penny Readings.—To-night.

GRAND RALLY in the Market Hall to-night.

NOT HOME YET.—Mr. A. B. Warburton has not yet arrived home.

RATTLING SPEECHES will be made at the Government Rally in Market Hall to-night.

TO-NIGHT.—The second of the course of Penny Readings in St. Peter's Schoolroom.

Vote square for the men whose record is good.

DON'T FORGET the grand rally of the supporters of Blake and McLeod in the Market Hall to-night.

EVERY SUPPORTER of Messrs. Blake and McLeod should attend the monster meeting in Market Hall this evening.

A GOOD INVESTMENT.—Fifteen cents admission to the Penny Readings to-night. Programme in our advertising columns.

In every District, vote square for the Government Candidates!

COLD.—The mercury in the thermometer fluctuated between six and eight below zero, last night, according to location.

THE McLEAN MYSTERY.—The enquiry into the recent mysterious disappearance of Art. McLean will be resumed at Summerside on Friday next.

JOURNALISTIC.—The Chicago Lyre is a new paper published in the wicked metropolis. The name sounds all right, but the spelling does not exactly fit Chicago's reputation.

SALVAGE CORPS.—There will be a special meeting of the Salvage Corps in their room to-night at 8 sharp. A full attendance is requested. By order of the Captain.—H. C. Wilson, Sec'y.

Vote square against the shufflers who want to "get in" and then do as they like.

FANCY DRESS CARNIVAL.—There will be a fancy dress skating Carnival in Georgetown Rink on the evening of Tuesday, the 11th February. No doubt it will be thoroughly enjoyable and a great attraction to skaters.

THE STANLEY, which left Picot at six o'clock this morning, was reported five miles outside Georgetown harbor at four this afternoon, trying hard to make her way in through the ice which is very thick and heavy. Advice from Murray Harbor state that up to half-past four she could not be seen from that place.

THE OLD STORY.—It does not do to play with electric light wires. In Hartford, Conn., the employes in a factory had been in the habit of reaching out of a window and receiving slight shocks of electricity by grasping a wire that ran along just below. One wet day last week one of them grasped the wire and died in ten minutes.

Give McLeod and Blake a Rousing Majority.

PRESBYTERIAL.—According to the New York Independent 46 of the 211 presbyteries of the Presbyterian Church in the United States have voted on the overture to revise the Westminster Confession. These represent 1,711 ministers and 259,467 communicants, and thirty-five of them—representing 1,279 ministers and 189,077 communicants—have voted in favor of revision, the number including many of the most important presbyteries in the country.

MONTREAL HUNT.—At the annual dinner of the Montreal Hunt, held on the 23rd inst., a very fine portrait of Mr. Crawford, Master of the Hunt, representing that gentleman on horseback in the act of giving the "Tally Ho," was presented by His Excellency the Governor-General. The health of the artist, Mr. J. Harris, R. C. A., was given in a bumper toast. On accepting the gift, Mr. Crawford is reported to have expressed the great gratification which he felt at the magnificent presentation which had been made to him.

The Oppositionists are not bound by any policy, and are elected will probably fall back upon the policy of the ramp of the Davies Government!

HE MEANT WELL.—M. Paster's reported remedy for the influenza is for men and women to quit smoking tobacco and smoke camphor instead. This recalls the advice of the physician who told one of his patients to smoke one cigar a day for a while, and see how he came out. At a subsequent visit the patient told the doctor that he had tried his prescription, but that it made him sicker than ever. It turned out that the patient had never smoked before. M. Paster appears to be proceeding on about the same assumption that the physician did in making his prescription.

A DASTARDLY ACT.—A Boston paper reports that on Monday last week Mrs. Carroll, a poor woman, of that city, who had been robbed of her money by an absconding broker, was carried from the house she occupied. While she was lying ill and penniless the officers of the law removed all the furniture in the room, except the bed on which she lay, then took the ashes out of the windows and poured a bucket of water on the fire at which the oldest girl was trying to prepare some medicine for her mother. The woman died from exposure that evening, and her little ones were turned out to shift for themselves.

DEATH OF AN ISLANDER.—The Summerside Journal says: By telegram to Mr. Colin Macleanman, on Tuesday, we regret to learn of the death of his son James M. Macleanman. The particulars of his death are not yet to hand. The deceased left the Island about twelve years ago. He was an expert accountant, and prior to above date was for some years accountant with Mr. James DesBrisay, Charlottetown. After leaving the Island he was for some years book-keeper with Mr. Geo. E. Ford, Sackville, N. B., and later with Mr. E. B. Edgcombe, Fredericton, N. B. For the last few years his health has not been good, but no serious results were anticipated until two days before his death.

TORONTO, Jan. 29.

Mr. Creighton, manager of the Empire, was committed for trial this morning, on the charge of libelling Elitor Farrar, of the Mail. The charge against Mr. L. P. Kribb, one of the editors of the Empire, fell through, as sufficient proof that he wrote the articles complained of could not be furnished.

Gladstone's Circular.

LONDON, Jan. 28.

Gladstone's usual circular to his supporters in the House of Commons, just before the opening session of Parliament, was published to-day. The wording of the circular is unusual, and is taken to indicate an early discussion of the Pigott letters and other matters of vital importance to the Liberal and Home Rule members.

VICK'S FLORAL GUIDE.—We have received from James Vick, Rochester, N. Y., his Floral Guide, which, in beauty of appearance and convenience of arrangement, surpasses anything in this line which we have ever had the privilege of seeing before.

It is a pamphlet eight by ten inches in size, and with the covers, which are by no means the least important part of it contains an even one hundred pages. Although called a "Floral Guide," it is devoted to vegetables as well, and includes as full a list and description of both flowers, vegetables and also small fruits as could be brought together within the compass of a book of this size. Send 10c. for one, which will be deducted from first order of seed.

Do you want a renewal of the confusion which reigned in 1878? If not, vote to sustain the McLeod Administration.

BURNT OUT.—A Cascoque correspondent of the Summerside Journal writes as follows: On the night of the 9th inst. the dwelling house of Mr. Frank White was burnt to the ground, with all its contents, in the absence of Mr. White and his family. There is little doubt in the minds of the residents as to the person who is the author of this diabolical action, and it is to be hoped that he will be speedily brought to justice.

Vote down the Oppositionists.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Qualification of Voters in Charlottetown.

Every voter must be a male person of the age of twenty-one years, a British subject, not subject to any legal incapacity, and must have been duly qualified for at least twelve months next before the seventh day of January, inst., which is the date of the writ of election; and must, in addition, be entitled to one or more of the following qualifications:—

First.—For the Town and Royalty, must own a Freehold Estate, consisting of one whole Water, Common, Town or Pasture Lot, or a Freehold Estate of the clear yearly value of Forty Shillings, consisting of a Dwelling House, Warehouse, Shop, or other Building, or a piece of Land, or must be in the bona fide use and occupation, or actual possession, of any Dwelling House, Warehouse, Shop, or other Building, or piece of Land of the clear yearly value of forty shillings, the qualification to be within the Town, Common, or Royalty.

Second.—For the City of Charlottetown, and the Common thereof, where no Provincial Poll Tax is imposed, and where the voter claims to vote as a franchise voter, and is liable to pay civic poll tax, such voter must have paid such poll tax in full, or seventy-five cents, part thereof, in case such poll tax exceeds that sum. The voter must also have resided for twelve months previous to the date of the writ of election, either east or west of Great George Street. The voter must also produce, if required, a receipt for such tax, signed by the City Collector.—Sec 45 Vic., Cap. 1, Sec. 2, P. E. I. Laws.

In Charlottetown and Royalty there are but two Polling Divisions, but these divisions have been sub-divided into districts, and it is not necessary that a poll tax voter should reside for twelve months in the district wherein he votes, but he must have resided for twelve months in one of the polling divisions, that is either east or west of Great George Street.

This rule does not apply to any but poll tax voters. Tenants and property owners may cross and re-cross the street without losing their votes.

SEED TIME is yet in the distance, but we are preparing for it. All of our Flower Seeds are here, and nearly all of the Vegetable Seeds, and the coming weeks will find us busy testing, packing and arranging, so as to be ready when the season opens for the rush of orders, which is one of the features of the Seed trade.

In the meantime we must close out our Winter Stock of GROCERIES and FEEDING STUFF, which we will do at very low prices. Flour, Tea, Sugar, Kerosene Oil, Molasses, etc., must go, as we want the room they occupy as well as the money for our Seed Department.

The balance of our Feeding Stuff must follow suit, and we offer as follows, viz:—

SHORTS, " " 1.25 " extra.

BENJAMIN DOUGLASS.

To the Electors of the First Electoral District of Queen's County.

GENTLEMEN.—After a careful investigation of the state of parties, and the blind adherence of many of our prominent public men to obsolete and almost impracticable time-honored customs, and also to a slavish and unintentional mistake of relying to the bugle call in connection with old and at one time meaning party names, I have had the temerity of placing my name on the nomination papers of this important district. I am rated by many as an incorrigible "Grit." I proclaim myself an Independent Liberal.

A careful examination of our financial affairs assures me that some amendments to our Educational laws are necessary. Laws in the direction of absolute prohibition must be enacted. Some system of equitable taxation must be adopted to efficiently maintain all branches of the public service. I believe in no distinction of sex in citizenship.

You have a chance to place Peter Sinclair first and myself second on the 30th inst. In consequence of the state of the roads and the prevalence of influenza in the District, I cannot do more than meet you at the public meetings.

Having many interests in common with the electors, and conscious of having some natural ability and common sense, I feel sure that if you elect me, as I now feel certain will be done, you will not regret it.

I am sorry that I could not possibly consult with more of my friends before appealing to you.

I am, yours faithfully,  
JOHN C. CLARK.

TEA! TEA!

ALMOST EVERYONE WANTS GOOD TEA, and they also want to know where they can depend on getting it good. We believe that if we get a man or woman's trade for Tea, we will sell them their other groceries as well; and with that end in view we endeavor to keep the standard of our Teas up, and give the best possible value for the money. We don't import any cheap, low-grade, trashy Teas, as it don't pay to sell them at any price. Our 24-cent and 28-cent Teas are giving excellent satisfaction this season, and we believe them to be equal, if not superior, to anything on the Island for the same money. We have also two very fine blended Teas at 32 and 40 cents per pound, which are excellent value. Reductions made according to quantity bought.

KEROSENE OIL.

We keep nothing but the best AMERICAN WATER-WHITE KEROSENE OIL, which we sell in Tins cheaper than ever.
