PAPER HANGINGS!

—JUST RECEIVED—  
3,500 PIECES FROM BOSTON.  
And for Sale by HASZARD & OWEN, Aug. 16, 1855.

BY ROYAL LETTERS PATENT,

THE HYDRO-MAGNET, OR WATER-CURVE, AND CONSUMPTIVE CURE SOLES,

Manufactured by HARCOURT BRADLEY & Co., 28, Ann Street, N. Y., and at London and Manchester, England.

THE HYDRO-MAGNET is a valuable discovery for protecting the feet from damp or cold, and therefore a preventive of many Lung diseases, without any doctoring whatever. The Hydro-magnet, in the form of a sock, and worn inside the boot or shoe. Its indicated character is a powerful antidote to disease.

For the same it will be found agreeable, warm and healthy, to wear in the coldest or rainiest weather, as the foot cannot become wet, if the Hydro-magnet is inserted.

Ladies may wear the lightest solid boots or shoes in the most inclement weather with impunity; while consumption, as prophesied, is averted. The use of our country, may be aided by general adoption. They entirely supersede *any other shoes*, as the latter cause the feet to appear extremely large, the Hydro-magnet, being merely a thin slice of cork prepared, peculiarly placed inside, does not increase the size of the boot, or cause the feet to appear unattractive.

To Children they are extremely valuable, as they may engage in exercise, with comfort and healthy effects. Their expense is so slight as to scarcely be mentioned; besides those who purchase them for their yearly doctor's bill much diminished thereby.

As the Hydro-magnet is becoming more known, its sale is increasing to an immense number of persons in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburg, and London, &c. &c. &c. The number of articles number of 1,732,450 pairs of cork soles. This year the number will far surpass that.

Ask the Faculty their opinion of their value as a preventive for COLICUS, COLDS, BRONCHITIS, ASTHMA, and CONSUMPTION.

The Infallible Remedy!

Prof. HOLLOWAY'S PILLS.

ERYSIPELAS OF EIGHT YEARS' DURATION CURED.

Copy of a Letter from Geo. Sinclair, Esq., of Paris, France, dated the 18th July, 1854.

To Professor Holloway,  
Sir,—I feel a pleasure and a pride in bearing witness to the success of your Pills, which I used several times for the cure of my inoperable Erysipelas. For eight years I suffered incessantly from attacks of erysipelas, but never was the attack cured. I used several repud remedies without deriving the least cessation to my misery. At last, I determined to try your Ointment and Pills, after taking them for a few weeks, a visible improvement took place, and I feel considerably better—in three months, by continuing the use of your medicines, I was completely cured, and now enjoy the best of health. The truth of this statement is well known here, hence there is no necessity for me to repeat myself.

I am, Sir, yours respectfully,  
(Signed) GEO. SINCLAIR.

ULCERS IN THE LEG,—REMARKABLE CURE. Copy of a Letter from Mr. Edward Tomkinson, of Cape Breton, Nova Scotia, dated the 4th of August, 1854.

To Professor Holloway,  
Sir,—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg; in which there were several deeply seated and old wounds, defying the skill of some of the most eminent of the medical faculty, a variety of remedies were used unsuccessfully; and it seemed to me that there was not any thing capable of mitigating the agonies she endured. At length, I was enabled to procure your Ointment and Pills, and after using them for about six weeks she was completely cured, after all other means had failed to effect a cure. I have no objection to these facts being published, if you feel disposed to make them known.

I remain, Sir, your most obedient servant,  
(Signed) EDW. TOMKINSON.

A BAD BREAST CURED WHEN AT DEATH'S DOOR! Copy of a Letter from Mr. Henry Madon, of Three Rivers, Canada West, dated July 9th, 1854.

Sir,—My wife suffered most severely after the birth of our last child with a bad breast. There were several boils in one as large as a hand; all the devices and applications I tried would not heal them, but it assumed an aspect more frightful than before, and horrible to behold. As a last resource I tried your Ointment and Pills, which she persevered with for seven weeks, at the expiration of that time her breast was almost well; by continuing with your remedies she was cured, and she was satisfied, I cured, and we offer you our united thanks for the cure effected.

I am, Sir, yours truly,  
(Signed) GEORGE W. OWEN.
