Opening lead—king of diamonds.

Before making his decision of which way to take a two-way finesse for a missing queen, declarer should first make it a point to explore all possible avenues of information.

West cashed the A-K of diamonds and continued with a third diamond when East played the queen. Declarer ruffed in dummy, East discarding a heart, and then drew two rounds of trumps. It was apparent to declarer that the contract would stand or fall, depending on whether he could guess the location of the queen of hearts. If West had the queen, it could be picked up by finessing the jack; if East had

Veiran B.C. Sternwheeler Is Slated For U.S. Museum

KITMAT, B.C. (CP)—The tired old Delta King is going home for a sprucing up and a long, long rest.

The 33-year-old sternwheeler will appreciate the facelift. She's seen better days since she was launched in Stockton, Calif., back in 1926.

For the last seven years the Delta King has been grounded here serving as a dormitory for Aluminum Company of Canada construction workers.

Now Stockton Chamber of Commerce has purchased her from Alcan and this month she'll be shipped to California to be restored to her original condition and set up as an historical museum and monument to pioneer river steamers.

The Delta King and her sister ship, the Delta Queen, were made in Glasgow and shipped in parts to Stockton. After being launched, they were operated as passenger vessels on a year-round schedule.

Seek Evidence On Mystery Of Anastasia

HAMBURG, Germany (AP)—West German consular officials in New York City and Canada will try to obtain new evidence in the 40-year-old mystery of Anastasia, youngest daughter of Czar Nicholas II.

Officials announced Tuesday that consular authorities will hold hearings in New York City from March 13-18 and later in Montreal and Toronto.

They will act for a Hamburg court that has been working on the mystery for 15 months.

The question is: Did the Communists kill Anastasia with other members of the Russian royal family in 1918 or did she survive to become Mrs. Anna Anderson of Bad Lobenzell, Germany? And if Mrs. Anderson is not Anastasia, then who is she?

The House of Hesse in West Germany is contesting Mrs. Anderson's claim to be Anastasia, insisting she is a Polish farm laborer.

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
