# SOUTH KOREANS IN SAVAGE BATTLE WITH COMMUNISTS

## Bandits Still At Large Following Jail Break

### Acute Overcrowding Problem In City Schools Emphasized

The problem of overcrowding in the city schools was strongly emphasized in a report presented by Mr. Kenneth A. Parker, recently appointed Superintendent of Schools, at the regular meeting of the City School Board yesterday. The problem has become so acute, Mr. Parker said, that it has been necessary to establish three Grade 7 classes at Prince Street, and to stagger their attendance.

His figures showed an increase in enrollments of 100 over last year, there now being registered 2415 in the regular classes and 45 in a special junior Grade 1 at West Kent School. He expected a

### Coming Events

Barn Dance, Morell, Wednesday, Burns' Orchestra.

Try our Purina Finance Plan for feeding your hogs and poultry. Dillon and Spillett.

Sandy's Drive-In Theatre, shows Tuesdays, Wednesdays and Fridays at 9 P. M.

Dance in Elliott's Hall, September 11th. Good music and refreshments.

Buying and cleaning timothy feed daily. McGuigan and Boyle.

Dance, Kozy Hall, Georgetown, Wednesday, September 10th.

Show, Breadalbane, Tuesday, "Under Current." Starring Robert Taylor.

Ham and Salad Supper in Riverdale School, September 18th. Supper served at 6 P. M.

Reserve Tuesday, Sept. 16 for supper sponsored by Cornwall United Church.

Reserve Wednesday, September 24th for Breadalbane United Church Chicken Supper.

Oysters—Fresh Oysters now at Edson's General Store, Vernon bridge.

Chicken supper and dance Iona Hall, Wednesday, Sept. 10th. Supper served from 6 to 10.

Dance every Friday night, South Rustico hall. Music by the Charlottetownians.

Regular weekly dance in St Mary's Hall, Souris, every Wednesday. Chaisson's Orchestra Canten service.

Dance at Gordon Lodge every Friday night. Music by Robicheaud. Sponsored by trustees of St. Patrick's School.

Sandy's Restaurant will open week days at 4 p.m. and noon Sundays for remainder of the season.

Barn Dance, Fenner Stewart's, Brackley Beach, Tuesday night as usual. Air conditioned, good music and canteen service. Bus leaving I.M.T. at 9:30.

Scottish concert Tuesday, September 9th, by the Ladies and Ladies Pipe Band, Afton Hall, New Dominion. Lunches served by the New Dominion W. I.

Your Swift Egg Grading Station on Fitzroy Street have excellent facilities for handling your fresh eggs. It will pay you to try them with your next shipment. Contact Grading, Quick Service and payment in cash.

Buying live and dressed poultry Monday to Thursday noon at our plant on Fitzroy Street, next to the telephone office. Phone 1027 for prices. Swift Canadian Co. Limited.

Dancing Stanley Bridge Rink Hall every Tuesday night. Music by Munroe's Orchestra. 9 to 1.

Dance, St. Charles Hall, every Thursday, 9:30 to 1. Chaisson's Orchestra.

Regular Dance, Winsloe Station Hall, Thursday, September 11th. Charlottetown's Orchestra. Canten.

Old time fiddling and step dancing contest in Crapaud Hall, Wednesday, September 10th. Send C. Green, Emerald.

Notice.—We will collect Poultry every Monday for Charlottetown. According to new regulations all poultry will be bought graded and dressed weight. Cheques mailed direct from packers to producer. Please list yours with us early. G. C. Green, Emerald.

Get our prices on straight and/or assorted cars of bulk or bagged grain—Wheat, Oats and Barley, delivered at your nearest station. We also handle mill feeds, and all cake meal in straight cars. Correspondence invited. The Atlas Grain Company, 300 St. Sacrement Street, Montreal 1.

### Diplomatic Promotion For Mr. Benj. Rogers

Mr. Benjamin Rogers (above), son of Mr. R.H. Rogers and the late Mrs. Rogers, Charlottetown, has been appointed a member of the new liaison division of Canada's External Affairs Department. The announcement from Ottawa yesterday said the division was established "to concentrate entirely on relations with the United States and the rest of the Western Hemisphere."

The announcement continues: "The American and Far Eastern Division which has existed for some years is being split into two parts, raising the number of Divisions at departmental headquarters from 13 to 14. "A spokesman said the old Division actually has been pretty well separated into two parts for some time. From now on the two parts will have separate heads and separate identities. "This development climaxes one of the largest re-shuffles of higher-level diplomats and officials the Department has had in some years. It has extended over several months, and the tail-end of these shifts has just made the following changes at headquarters. "Mr. Rogers, who is a graduate of Dalhousie University, and who studied international relations there before entering the service, was appointed in 1949.

### Senator McCarthy Seeks Re-Nomination Today

MILWAUKEE, Sept. 8—(AP)—Switching Democrats appeared tonight to be the major unknown factor in Senator Joseph R. McCarthy's fight to win the Republican nomination for his second term in the United States Senate at tomorrow's Wisconsin primary election. Upwards of 1,000,000 voters are expected to make their decision on 42-year-old McCarthy, whose

Unloading car bulk wheat, Tuesday, September 9th. \$3.25 cwt. Bring bags. Vernon River Co-op.

### Believe Escape From Death Cell An Inside Job

TORONTO, Sept. 8—(CP)—Four master bank bandits, two of them charged with murder, today sawed their way out of death row at Don Jail. Sought are Steve Suchan and Leonard Jackson, awaiting trial for murder; Edwin Alonzo Boyd, regarded by police as a master bank robber; and William R. Jackson, unrelated to Leonard, convicted bank robber. The Canadian Bankers' Association offered a \$10,000 reward for information resulting in the arrest of the four. In addition, the province of Ontario and the city of Toronto each put up a reward of \$2,000 a man.

(Continued on page 13 col. 2)

### Montreal Police Are Alerted

MONTREAL, Sept. 8—(CP)—Police forces here went on the alert today for any sign of Edwin Alonzo Boyd and three alleged members of his bank robbery gang who escaped from jail in Toronto. Wilfrid Bourdon, chief of Montreal police detectives, ordered 1,000 photographs—200 each—of the four escaped men and of Ann Jackson, wife of one of them, for distribution to constables. Officials said they thought it likely the four—awaiting trial in Toronto's Don Jail on charges ranging from bank robbery to murder—would head for some place like Mexico. But they did not discount the possibility they would return to Montreal, the city where two of the four—Steve Suchan and Leonard Jackson—were flushed out of hiding by police fire just six months ago.

### C. N. R. Directors Re-appointed

OTTAWA, Sept. 8—(CP)—Transport Minister Chevrier today announced the re-appointment of two of the directors of Canadian National Railways for a further three years beginning Oct. 1. The directors are Ralph R. Brennan, Saint John, N.B., industrialist, first appointed in 1944, and William James Parker of Winnipeg, president of the Manitoba pool electors and a former chairman of the board of governors of the University of Manitoba. He was appointed in 1949.

### Senator McCarthy Seeks Re-Nomination Today

MILWAUKEE, Sept. 8—(AP)—Switching Democrats appeared tonight to be the major unknown factor in Senator Joseph R. McCarthy's fight to win the Republican nomination for his second term in the United States Senate at tomorrow's Wisconsin primary election. Upwards of 1,000,000 voters are expected to make their decision on 42-year-old McCarthy, whose

### Canada Has Near Record Wheat Export Year

OTTAWA, Sept. 8—(CP)—Canada has completed the second biggest wheat export year in her history. The Bureau of Statistics reported today that exports of wheat and flour totalled 356,100,000 bushels during the 1951-52 crop year, second only to the record 407,600,000 bushels exported in 1928-29. A total of 40 countries and crown colonies purchased Canadian wheat during the crop year and Britain continued to be Canada's biggest customer, taking about 36 per cent of the total. Export of wheat as grain totalled 304,700,000 bushels, 65 per cent above the 1950-51 total of 185,000,000 and exceeded only once before in the country's history when 354,400,000 bushels were exported in 1928-29. The Bureau said preliminary data on exports of wheat flour in terms of wheat indicated a total of 51,300,000 bushels, eight per cent below the 1950-51 level of 55,900,000 bushels. Despite the heavy exports Canada is going to need every bit of storage space—including probably skating rinks and auditoriums in the west—to handle the expected huge crop she has coming up. If current estimates of production are realized, Canadian wheat supplies for 1952-53 will total 869,000,000 bushels, 127,000,000 greater than in 1951-52. This will be made up of a 213,000,000-bushel carry-over and the new crop, estimated at a record 656,000,000 bushels on the basis of conditions at July 31. This indicated supply for 1952-53 would be the third largest on record, exceeded only by supplies in 1942-43 and 1943-44 when the totals reached 990,400,000 and 879,500,000 bushels respectively. Exports of Canadian wheat as grain to the United Kingdom in the 12 months ending July 31, 1952 totalled 108,800,000 bushels, about 36 per cent of the total. Exports of flour in terms of wheat equivalent totalled 18,900,000 bushels. Comparable figures for 1950-51 were 78,100,000 and 23,400,000 bushels. In addition to Britain, seven other countries purchased wheat as grain in amounts exceeding 10,000,000 bushels. These were the United States, 38,700,000 bushels; India, 18,100,000; Japan, 16,500,000; Germany, 15,800,000; Belgium, 15,500,000; The Netherlands, 11,900,000 and Italy, 11,000,000 bushels. Exports of Canadian wheat flour went to 73 countries, territories and crown colonies. In addition to Britain, flour exports equivalent to at least 1,000,000 bushels of wheat went to the Philippine Islands, Venezuela, Italy, Trinidad and Tobago, Cuba, Jamaica, Egypt, Hong Kong and Lebanon.

### Conflicting Evidence Given At Inquest In Butler Case

That Bruce Butler came to his death as a result of concussion induced by a severe blow on the head was the verdict of the coroner's jury called to inquire into his death on September 2nd at 112 Richmond Street. The jury did not state what caused the concussion but left the verdict open. Foreman Thomas White verbally told the coroner that the blow might have been self-inflicted as a result of a fall. Mr. Butler was found dead at the foot of a flight of stairs at his residence at 112 Richmond Street on the night of September 2nd. Dr. Harold Shaw, Provincial Pathologist, testified that he had carried out an autopsy on the body of Mr. Butler. There were three bruises on the scalp and on removing it he found a depression in the brain area. Death was due to a violent concussion. He found no indication of alcohol as the stomach, heart, blood and bladder all gave negative responses to tests. He thought that had liquor been consumed, even in small quantities, several hours earlier it would have shown in the tests. Questioned by Mr. J. P. Nicholson, Crown Prosecutor, Dr. Shaw said that he did not know what the force received on the top of the head was. He stated that he found it difficult to account for three such injuries from such a simple thing as falling down stairs. He could not expect to find three distinct wounds on the top of the head from such a fall. The stomach of the deceased had very little content, indicating that he had not eaten for some time. Mrs. Florence MacNeill testified that she was the housekeeper for the late Mr. Butler and had worked for him for the past five years.

### Pickets Prevent Strike Talks

LAUZON, Que., Sept. 8—(CP)—Company officials, due to meet with union representatives in an effort to settle a strike of 2,500 shipyard workers, were prevented today by pickets from entering the negotiation room in a company building and the meeting was postponed. Company officials made no comment but Jean Marchand, secretary general of the Canadian Catholic Confederation of Labor, said there had been a misunderstanding among strikers forming a picket line at the Davie Shipbuilding and Repairing Company shipyard. Mr. Marchand said pickets had been instructed to let company officials negotiating a settlement pass the line. He said the union has apologized to the company and the meeting will take place later. Workers walked off their jobs at the Davie Shipbuilding and the George T. Davis and Sons Limited plants Aug. 15 last to support demand for a 15-cent hourly wage increase. Both companies offered seven cents.

### New Way To Fill Blood Banks

MONTREAL, Sept. 8—(CP)—Montreal radio station CFCF converted its studio into a blood donor clinic Saturday and for 10 hours became what is believed to have been the largest civilian clinic held on North America. During that period, as appeals for donors were broadcast, 410 volunteers streamed into the station to give nearly 400 pounds of blood for the Red Cross blood bank here. Theatre and night club performers entertained the waiting donors and a veteran taxi company provided a free service between home and studio. Another 70 donors were turned away because of lack of beds in the temporary clinic.

### Canadian Pilot Credited With Destroying Mig

SEOUL, Sept. 9—(Tuesday)—(AP)—South Korean infantry in the fourth day of battle with bullets, bayonets and fists battered in vain early today at Chinese Communist positions in Capitol Hill. The Reds up to last night had churned the hill on their east-central front with their greatest artillery and mortar shell salvos of the war—46,000 rounds by estimate of United States military observers. Meanwhile, the air war continued at high speed. Allied Sabre jet pilots reporting they downed five Russian-built Mig jets Monday, the fifth day of their duels with the Reds. Flt. Lt. Ernest Glover of Leaside, Ont., Monday was credited with destroying a Mig in an air battle over northwest Korea. He did not shoot the Mig down but out-manoeuvred it until the Communist pilot lost control and the jet crashed. Glover, an R. C. A. F. exchange pilot serving with the United States Air Force, was credited Aug. 30 with damaging two Red jets and today's action brings his score to one destroyed and two damaged. The September air score through Monday totalled 22 Mig's destroyed, one probably destroyed and 15 damaged. The fifth air force said. At this pace, Allied pilots this month would break the record of 44 Red planes destroyed last April. The crack Republic of Korea Capitol Division is making the fight at Capitol Hill. Five times the R.O.K. fighters counter-attacked in attempts to regain the heights. Brig-Gen. Lee Yong Moon, commander of the R.O.K. division said Monday the Chinese casualties "ran into hundreds killed." Fighting died down Monday in the Bunker Hill sector near Panmunjom, where the first U. S. first Marine division is entrenched. The shooting also eased in the heart-break ridge sector, on the Eastern front, held by the U. S. 25th Infantry Division.

### Charges Reckless Spending of Funds

LONDON, Ont., Sept. 8—(CP)—Chancellor H. C. Farthing of Calgary called for a commission today to investigate "reckless spending" of Church of England funds. "I want to know how the senior bodies of our church are spending money," Mr. Farthing told the 18th general synod of the Church of England in Canada. After several speakers declared the church could not afford to increase missionaries' stipends, Mr. Farthing said "I don't think we can claim to be a poor church." He criticized the authorities for holding two synods at Halifax and executive meetings at Victoria causing heavy travelling expenses. Commenting on suggestions that campaign be organized among the church membership for funds, he expressed the opinion that money could be saved in many ways.

### Security Council Rejects Proposal

UNITED NATIONS, N.Y., Sept. 8—(AP)—The United Nations Security Council rejected today a Soviet proposal calling for admission of 14 countries into the United Nations in a package deal. Only Russia and Pakistan voted in favor. The United States, China, Greece, Brazil and the Netherlands voted against while Britain, Turkey, France and Chile abstained. The vetoes insisted that each country must be considered separately on its merits rather than as a package. Countries up for membership in the package proposal were five Russian satellites, Albania, Bulgaria, Romania, Hungary and outer Mongolia—and nine countries backed by the west: Ireland, Jordan, Portugal, Finland, Austria, Italy, Ceylon, Nepal and Libya.

### Rain-Storm Floods City

DEAL, Kent, England, Sept. 8—(Reuters)—A six-hour rain storm today flooded most of this southern port of 23,000 persons. Telephone, electricity and gas supply were cut off. Additional men and equipment headed tonight for the Goodwood area, a few miles south of Halifax on the Prospect Road, where a forest fire has been burning for two days. Flames roared up again this afternoon after being temporarily subdued earlier in the day. Officials of the Lands and Forests Department said tonight the blaze was not completely under control but firefighters were "holding their own." The fire had surged over a mile through timber and bog area where flames were difficult to fight. No buildings were in danger.

### Jury Hears Last Words Of Jet Disaster Pilot

FARNBOROUGH, England, Sept. 8—(Reuters)—The last word of ace test pilot Johnny Derry echoed through a room full of scientists today hoping to find a clue to why his experimental jet fighter exploded Saturday. Derry's voice came from a recording of a radio telephone conversation Derry had with the Farnborough air show control tower a few moments before his de Havilland 110 broke to pieces in mid-air above 120,000 horrified spectators. For the present, his last words are being kept secret. The death toll of the explosion today rose to 28. Richard Norton, 14, died in hospital from injuries received when parts of the plane plowed into a crowd watching Derry's performance. A coroner's jury returned a verdict of accidental death at an inquest into the deaths of the 20 persons whose bodies have been identified. They included Derry and his 24-year-old flight observer, Tony Richards. The scream of jet planes overhead could be heard as the inquest went on. Group Captain S. W. R. Hughes, commandant of the airfield here, told the jury he was convinced that Derry had no warning at all of impending disaster. He said his belief was based on Derry's radio messages. A letter from the test pilot's widow was read at the start of the hearing. The grief-stricken wife extended her sympathies to all the relatives of those killed in the accident. No evidence was given on what caused the crash. The jury was told its job was to decide what caused the deaths, not what caused the jet to disintegrate. Meanwhile, 44 of the 62 spectators injured were still in hospital today.

### Plane Production Up Five Fold Since Start Of War

WASHINGTON, Sept. 8—(AP)—The United States air force replied somewhat testily today to accusations that it has fewer planes than when the Korean war started and that production troubles and gimmicks added to aircraft have caused delays. Air force secretary Tom Finletter discussed at a press conference what he called a "spate of comment in the papers recently." It appeared that he had in mind primarily a recent report by the Senate Armed Services Sub-Committee investigating preparedness. Among other things, Finletter said: 1. There has been "slight reduction" in the total number of planes in the air force inventory but the number of airplanes in units—which he said is what counts because that is the striking force—increased 33 per cent from July 1950 to March 31, 1952. The overall decrease came primarily from tapping the supply of planes in storage, an inventory reduced 60 per cent. 2. Inclusion of a new device in the F-86 Sabre jet slowed down production but increased "very

(Continued on page 5 col. 4)

### May Conquer Polio In 10 Years

SYDNEY, Australia, Sept. 8—(AP)—Sister Elizabeth Kenny said today conquest of polio is possible within 10 years. Scientists have isolated polio virus and now are working to develop a vaccine, she told a reporter in Brisbane. Miss Kenny arrived in Brisbane yesterday after a six-months visit to the United States. She is going to her home at Toowoomba, 80 miles from Brisbane. "My victory is won," she said. "Isolation of the virus has proved that polio is systematic disease attacking blood and tissues." Sister Kenny has been a leader, and a figure of controversy, in the fight against polio for years.

### Mickey Rooney Lags In Taxes

WASHINGTON, Sept. 8—(AP)—The government said today that movie star Mickey Rooney owes it \$32,761 in back income taxes and interest. It said Rooney should have paid the money on income received from a corporation—Rooney, Inc.—for which the actor owned worked. Rooney denied owing any taxes. He petitioned the U. S. tax court to over-rule the Bureau of Internal Revenue.

### Fire Rages Near Halifax

HALIFAX, Sept. 8—(CP)—Additional men and equipment headed tonight for the Goodwood area, a few miles south of Halifax on the Prospect Road, where a forest fire has been burning for two days. Flames roared up again this afternoon after being temporarily subdued earlier in the day. Officials of the Lands and Forests Department said tonight the blaze was not completely under control but firefighters were "holding their own."

### Will Not Use Nationalists In Korea

WASHINGTON, Sept. 8—(AP)—United States diplomatic officials said today they will continue to oppose use of Chinese Nationalist troops in Korea. They expressed surprise at reports from Taipei, Formosa, that U. S. military authorities there have been urging Washington to free two Nationalist divisions for action in Korea. If there is any such proposal or even suggestion the State Department has not heard of it, they said. In the view of these diplomats, who would not be quoted by name, the use of any Generalissimo Chiang Kai-Shek's forces would provide the United Nations with more headaches than military advantages. They said top defence department officials agree with this view so far as the State Department knows. Above all purely military considerations is the attitude of the United Nations countries with forces in Korea. It seems highly unlikely, these officials said, that other U. N. countries would approve the use of Nationalist troops for fear of extending the Korean conflict.

### Grand Jury Indicts Reporter

WASHINGTON, Sept. 8—(AP)—A federal grand jury today indicted a Chicago newspaper reporter on charges of falsely representing himself as a Senate Crime Committee official to get a story. The indictment, named Ray Brennan, a reporter for the Chicago Sun-Times. It accused Brennan of posing as office manager of the investigating committee in order to obtain a copy of secret testimony the group had received from Capt. Dan Gilbert, chief investigator for the district attorney of Cook County, Ill. The indictment charged that Brennan obtained the transcript from the Anderson Reporting Service of Washington, official reporters who kept the stenographic record of closed door hearings at which Gilbert had testified. Brennan's testimony, as reported in the Sun-Times, became an issue in the 1950 Illinois election campaigns.

HALIFAX, Sept. 8—(CP)—Official forecasts issued tonight by the Dominion Public Weather Office here and valid until midnight Tuesday. Synopsis: Sunny weather is expected to continue on Tuesday throughout the district, and temperatures are forecast to rise to near 70. Regional forecasts: Prince Edward Island—Sunny and warmer. Light winds increasing in afternoon to southwest 20. Low and high Tuesday at Charlottetown 45 and 68. High tide today at Charlottetown at 1.47 A. M. and 2.48 P. M. High tide on the North Shore at 9.32 A. M. and 9.07 P. M. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 5.44 A. M. and sets at 6.36 P. M.
