LORD ELLESMERE ON THE WAR.—At the opening of the lecture season of the Worsley Literary Institution on Tuesday evening, the Earl of Ellesmere delivered an address upon the subject of the present war, during which he said:—There had been wars attending on the wills of statesmen, of kings, and even of kings' mistresses; and he had lived in a time, when one man, contrary to the advice of all surrounding him—of his most confidential and faithful advisers—could launch the whole of France into wars that overwhelmed that country. But this was emphatically the war of the people, as far as this country was concerned. It was very natural that a people, in great sacrifices or great struggles, should be influenced either by fear or revenge. But neither of these influences had had any particular effect on the present struggle. We were actuated by a sentiment against the oppression of the weak, and by a feeling of indignation at the breach of that peace under which Europe was prospering; and these were the motives that had led us to this contest. Russia had thrown down the gauntlet of defiance to Europe, and Europe would have been disgraced, if she had not taken it up. The prevention of the extension of Russia was only a provident step on our part; and, on looking at her past history, he thought it was wise to check her progress towards becoming a great naval and military power.

A few days ago, a cow suddenly entered the house of Mr. Maskelyne, surgeon, of Hereford, by the front door, and proceeded to the drawing-room, where Mrs. Maskelyne gave so violent a scream, that the cow took a daring leap through a large bow-window, carrying away the glass, and the whole of the frame and appendages.

HOW TO BREAK UP A COLD.—Dr. Hall, in his *Medical Journal*, gives the following directions for breaking up a cold: "A bad cold, like measles and mumps, or other similar ailments, will run its course about ten days, in spite of what may be done for it, unless remedial means are employed within forty-eight hours of its inception. Many a useful life may be spared to be increasingly useful, by cutting a cold short off, in he following safe and simple manner. On the first day of taking a cold, there is a very unpleasant sensation of chillness. The moment you observe this go to your room and stay there; keep it at such a temperature as will entirely prevent this chilly feeling, even if it requires a hundred degrees Fah. In addition, put your feet in water half leg deep, as hot as you can bear it, adding hotter water from time to time, for a quarter of an hour, so that the water shall be hotter when you take your feet out than when yon put them in, then dry them thoroughly, and put on warm, thick, woollen stockings, even if it be summer, (when colds are the most dangerous,) and for twenty-four hours eat not an atom of food, but drink as largely, as you desire of any kind of warm teas, and at the end of that time, if not sooner, the cold will be effectually broken, without any medicine whatever." This theory is, no doubt, good for weak constitutions, but for a hale hearty person, we would recommend the substitute of cold water drinks in place of hot tea.

DOCTOR HOOFLAND'S CELEBRATED
GERMAN BITTERS,
prepared by DR. C. M JACKSON,
German Medicine Store,
No. 120 Arch St, one door below Sixth Philada.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of Invalids. Possessing great virtues in the rectification of the liver and lesser glands, exercising the most searching power in weakness and affections of the digestive organs, they are withal safe, certain, and pleasant.

Testimony from Maine.

CAPT. DANIEL ABBOTT, Brooklyn, Maine, July 16, 1843, says: "I was taken sick one year ago, last April, upon my passage from Havanna to Charleston, S. C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement of 'Hoofland's German Bitters' in it, I sent for some immediately, this was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me, that I had a good appetite for supper, and rested well that night, and the next day found me a well man. I have not been without your medicine since, having been sailing between Baltimore, Charleston and the West India Islands ever since. I have now given up going to sea, and reside in this place, where you should have an agency, as you could sell large quantities of it."

JOS. B. HALL & CO., Presque Isle, Aroostook Co., Maine, April 24, 1854, say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters, we think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos. B. Hall & Co.—Gentlemen—In answer to your inquiries, I will state that my daughter, aged about 16 years, had been complaining of a pain in her side, for six or seven years, and about the first January last, was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters" I was induced to try it in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health than she has for years. She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters. WILLIAM CLARK,
Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are ENTIRELY VEGETABLE, thereby possessing advantages over most of the preparations recommended for similar diseases.

The Infallible Remedy!

HOLLOWAY'S PILLS.

ERYSIPELAS OF EIGHT YEARS' DURATION CURED.

Copy of a Letter from Geo. Sinclair, Esq., of Paris, Canada, dated the 18th July, 1854.

To Professor Holloway.

Sir,—I feel a pleasure and a pride in bearing witness to the wonderful benefit I have derived by the use of your inestimable Ointment and Pills. For eight years I suffered unceasingly from attacks of erysipelas; large purple blotches came all over my body; in addition to the unpleasant feeling of itching and burning, which affected me both night and day, rendering life a misery to me, as well as to all around,—so severe was the attack. I used several reputed remedies without deriving the least cessation to my misery. At last, I determined to try your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I fee considerably better;—in three months, by continuing with your medicines, I was completely cured, and now enjoy the best of health. The truth of this statement is well known here, hence there is no necessity for me to request secrecy.

I am, Sir, yours respectfully,
(Signed) GEO. SINCLAIR.

ULCERS IN THE LEG,—REMARKABLE CURE.

Copy of a Letter from Mr. Edward Tomkinson, of Cape Breton, Nova Scotia, dated the 4th May, 1854.

To Professor Holloway.

Sir,—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg; in which there were several deeply seated and old wounds, defying the skill of some of the most eminent of the medical faculty, a variety of remedies were also used unsuccessfully; and it seemed to me that there was not any thing capable of mitigating the agonies she endured. At length, she had recourse to your Ointment and Pills, and after using them for about five weeks she was completely cured, after all other means had failed to afford her the slightest relief. I have no objection to these facts being published, if you feel disposed to make them known.

I remain, Sir, your most obedient servant.
(Signed) EDWD. TOMKINSON.

A BAD BREAST CURED WHEN AT DEATH'S DOOR!

Copy of a Letter from Mr. Henry Malden, o Three Rivers, Canada West, dated July 9th, 1854

To Professor Holloway.

Sir,—My wife suffered most severely after the birth of our last child with a bad breast. There were several holes in it one as large as a hand; all the devices and stratagems I tried would not heal them, but it assumed an aspect more frightful than before, and horrible to behold. As a last resource I tried your Ointment and Pills, which she persevered with for seven weeks, at the expiration of that time her breast was almost well; by continuing with your remedies for two more weeks, she was entirely cured, and we offer you our united thanks for the cure effected. I am, Sir, yours truly,
(Signed) HENRY MALDEN.
