

News Notes.

The liquor question will not be submitted to the people of North Dakota for at least two years.

The Duke of Argyle, a former Cobdenite and convinced free trader, has published a book on "The Unseen Foundations of Society," in which he trenchantly denounces the theorist of the present day.

The British Canadian, of Simcoe, recently gave an interesting table regarding the cheese industry and the value of the cheese manufactured in Norfolk and neighboring counties, which is worthy of reproduction:

Yet it is sometimes said that the English market is comparatively unimportant—a market which last year took \$1,000,000 of Canadian cheese alone.

That Pale Face.

For Nervous Prostration and Anæmia there is no medicine that will so promptly and infallibly restore vigor and strength as Scott's Emulsion.

Oliver—I see the fellow you rejected last year has gone out to the Cannibal Islands as a missionary. I wonder if he has succeeded with any of the inhabitants!

The Children's Enemy.

Scrofula often shows itself in early life and is characterized by swellings, abscesses, hip disease, etc. Consumption is scrofula of the lungs. In this class of disease Scott's Emulsion is unquestionably the most reliable medicine.

An old pioneer was boasting of the good old times. "Why, sir, I was once offered a league of land for a pair of boots."

"No, sir, I didn't." "Poor land, I suppose!" "Why, bless your heart, sir, it was the best land for miles round. Grass five feet high, etc."

USE SKODA'S DISCOVERY, the great blood and nerve remedy.

We do not know of any preparation that has caught the public favor in so short a time as Dodd's Kidney Pills, but when we consider that three-fourths of the Canadian people are afflicted with kidney trouble in some form or other, and that Dodd's Pills are a quick and permanent cure for all these troubles, the large and increasing demand can scarcely be wondered at.

"To whom are you writing, Grace?" "To Mr. Simpson. Shall I send anything from you?" "Lou Simpson! I think that girl is simply horrid. I wish you wouldn't have anything to do with her. Well, send her my love."

USE SKODA'S DISCOVERY, the great blood and nerve remedy.

A damsel who becomes betrothed to a bloated man is no better than he. He is a wooden one, and she is a wooden 'n' won.

George—I wonder why Ethel calls me her chrysanthemum? Binks—She may have discovered the fact that you haven't a cent.

HAWKER'S LIVER PILLS cure all stomach ills. They assist digestion, regulate the bowels and liver, tone the stomach and purify the blood.

I don't believe that girl will ever learn to waltz, said a young man. Worse than that, was the reply, she will never learn not to attempt it.

HAWKER'S LIVER PILLS, contain no mercury, are purely vegetable, safe sure and effective. Do not gripe, small, easy to take. Sold everywhere.

HARRY—Does she know you love her? FRED—She can't help knowing it. Why, she told me she had \$20,000 a year.

COD LIVER OIL has long been justly celebrated as a lung healer. Alone it is difficult to take, but combined with the Hypo phosphates in Puttner's Emulsion, it is agreeable to the taste, and unequalled by any other medicine for weak lungs.

First landed proprietor—Do you have good police protection out your way? Second landed proprietor—Do we? I well rather. We have the prettiest hired girl in the city.

How to Get a "Sunlight" Picture. Send 25 "Sunlight" Soap wrappers (wrapper bearing the words "Why does a woman cook old sooner than a man?") to Lever Bros., Ltd., 43 Scott St., Toronto, and you will receive by post a pretty picture, free from advertising, and well worth framing. This is an easy way to locate your home. The soap is the best in the market, and it will only cost the postage to send in the wrappers, if you leave the cards open. Write your address carefully.

Old lady—Don't you ever feel sick going up and down in this elevator all day? Elevator boy—Yes'm. "Is it the motion of going down?" "No'm." "The motion of going up?" "No'm." "The stopping?" "No'm." "What is it then?" "The questions."

Mrs. Snooper—I wonder if it is true, as Dr. Jacobi says, that the baby of today has a better chance of life than the baby of 50 years ago? Snooper—Certainly it is. The baby of 50 years ago is now half a century old.

THE TELEPHONE COMPANY

OF P. E. ISLAND.

PARTIES using the Telephones would find talking much more satisfactory if they would observe the following rules:—

1st. Speak with the mouth about four inches from the transmitter.

2nd. Speak in a moderate tone of voice, not too loud and distinctly.

3rd. Place the telephone so as to cover the ear, just as if you wished to shut out all other sounds. Do not press too hard on the ear.

It is possible to talk and be heard when standing back two or three feet from the transmitter, if you speak loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice.

Mr. Peter Lingley, Councillor, Peterborough, Queens Co., N. B., says:

"Oct. 21, 1892.—Last winter I had a very severe attack of the Grip, which left me very feeble and reduced in flesh. I had no appetite, and was so nervous I could not sleep. As a last resort they decided to try

I slept well, my appetite was restored and I soon became stronger, healthier and more vigorous than I had been for years. I cannot speak too highly of this medicine, as it felt that
