

Montague Group Granted \$1,500

At the monthly meeting of the P.E.I. Association for Retarded Children, which was held in the classroom at West Kent School \$1,500 was voted as an interim payment to the Montague branch. Past president, Mrs. Horace Fraser, said the Montague branch was going to open a day training class next year and had a teacher now taking training at the Truro School for Retarded Children. With generous public support of several fund-raising projects, the branch had been able to raise enough money to pay the salary of this teacher until Christmas. Additional money was needed to pay the balance of the salary for the year, and to equip a classroom she said. She also said that with two new members their total now stood at 39.

SOURIS FIRE STATION GOING UP

A new fire station is in the process of being erected for the Town of Souris. The building is

being constructed by County Construction Company and is approximately 25 x 65 feet, has

a cement floor, steel frame and will be enclosed with steel sheets.

Reduced Rates Effective Soon On Potatoes, Turnips

Premier Shaw has expressed his pleasure at the new turnip and potato rates to become effective within the next several weeks from Prince Edward Island to certain points along the Eastern section of the United States. For some months now his government has been actively pursuing this matter which is of particular importance to turnip growers and shippers.

Backed by the government, the Maritimes Transportation Commission and the local Director of Transportation B. Graham Rogers have been working persistently in co-operation with The

Canadian National Railways to try and achieve lower rates. A number of United States railways are involved in this movement and according to a telegram just received they have now concurred in the new proposed rates.

These rates will apply from Prince Edward Island points to Boston, Portland, New Haven, New York (Harlem River and 33rd Street) Providence, Philadelphia, and Baltimore. The average reduction will be about 20 cents per 100 lbs. average on both turnips and potatoes.

There will be an average difference of about three cents between the inner and outer zones. The outer zones comprise the stations west of Summerside and east and south of Charlottetown. It was impossible to have the rates set on a one zone basis but even at this the proposed reductions are gratifying, the Premier stated.

It is confidently expected that

these new rail rates will mean increased shipments by rail to the points mentioned above.

AMENDMENTS EXPECTED The new rates will become effective as quickly as two necessary amendments to the present railway tariff structure can be made which should be within the next few weeks. Shippers will be advised through the press the moment the railway tariff amendments are completed.

For the last crop season of 1958 a total of 739 carloads of turnips were shipped by rail from Prince Edward Island. It is thought that at least half of these went to the above points and that now, with the reduced rates, this number will be materially increased. In fact under the old rates it was just possible to ship Prince Edward Island turnips at times to these markets by rail. The new rates should benefit the producers, shippers, and the railways.

Teachers' Training Director Addresses Rural Workshop

TIGNISH — Teachers of Tignish local held their first workshop of the season, under the leadership of their president, Aubin J. Gallant, Nov. 10.

Mr. Gallant spoke on the theme of the C.T.F. news letter, the leadership workshop to be held in Spring Park School and the board of governors' meeting to be held Nov. 20th and 21.

Three teachers were chosen to attend the workshop and Mr. Gallant asked teachers to hand in any suggestions they might

have to improve our workshops or the work of the local in general.

A question box disclosed a good number of interesting and instructive questions.

The teachers divided into four groups to discuss three very important questions dealing with promoting education. After a lively discussion a report from each group was read giving teachers new and constructive ideas to take back with them to their respective districts.

Bellevue Community To Have Modern Lucky Dollar Store

MONTAGUE — Mr. and Mrs. Max Cooper of Bellevue proudly announce the grand opening of their new "Lucky Dollar Store" on Wednesday of this week.

This newly constructed, modern store 22 by 44 feet replaces the small general grocery store with which Mr. and Mrs. Cooper so successfully served the community for 13 years.

Added services at the new Cooper's grocery store will include frosted foods meats, ice cream, fruits and vegetables, and all ser-

vices found at a Lucky Dollar Store. Mrs. Cooper will continue to serve as it's capable manager.

Mr. and Mrs. Cooper, who are a very popular couple in their community, have two children, David, 11 and Maxine, 7. In addition to their new grocery store, they expect to open a well equipped service station in the near future.

The planning and placing of the large stock was supervised by Lee Donald for the greatest convenience to the customers.

Revival Ends At Montague

MONTAGUE — The evangelistic meetings at the Montague Church of Christ were brought to a highly successful conclusion Sunday night.

The church was completely filled with many chairs being brought in to accommodate the large congregation. This was in keeping with the exceptionally fine attendance and interest displayed throughout the two weeks of these special revival services.

For his concluding sermon, Dr. C.P. Herndon of Central Christian Church, Charlottetown spoke on the plea, the plan, and the purpose of the churches of Christ. He brought out that the plea is the unity of all Christians on the basis of the word of God. The plan is to find this unity through the restoration of the ideal church of the New Testament and the purpose is, that the world might be saved through the knowledge of Jesus Christ.

Throughout the meetings, with the exception of Sunday night services, W.O. Weale, minister of the Central Street Church of Christ in Summerside, lead the spirited Gospel singing and thrilled the congregations with his sacred solos and trumpet numbers.

On the Sunday evenings, Dick Turpin of Charlottetown led the Gospel singing in an equify fine way.

A combined choir from Montague, Murray River, and Murray Harbor greatly assisted in the singing each night, and special numbers were brought by members of the other Churches of Christ of Prince Edward Island.

On the concluding night of the campaign, nine more persons were immersed into Christ, making a total of 32 who will have been added to the church. Four were also added to the local congregation by transfer of membership.

Death In Jamaica Saddens Family

The sad news of the death of their daughter-in-law, Mrs. Gordon Bell, in Kingston, Jamaica, at the early age of 23, was received yesterday by Mr. and Mrs. M. A. Bell, Wood Islands.

Only last month she had left here to visit her home in Jamaica. About three weeks ago word of her serious illness was received and her husband and their 11-months old son left their Wood Islands home by plane to be with her.

Mr. and Mrs. Bell had formerly lived in Vancouver, but came to Prince Edward Island this June to reside with Mr. Bell's parents. In the short time she was here Mrs. Bell, the former Dorothy de Lisser, of Jamaica, had won a host of friends who will sincerely regret her untimely death.

The funeral services and burial will be held in Kingston.

Driver Uninjured Near St. Eleanors

SUMMERSIDE — The driver of a 1957 Meteor sedan escaped uninjured yesterday afternoon when his vehicle left the road near St. Eleanors and ended up in its hood in the ditch.

The driver, Douglas Owen Goodwin of Wellington told police that he lost control of the vehicle when something went wrong with the steering. Other than being a bit shaken up Goodwin was uninjured.
