Evangelistic Meetings.—It is said that Hunter and Crossley are meeting with great success in Yarmouth. The number of converts already reported is very large, and, no doubt, the result will be far-reaching in its effect.

When Eggs are Cheap.—One day last week a hen belonging to Capt. T. H. Pearson, of Highfield, Queen's Co., laid an egg which measured 9 by 7½ inches, which is considered very good laying when eggs are plenty and cheap.—St. John Sun.

"Mr. Flannigan and Miss Lannigan's character singing and clog dancing in Arrah-na-Pogue tend to give strength and merriment to Boucicault's beautiful romantic drama." Heed this good advice, then, and go to the Opera House on the 25th and 26th.

Missionary Meeting.—The public quarterly missionary meeting will be held to-night in Zion Church lecture room at 8 o'clock, instead of the usual prayer meeting. The Rev. Mr McCurdy, of Bonshaw, will give the address. A number of songs will be rendered, and a silver collection will be taken in aid of the mission.

Mount Allison Anniversary.—Visitors to the Mount Allison anniversary exercises can obtain return tickets from all stations to Summerside at one fare from the 21st to the 28th inst., inclusive, good up to and on June 5th. On obtaining tickets they should ask for standard certificate of purchase, which on proper completion at Sackville can be presented to to conductors on the return trip. Return tickets at one single fare will be furnished visitors on steamer Northumberland, if asked for when purchasing tickets. Certificates also will be given, to be endorsed by proper officials at Sackville. On procuring tickets at Point du Chene for Sackville, visitors should not fail to ask for standard certificate in order to secure free return tickets at Sackville.

Sporting Notes.—St. John is to send a four-oared crew to Halifax. Eight men have gone into training under the direction of Elijah Ross, and from these eight the crew will be selected.

Kid McCoy and Mysterious Billy Smith met in the Newton Street Armory, Boston, on Monday night. McCoy got the decision in the sixth round, on a foul break by Smith.

Bubear and Barry, the English oarsmen, have intimated their intention of taking part in the Halifax carnival regatta. Together with Wingate and Haines, they will represent England, and defend the world's championship, which they won at Texas last summer.

Morin, the celebrated French bicyclist, beat John S. Johnson, the American, in both heats of the 2,000 metres race at the Velodrome de la Seine, a few days ago.

Police Court.—This forenoon four boys named Allan Macdonald, Jeremiah Maher, Francis McRae and Frank Gormley, ranging from 10 to 12 years of age, appeared to answer a charge of breaking and entering the store of McMillan & Hornsby on Sunday, and stealing therefrom. From the evidence it appears that the boys climbed upon a roof in the rear of the store occupied by McMillan & Hornsby, and effected an entrance by means of a window, and after getting inside they stole a quantity of knives, which they subsequently sold to their friends for what they could get. The boys were remanded until to-morrow.

Off the Skids.—The old St. Dunstan's Cathedral building went off the skids this forenoon and came down upon the blocks with a crashing noise that caused considerable alarm to those working about it and to those in the vicinity. There were several men under the structure at the time, but fortunately no one was hurt. The building was considerably shaken by the mishap. The floor is badly bulged and torn up and the plaster on the ceiling and walls is broken in many places. The altars have also been damaged, and some of the ornaments have been broken. It is thought that the organ is also damaged. This afternoon the building is being "jacked up" again, and a thorough examination of the damages will probably be made to-day or to-morrow. The building is within a few inches of being on its proper site, and the mishap occurred as it was getting what it was thought would be the final pull.

CIVIC SALARIES.

Sir,—One of the most distinct issues at the last civic election was a reduction of taxes. Many citizens are surprised to learn that the old rate still prevails. Even worse than this—that it is made necessary in order to increase the salaries of a ready over-paid city officials. In one case a reliable citizen offered to perform the work for $100 less than is paid the present incumbent, and yet the Council, or some of them, actually propose to throw in another $50. In another they propose an increase of $100 to an official whose work could be performed for $200 less than his present stipend. The citizens supposed that they were electing Councillors to transact the city business not automatic squandering machines.

LIBERAL-CONSERVATIVE MEETING AT STANLEY BRIDGE.

A very large meeting of the electors of New London and vicinity took place in Stanley Hall last evening. The meeting was called to order at 7.40 o'clock. Dr. Macneill presided, and read the following address of welcome to Hon. Senator Ferguson:

ADDRESS.

To the Hon. Donald Ferguson, Senator and member of the Privy Council of Canada:

Sir,—On behalf of the Liberal-Conservatives of Stanley Bridge, Hope River, Bayview, Granville, Millvale, Clifton and adjacent settlements of New London, we welcome you to this meeting, and beg to tender to you our congratulations on being a member of the Government under the able leadership of Sir Charles Tupper, bart.,—a Leader who is alive to the great interests of Canada, and thoroughly imbued with loyalty to the Crown, and closer trade relations within the British Empire.

We are not unmindful of the great interest you have taken in politics since you were called to the Senate, and we look with pride to your able representation of our claims to additional railway facilities, and that you made it clear, beyond doubt or cavil, that this question of railway extension in this Province is no electioneering dodge, as our opponents in their obstructive tactics are continually declaring; but, on the contrary, that the records have committed the Government to the building of those branches as fast as they can be overtaken.

We have especial reference to the extension from Emerald to Stanley Bridge—a branch that is greatly needed by the inhabitants of this north side, hampered as we are with bad harbors and debarred from any steam communication during summer or winter. We desire, also, to direct your attention to the fact that upwards of twenty years we have been claiming and advocating railway extension to this place, and although we have on various occasions and particularly in February, 1891, at a joint political meeting held at Clifton, passed a unanimous resolution in favor of this branch, and although we urged upon all candidates and members elect, not one of them has opened his mouth in our behalf in Parliament. Although at that election you were defeated, yet we desire to acknowledge our indebtedness to you in presenting our claims the very first opportunity you had of carrying forward our views as advocated in our resolution at that meeting, proving clearly that you take a broader and more comprehensive view of public questions, and a more patriotic one than the narrow obstructive tactics of party. We have, therefore, confidence that a continuation of your efforts in this direction will carry these matters to final fruition.

We also notice the position which you take with regard to the religious embroglio created by the Manitoba school question, a question that should never have entered the arena of Dominion politics, and we heartily agree with the leader that it is not a question of separate schools, but of a sacred compact, and when a living witness like Sir Leonard Tilley, of whom the Presbyterian Witness has said, "his words will command attention," gives as a reason for the compact "that the delegates from Manitoba, as I distinctly, remember, claimed that the minority there should be placed in as good a position as the minority of Ontario and Quebec," and further "it appears to me" he said, "that there can be no question as to the rights secured to the minority of Manitoba by the constitution, and it seems to me very important that the history of the case should be understood, because my observation has been that many of both parties who oppose remedial legislation do so because they are opposed to separate schools."

"It seems to me that sympathy ought to go out to the aggrieved rather than to the aggressor in Manitoba. If the case had been otherwise and Quebec Province had repealed the provisions allowing Protestants their separate schools we would all have protested and demanded protection, and would be justified in doing so."

Again he says "The real question is whether as a nation we intend to keep faith or break it."

As every reasonable citizen is anxious to fulfil a covenant or stipulation made in good faith with even the humblest individual as well as a community, we see no good reason to allow ourselves to be divided as to the merits or demerits of separate schools. If the terms of union with Manitoba can be violated, so may the terms of union with Prince Edward Island, our winter communication and every other stipulation be broken. We incline to the opinion "Let justice be done though the heavens should fall," and a man who takes that course will not materially err.

Your knowledge of agriculture and intimacy with the farmers of this Province eminently qualifies you to represent our interests in the Councils of our country at Ottawa, and we trust you will continue to urge our claims in the future as in the past, and we are of opinion that the people in this Riding will show by their support that they, too, are in earnest, and will heartily support a government that aims at building up and fostering every industry and pursuit in Canada.

(Signed) R. Macneill,
President Lib. Con. Assn., Lot 21.

Hon. Mr. Ferguson replied in a long, able and exhaustive review of the public questions, dealing at length with the branch railways, the Manitoba school question and the trade policy. His remarks, especially that portion relating to the branch railway to Stanley Bridge, were listened to with the utmost attention by a deeply interested audience, who showed unmistakably their desire to have this long-neglected work completed without undue delay. The assurance given by the Senator in behalf of the Government appeared satisfactory to all present, and the people of New London and Hope River are determined to do all in their power to strengthen the Government in its praiseworthy undertaking.

Dr. Jenkins, who arrived during the delivery of Mr. Ferguson's speech, and who was received with unbounded enthusiasm, next addressed the meeting, fully explaining his views and promising to use his best efforts when elected, to further the interests of the district and especially the branch railway. The Doctor's remarks were well received and he can depend that on election day New London will do its duty by him in the good cause he represents.

Mr. W. S. Stewart was then called for, and in a very able manner alluded to the general policy of the Government—dealing with the debt, the Manitoba School Question and the National Policy. His remarks were well received, and at the conclusion, greatly applauded. He can always depend upon a good hearing at Stanley Bridge.

Short speeches were then made by Arthur Simpson, Esq., and Mr. Doyle. The meeting closed at a late hour, with three cheers for the Queen, the Branch Railway Senator Ferguson and Dr. Jenkins.

Our correspondent writes: "There is no mistake but the Railway Question has taken a deep hold upon all classes in New London, and the surprise is universal that this matter has been so long overlooked and neglected by our late representatives in the House of Commons at Ottawa. A change in men is in every way desirable, and according to present indications will not be long deferred."
