THE STANLEY arrived from Pictou about eleven o'clock this forenoon. She made a splendid run over, and came in the harbor and up to the wharf without any trouble.

CANADA'S INTERNATIONAL EXHIBITION.—The Exhibition Association of the County and County of St. John announces that its Exhibition will open on September 24th, and close October 4th, 1895.

POLICE COURT.—This forenoon three drunks were disposed of for fines of \$2 or 15 days each. Frank McAtee and Donald McPherson were arraigned on a charge of stealing liquor from the premises of H. Stanway. After examining several witnesses the further hearing of the case was adjourned until this afternoon at half-past two.

DON'T FORGET IT?—What? Ten nights in a bar room, at the Salvation Army barracks, tonight. Cruikshanks great picture will be thrown upon the canvas. This touching story of the drunkard's home, with its great moral lessons was well received on the occasion of its former presentation, and many persons could not obtain admission so great was the crush. It is to be repeated to night by request, and those who were unable to witness it last week will be able to do so tonight.

A. O. H.—The third annual social under the auspices of Division No. 1, Ancient Order of Hibernians, was held last evening in the Division's quarters, Macachern's building. About sixty couples were present, and a most pleasant evening was passed. Worth's orchestra furnished the music for dancing, and the Messrs. Quirk were the caterers. The hall was appropriately decorated. The Committee and all concerned are to be congratulated upon the success which attended their efforts.

MILLINERY SHOW.—As part of their grand Easter display, Messrs. James Faton & Co. show in their eastern window to-day a line of handsome bonnets and hats in all the latest styles, and mostly all trimmed in the establishment by their well-known head milliner, Miss McCachern, who is an expert in that line, and acknowledges to be one of the city's leading milliners. Interspersed are some Japanese curios. The display undoubtedly surpasses all former efforts of the kind, and no lady should miss the opportunity of seeing it.

TOO MANY EGGS.—The story is told of a little boy, the son of a well-known local politician, who on Sunday last—Easter Day—asked his mother at breakfast how many eggs he might eat and was told he could have all he wanted, but that if he took too many he might have to leave the church. The services at this church on that day (which by the way is not a thousand miles from Charlottetown) were specially bright, and gave offence to a few of the more straight-laced members, who showed their disapproval by leaving the edifice in a very vigorous and emphatic manner. Our little friend watched them earnestly and anxiously until they disappeared, and then turning round to his mother with a sigh of relief said "Mamma, I guess they must have eaten too many eggs."

DIED FROM HER INJURIES.—We regret to hear that Mrs. Edmund Macdonald, of Nine Mile Creek, was so badly burned at that place on Sunday night, that she died from her injuries. It seems that while Mrs. Macdonald was alone in the house a lamp accidentally upset and fell upon the stove. When the lamp fell an explosion took place, and Mrs. Macdonald's clothing was set on fire. When the accident occurred, Mrs. Macdonald rushed from the house screaming, her clothing in a blaze. Her father, who was near by, ran to her assistance, and succeeded in extinguishing the fire. But the poor woman was so badly burned that she lived only about half an hour after the accident, notwithstanding the prompt arrival on the scene of medical aid. Mrs. Macdonald is about fifty-seven years of age. She was a sister of Mr. Joseph Lane, foreman in Duchemin's factory, and a sister-in-law of Captain Macdonald, of the Southport. Her relatives and friends have the sympathy of all.

CITY COUNCIL MEETING.

A special meeting of the City Council was held last night to consider an application from the Water Commissioners asking the Council to authorize them to issue debentures to the amount of \$20,000 for the construction of a second main water pipe line from the pumping station to the pipe on Kent Street, via the Malpeque Road.

Councillor Tanton moved the following resolution, which was seconded by Councillor Douse:
Resolved, That in the opinion of this Council a second main pipe connecting the pumping station with the pipe system of this city is not required and that no debentures be issued for said purpose until the citizens ask for its construction at a public meeting in the Market Hall.

Councillor Hughes moved the following amendment, which was seconded by Councillor Hooper:
Resolved, That the Water Commissioners be requested to furnish this Council at a special meeting to be held on Thursday, 25th April, at 5 o'clock p. m., with a detailed estimate of the cost of constructing the proposed second main water pipe, also an estimate of the probable revenue to be derived therefrom.

The amendment was carried on the following division:
Ayes—Hughes, Hooper, Hazard, Fenell, McCarron.
Nays—Tanton, Douse, Taylor.
The Council then adjourned.

After the special meeting adjourned, Councillor Hazard called attention to the Park roadway, and reported what had been done by the committee. As it might be necessary to have another survey made, he asked that Council to give the committee power to employ a surveyor if necessary, which was granted.

THE FIREMEN REMEMBERED.

Chief Engineer Large yesterday afternoon received the following letter which is self-explanatory:
Charlottetown, P. E. I., April 15, 1895.
A. Newton Large, Esq.,
Chief Fire Department.

Sir,—I have to express my sincere thanks to the Fire Brigade for the manner in which the work at my house was performed on Saturday evening last. It seems to me to be almost impossible to expect that you could have got the hose over the lead roads between the Willow Corner and the hydrant. Without your assistance there is no doubt, my house would have been completely destroyed. I enclose a check for \$30, which I venture to hope the members will accept from me, as a small acknowledgment of the service performed. I remain yours sincerely,
E. J. FERGUSON.

Chief Large, through THE EXAMINER, desires to return the sincere thanks of the Fire Brigade to Hon. Mr. Peters for the handsome manner in which he entertained the men after the fire, and also for the donation to which reference is made in the letter published also.

Whatever stand Cornell may take in regard to intercollegiate athletics, the Cornell students will not lack physical exercise. All the male students are required to take military drill the first two years they are in the University. The students are organized into a battalion by an army officer, who is detailed for that purpose by the Secretary of War. This winter, Lieut. Bell, the commandant, has organized a company to learn bayonet and sabre fencing, and the officers of the company also received practice in handling the sword. The lieutenant is confident that the results will prove as beneficial and interesting at Cornell as they have at West Point.

A report reaches Havana from Palmarit, a village in the province of Santiago de Cuba, of an engagement between the government forces and insurgents near that place. The government forces were made up of regular infantry and a number of volunteers, while the insurgents were under the command of Brigadier-Gen. Crombet, who it is said, was killed. One colonel, Major Fortier and Thos. Sano, secretary of General Macoco, were taken prisoners by the government forces. One lieutenant was wounded. Jorge Estrada surrendered all the men belonging to Macoco's expedition. The troops are in pursuit of the rest of the party.

The Simpson fire in Toronto, by which nearly a million dollars worth of property was destroyed, has been declared by the coroner's jury to have been of incendiary origin. That such was the case was stated at the time of the conflagration.

MEETING OF PRESBYTERY.

The Presbytery of P. E. Island met in the hall of Zion church this morning. There was a fair attendance of ministers and elders. Rev. George MacMillan, formerly of Malpeque, being present, was invited to sit and correspond. A correspondent was read bearing upon the applications of certain Presbyteries for leave to receive certain ministers from other churches as ministers of the Presbytery church in Canada. A hearty and unanimous call from the congregation of West River and Greenhill to Rev. J. R. Coffin, of Bloomfield, was presented and accepted by him. In severing his connection with the congregation of Bloomfield Mr. Coffin reviewed his work for the past eight years, and showed that substantial progress had been made along all lines.

The Presbytery reluctantly accepted Mr. Coffin's demission and fixed Sabbath, April 21st, as the date of the termination of his ministry in Bloomfield. Rev. Mr. Fraser was appointed interim moderator of the session.

At the afternoon session calls from Mount Stewart, Richmond Bay and Colebrook, all in favor of Rev. Malcolm Mackenzie, probationer, will be presented. A motion will be made to reconsider certain action taken at the last meeting of Presbytery, on account of the small representation present at that meeting.

Dear Doctor,—I am so well pleased with the work you have done for me, that I will take it as a special favor if you will give publicity to this letter. I positively assert that after an hour's use of your instrument, two or three years under the hands of many dentists, you are the only one who ever extracted a tooth for me absolutely without pain. The TEN teeth you removed for me at one sitting did not hurt a particle, as Mr. James Lawson of Tryon, who was present at the operation, bears me out. The man who invented your method should be knighted. I am very gratefully,
