WILL IT BECOME POPULAR?

How Do You Like This New Fad?

Vegetarians, anti-coffee drinkers and food cranks of every description must now take a back seat for a new fad has the floor.

A society has recently been formed, the members of which pledge themselves to eat no food whatever that has been cooked. They claim that uncooked food is the only rational healthful diet; that our remote ancestors ate no cooked food, and therefore if we do the same, vigor and health will be our reward.

Raw meat, raw potatoes, raw wheat, raw eggs, raw everything, is the enticing bill of fare held out to the enthusiastic food crank of the future and the society proposes to establish restaurants in the larger cities where this delightful menu may be served daily.

Modern cooking is often a dyspepsia producer, because we fry so many foods which should be baked, roasted, broiled or boiled; fried food is indigestible because each particle of food is encased in hot grease which the digestive juices of the stomach can not easily penetrate; but properly cooked food is more easily digested than the same food uncooked, and we predict for the new fad a very limited following.

The real cause of indigestion is the lack of Hydrochloric acid and peptones in the stomach so that no matter how well cooked the food, it cannot be well digested unless the gastric juice is abundant and contains the necessary peptones to dissolve the food.

Therefore the most sensible cure for poor digestion is to take after each meal some safe and reliable digestive like Stuart's Dyspepsia Tablets, which supply peptones to digest the meat and eggs and diastase to digest the bread, potatoes and similar starchy foods.

Laxative medicines never cure indigestion because they have no digestive effect whatever upon the food; on the other hand if the food is properly digested there will be no need of laxatives; good digestion does away with constipation.

Stuart's Dyspepsia Tablets contain pure aseptic pepsin (government test) diastase and the digestive elements which weak stomachs lack and they cure indigestion by assisting the over-worked, run down stomach in its hard work, until it is restored to its normal condition, when the tablets are no longer needed, but there are thousands of robust men and women who never eat a meal without taking one or two of Stuart's Tablets, because by so doing they can eat what they please and when they please and be free from any bad after effect.

Stuart's Dyspepsia Tablets are sold by druggists everywhere in the United States, Canada and Great Britain.

More Guns.

LONDON, Nov. 17.—"The Indian government," says the Simla correspondent of the Daily Mail, "is about to spend £2,500,000 on new guns for the Indian army."

LIGHT UPON A DARK QUESTION.

Did Chinese Discover America and Build Temples in Mexico.

MONTEREY, Mex., Nov. 17.—The report that the American officers have unearthed ancient records in Peking showing that the Chinese discovered American 1,500 years ago and erected temples in Mexico has aroused the greatest interest among the scientific men of Monterey and throughout this country. The Chinese temples alluded to are in the state of Senora, on the Pacific coast. The ruins of one of the temples were discovered near the town of Ures in that state about two years ago. One of the large stone tablets found in the ruins was covered with carved Chinese characters, which was partly deciphered by a learned Chinaman, who visited the ruins at the request of the Mexican government. This Chinaman made the assertion at the time that the ruins were those of a temple which had been erected many centuries ago by Chinese, but his statement was not received with credence. It has long been claimed that the Indians of the state of Senora are descendants of the early Chinese settlers. They possess many traditions and characteristics of the Chinese. If the report of the finding of the records in Peking shall be verified an expedition will go from here to explore further the ancient temples of Senora.

THE BRITISH LIBERALS

Want Lord Rosebery for Leader.

LONDON, Nov. 17.—This morning the Daily Chronicle announces that the invitation which Sir Henry Campbell-Bannerman, in his speech at Dundee, Thursday, extended to Lord Rosebery to resume the leadership of the whole party, was made with the concurrence of its principal members. "It may be taken for granted," says the Daily Chronicle, "that this will be put in a shape still more formal and deliberate before the February session of parliament, if not immediately, by the summoning of a meeting of the party for this purpose and that he will receive an invitation from a party practically unanimous." That the advent of such a virile personality to the leadership of the liberals will not be welcome to the conservatives, who recognize that they have a difficult task to face in parliament, despite their big majority, is reflected in their comments, or the comments of their organs, on Lord Rosebery's address at Glasgow yesterday. The Standard and Morning Post both point out that, though Lord Rosebery follows many others in indicating that difficulties confronting the nation, he has no advice to offer as to the remedy.

Stopping Remittances.

SHANGHAI, Nov. 17.—Vice Admiral Seymour, on board the British battleship Centurion, and Herr Knappe, the German Consul-General here, on board the Kurfuorst, have ascended the river with the object of stopping remittances to the court and securing the payment of customs funds into the foreign banks.

Lynch Again.

LIMON, Col., Nov. 16.—Preston Porter, jr., a colored lad, was burned at the stake near here yesterday. He was charged with cruelly murdering a little girl. The negro was taken from the officers on the train and put to death near the scene of the alleged crime.

—We announce today, with regret, the death of Mr. P. V. O'Reilly, son of Mr. James J. O'Reilly of this city. Mr. O'Reilly was a printer by trade. He graduated from the office of Mr. Geo. W. Gardiner, and afterwards worked as foreman for him for several years. Then he went to New York where he worked at his trade for two years. In the fall of 1899, Mr. O'Reilly contracted a cold, from which he did not seem able to rally, and at the suggestion of his father he came to Charlottetown in January last. But the desired effect was not obtained. Notwithstanding all that could be done for him he gradually sank, and yesterday forenoon he entered peacefully into rest. Mr. O'Reilly was, in every respect, a model young man. His early death is deeply regretted. Much sympathy is expressed for his father and brothers in the loss they have sustained.

Let Them Have Their Rifles.

OTTAWA, Nov. 17.—Dr. Borden favors the idea of presenting each of the Canadians who served in South Africa with the rifle which he carried through the campaign.

ASTHMA CURED

There Were Only Four Cases of Asthma in Nanaimo, B.C., and Have All Been Cured by Clarke's Kola Compound.

THE FACTS AS GIVEN BY A LEADING DRUGGIST.

Mr. Watkinson, a bricklayer with Vancouver Coal Co., states: "Clarke's Kola Compound is the only preparation that ever gave him any permanent relief from asthma. Before taking this remedy he lost one month's work through asthma, and since he has not lost a day during the past year. He says, 'I consider it a God-send to the asthmatic.'"

A well-known cigar maker, who used to be a great sufferer, and could not do any travelling outside this city, told me the other day he makes his trips to Union and other places regularly, and has not had a single attack of asthma for over a year. "Thanks to Clarke's Kola Compound." He said no amount of money could estimate its value to him.

Mr. J. C. Wilson, a carpenter here, was almost a hopeless case, and is now completely free from asthma. He took but four bottles.

Mr. Alex. Dixon, a well-known contractor here, who was the first case of asthma cured, says he has spent hundreds of dollars during ten years in search of a cure, but has at last found it in Clarke's Kola Compound. He took in all about six bottles, and is completely cured. He has sent several fellow-sufferers to my store for it. Signed, F. C. Stearns, Pharm., Chemist, Nanaimo, B.C. Clarke's Kola Compound will permanently cure any case of asthma or chronic bronchitis. Sold by chemists everywhere. Send for Dr. Clarke's Book on Asthma, free. Address The G. and M. Co., Limited, 121 Church Street, Toronto.
