Moncton Man Guest Speaker At Summerside

Dr. Frank E. Archibald, Ph. D. of St. John's United Church, Moncton, was the guest speaker at the Holy Week's service in Summerside to capacity congregations each evening. The resident ministers presided. Under the general theme, "The Man Upon The Cross", the several aspects were depicted in the different churches, as follows: On Monday evening "Christ's Lonely Terrible Choice" in the Church of Christ with Miss Evelyn MacLure as organist; Tuesday "He Passes On" in the First Baptist Church, with J. H. Leemis Organist; Wednesday, "His Enemies Come In" also in the Baptist Church; Thursday, "Plate Takes A Hand" in the Presbyterian Church, with Mrs. Cleve Whelan as organist; Friday "The Smashing Climax - The Cross" in Trinity United Church, with Miss Mary Geldart as organist. The choirs of each church led the congregations in the songs of praise. Two vocal solos, "Open The Gates Of The Temple" and "Were You There" were feelingly rendered by Mr. Lowell Hancock on Thursday evening and the solo "He Smiled On Me" was sung by Miss Beth Harper on Friday evening. Dr. Archibald traced the cross through the life of Jesus from His lonely choice in the wilderness temptations, through His ministry Gethsemane and finally to Calvary itself. He sought to reveal the courage and devotion of the Master, reminding his hearers that the reason we do not understand the cross better is not because we are not clever enough - it is because we are not good enough. The closing sermon on Good Friday evening pictured the miracle of love. Christ's refusal to come down from the cross, staying until taken down in death. The discouraging by the talented guest speaker were much appreciated by the various congregations. - S.

S'side Trade Board Opposes Proposed CNR Bus Service

At the regular meeting of the Summerside Board of Trade held in the Town Hall on Thursday evening and presided over by the president, Mr. A. S. Hopkins, the Board went on record as opposing the proposal of the Canadian National Railways to inaugurate a bus service in this Province. Mr. Alan Holman, in bringing this matter to the attention of the Board, said that he felt that already there was a good bus service in Prince Edward Island, giving excellent service to the general public. Various expressions of opinion by the members indicated that in the view of some the motion was somewhat premature and that it should be left over until a later date when fuller information on the matter was available. A vote being taken, however carried the motion. Considerable discussion was given to the matter of weekend closing of business houses in Summerside. It was not intended that any action be taken on this matter at Thursday night's meeting. Discussion was held with a view of ascertaining the opinions of various business men present, and as a basis for a recommendation to be brought in later by the retail merchants committee. The suggested change is that instead of closing on Wednesday afternoons, stores and other business houses remain open on that day and on Friday night as well as Saturday night, and remain closed all day Monday. It was pointed out that this system, and has been in use in many other centres in Canada and the United States for some years. Rotary Application A letter was read from the president of Rotary Club asking the Board to support their request to the Town Council to have a policeman stationed at the two Summerside schools during the time the children are going to and coming from school. Mr. Alan Holman, vice president of the club, pointed out that Rotary has gone to great lengths to provide protection by means of "patrols". However, he said that now that the hospital is situated in the vicinity of the school, traffic has greatly increased and although the average motorist is careful in driving in this section there are some who use the street as a speedway. The patrols, he pointed out, are capable of looking after the children as far as keeping them on the sidewalks but are powerless to control traffic in cars. The Board moved to support the request for this police protection. A letter from Mr. B. Graham Rogers announced that both car ferries would be in operation between Borden and Tormentine from June 15th to October 15th. It was announced by the secretary that two representatives of the Income Tax Department will be at the post office to assist citizens in making out their returns. They will be here from April 22nd to April 25th inclusive. The meeting was addressed by Mr. John Morris, Charlottetown, regional vice president of the Junior Chamber of Commerce, who delivered an interesting talk on the work and aims of the Junior Chambers. He showed conclusively that the formation of a Chamber in a town where the Board of Trade is in operation does not tend to conflict with the work of the Board but rather the Junior Chamber aids and assists in much of the work that is laid out and planned by the senior Board. No action was taken on Thursday night to form a Chamber in Summerside but it was decided that the matter would be taken up at the next meeting and given further consideration. A verbal resolution opposing the railway's bus proposals was approved 9-5 by a show of hands. Among those who urged that a decision on the matter be deferred was Mr. E. P. Foley, M. L. A.

Let's Talk It Over by "d"

There is another kind of foot-and-mouth disease which we have had here for a long time. We refer to the fellow who always says the wrong thing to the wrong people at the wrong time. Every time he opens his mouth, he puts his foot in it. The highways are in their usual deplorable condition which can be expected at this time of year. Something rather unexpected, however, was the fact that one of the really difficult stretches of pavement to get a car over in all Prince Edward Island early this week lay right in the middle of Summerside's main street between Spring Street and Summer. Large hummocks of snow turned to ice gave car-springs a real test of their durability. Old Mother Nature is the best snow shoveller of all-and the cheapest-if you give her lots of time. But she takes whole days off, and does little enough work on other days. Working without pay, she is naturally a pretty independent laborer. It's a bit discouraging to wait on her whims. We were struck forcibly with President Truman's recent remarks about where the fault lies in the dispute between the steel corporations and labor. Possibly it is because the president has decided not to enter the presidential race this year, that he has come out with such frank criticism of the steel magnates. It is his claim that the steel industry can afford to give labor wage hikes and still make enough profit without raising its prices. Labor generally gets most of the blame for those crippling strikes, but doubtless there is fault on both sides. Our new Prince County Hospital is an institution of which Prince County residents can feel justly proud. It represents, however, as it now stands, a piece of unfinished business. The nurses live too far away from their base of operations. The drive is on. Let us give the hospital authorities the tools so they can finish the job. "GREAT MISSOURI RAID" AT THE CAPITOL - A bloody and turbulent period in the history of the Middle West has been brought vividly to life in Paramount's Nat Holt production, "The Great Missouri Raid", at the Capitol Theatre. Violent action, spectacle, suspense and romance are wrapped up into one alluring entertainment package in this seething enactment of mid-19th century strife. Starring Wendell Corey, Macdonald Carey and Ward Bond, this Technicolor film brings to the screen for the very first time the authentic story of the famed James boys-how they were driven into a career of lawlessness and the bloody events that followed. As Missouri farmers during the Civil War, Frank and Jesse James lead a band of raiders to hary the Union troops who are burning and plundering farms in the countryside. When they apply for post-war amnesty, a vengeful Army major, whose brother was killed in an assault on the James farm, refuses to accept their surrender and orders a drunken troop of cavalrymen to attack them from ambush. This plunges the James band into a life of crime, and in league with the Younger brothers, who have also been denied amnesty, they engage in a daring series of daylight assaults on the cavalry. When the major who has been pursuing them returns to civilian life and organizes a bank protection agency, the band boldly loots those banks which he has contracted to guard, and they climax their desperate exploits with the first great train robbery in history. As Frank James, Wendell Corey gives a rugged portrayal of a man forced into a life of crime, and Macdonald Carey supplies a realistic interpretation of Jesse James. Ward Bond turns in another top performance as the relentless Major Trowbridge who dedicates his life to the pursuit of the famed outlaws, and Ellen Drew and Lois Chartrand are competent and appealing as the romantic interests. Also performing effectively in co-starring roles are Bruce Bennett, Bill Williams and Anne Revere.

Milestone In History Of S'side Y's Men's Club

Thursday was a milestone in the history of the Summerside Y's Men's Club, being the fifteenth birthday, and the memorable event was duly observed by the members at the regular weekly luncheon meeting on that evening. The first president of the club, William Currie, was chairman and seated at the head table were the charter members of the club, who are as follows: Dick Hinton, Harry Holman, George Clark, Hillard Clark, Lindsay Willett and Horace MacFarlane. A new club banner with the words, "Summerside, P.E.I." and a badge of award were on display for the first time. Guests were, Art Duvar, district governor, Maritimes East; Fred Gamble, secretary of the Y.M.C.A. of both Charlottetown. Messrs. Harry Bishop and Earl Smith of Summerside also were guests. Parker Crockett was welcomed as a new member. A large birthday cake bearing 15 candles and the emblem of the club was presented by past president, Hillard Clark. Don Sears and John Leuty were in charge of this week's movies at the hospital and left during the meeting to attend to this very worthwhile project which is carried out each week for the pleasure of the patients in the hospital. Ken Walker, chairman of the Easter dance committee, passed out the tickets which will only be sold by Y's Men and not at the dance hall. Mr. Harper invited the members of the club to attend the first of a series of community sing songs which will be held this Sunday afternoon from 2:00 o'clock to 3:00 o'clock in Trinity United Church.

Alberton and Vicinity

Mr. Waldo Matthews is confined to his home by illness. F.O. R. D. McKinnon, R. C. A. F., Summerside, spent the Easter holidays at his home in Alberton. Mr. Albert Aitken of Montague, is the guest of Mr. Henry Clarke, Alberton. Miss Shirley Wallis arrived on Friday from Windsor, N. S., to spend the Easter holidays with her parents, Rev. and Mrs. A. R. Wallis, Alberton. Miss Fernie Wilkie, Charlottetown, is spending the Easter weekend with her parents, Mr. and Mrs. Arthur Wilkie, Alberton. Mr. Gordon Ramsay, employee of the N. S. R., spent Good Friday at the home of his parents, Mr. and Mrs. George Ramsay, Alberton, returning to Borden on Saturday. The many friends of Rev. J. R. McMahon will be pleased to know he was able to return to his home on Friday from the Western Hospital, Alberton, where he has been a patient for the past week. A short power failure occurred in some sections of Alberton last night caused by a fire in the muffler of one of the diesel power units at the Maritime Electric Power Co., Alberton. Full power was restored about nine o'clock. -F.W.

Prince County Fish and Game Ass'n Meeting

The Prince County branch of the Provincial Fish and Game Association held its annual meeting at the Armouries in Summerside, Thursday evening, with the president, Dick Fournier, in the chair. In his report of the year's activities he pointed out that the branch had doubled its membership during the past year. This was due in part to the interest stimulated by holding meetings in various localities, such as Tignish, Alberton, Kensington, Borden, Tyne Valley, etc., instead of sticking to one place for all meetings. He announced that the Provincial Fish and Game Association was hiring a biologist to study upland game shooting, and also to assist the Association in setting up an educational program in the schools for the study of wild life conservation. The secretary-treasurer, Norman E. MacLeod, spoke of the change made in the Dominion fishery regulation late last year to the trout fishing on P.E.I. would be from April 15 to September 15 (both dates inclusive) instead of starting on April 16 as in former years. He outlined the re-stocking program carried out in ponds and streams last year, advising that official figures on fingerlings released would be published in the local papers in the course of a few days. Fishing licenses have been distributed to all sections of the province, Mr. MacLeod said, and are now available to anglers. Compliments Branch Hon. J. Watson MacNaught, parliamentary assistant to the Minister of Fisheries, was the guest speaker. He complimented the branch on its fine work since its organization three years ago. He was especially pleased to see the same of the dams which had gone out of being restored. Mr. MacNaught pointed out that Prince Edward Island had the most productive trout-rearing ponds and streams in North America. The Federal Fisheries Department has been carrying on experiments over a number of years, and making further studies of streams with the idea of bringing about more improvements for fishermen in this province. His department's primary concern, of course, was commercial fishing, but it also did considerable work with trout investigation. A vote of thanks was given Mr. MacNaught after his address. A brief from the Provincial Fish and Game Association was read at the meeting. Comments were invited, and a number of resolutions were passed suggesting amendments to the Fish and Game Act. The consensus of opinion of the meeting was that license fees should be higher for anglers and gunners from outside the province. Bag limits, on upland game birds, regulations concerning the use of hunting dogs, and the question of having licensed guides in the province were also discussed. The election of officers saw the three chief officials returned to office for another year. They were: President, Dick Fournier, Borden; vice-president, Omer Bernier, Tignish; sec'y.-treas., Norman E. MacLeod, Summerside. Others making up the executive of the branch were: D. H. Gallant, Miscouche; Fred Flatts, Tyne Valley; Cecil Dennis, O'Leary; Edward Millman, Alberton; Camille Chaisson, Tignish; Reg. Rogers, Borden; and Fred Semple, Kensington. Six directors to serve on the provincial executive committee were as follows: The president, vice-president and secretary-treasurer, and Morley Bell, Robert Palmer and Allison MacLean, all of Summerside. The next meeting will be held in O'Leary, the latter part of April.
