Excelsior Flour.

THIS FLOUR, when once introduced, is bound to take the lead over all others for general family use, being suitable for all purposes.

It is very white and quite fine enough for making the best Pastry; and having a good proportion of No. 1 Manitoba Hard Wheat in it, it has all the strength required for making a first-class loaf of bread. In order to introduce it we have put the price down to

\$4.50 PER BARREL,

and we can confidently recommend it as the best value in Flour that we have ever offered at that price. Try a barrel of "Excelsior" if you want something really first-class. For sale only by

GIVE 'EM FITS!

THAT'S just what we're going to do, give everyone who deals with us fits, and GOOD FITS too. We have leased the Shop lately occupied by Mr. Horace Hazard, in the Cameron Block, and have as fine a line of goods in Scotch, English and Canadian Tweeds and Worsted as was ever shown in this city; and what's better still, we are going to give the BIGGEST BARGAINS in Custom-Made Clothing that have ever been given here.

We guarantee to give the public the same satisfaction they have received from us in the past, and much better prices.

WORLD'S FAIR HOTELS

LOTS OF LANDLORDS.

NO LACK OF WORLD'S FAIR HOTELS.

Ample Accommodations For All Comers.

An Estimate of the Cost of Living

In Chicago—Pointers For Prospective Visitors.

It looks now as if the landlords would need the sympathy rather than their guests during the World's fair. One of the Chicago papers has been gathering statistics and announces that 888 new buildings have been erected in the vicinity of Jackson park, which contain 83,945 rooms. This of course is exclusive of the old hotels and boarding houses and of the "furnished rooms" which are available for transient use during the months of the fair. Doubtless there are 50,000 rooms available for strangers near the grounds. There will be no reason for people to sleep on the ground, or even on hotel cots, provided they have money enough to procure lodgings, and the indications are that the amount required to secure such accommodation will not be exorbitant. Competition will force a reasonable scale.

Tabulated by their capacity to accommodate guests, the World's fair hotels make up this list:

Capacity in rooms.	No. of hotels.
Between 25 and 50.....	54
Between 50 and 100.....	74
Between 100 and 150.....	54
Between 150 and 200.....	18
Between 200 and 250.....	20
Between 250 and 300.....	18
Between 300 and 350.....	18
Between 350 and 400.....	4
Between 400 and 500.....	11
Between 500 and 600.....	1
Between 600 and 700.....	1
Grand total.....	288

Omitting the cheaper and smaller structures of less than 25-room capacity, the hotels can be classified by material used in construction as follows:

Brick.....	108
Wood.....	60
Stone.....	20
Steel and brick.....	12
Brick and iron.....	18
Wood and brick.....	1
Staff.....	1

Estimates as to the cost of the hotels in the World's fair district range from \$3,500,000 to \$4,000,000. Well versed builders who have been over the ground state that the latter figures are not too high. It would be interesting if the amount of money received by the hotel companies in advance payment for accommodations could be computed. Only here and there will their officers give out the figures. Those who have had much to do with the enterprises on the outside give the total at about \$1,500,000. From the sale of memberships alone one so-called club took in \$125,000. Substantial improvements are pointed out as having been made with the money received from agents, who have sold accommodations from one end of the country to the other.

In architecture there is an almost limitless range. The temporary structures are of wood or of staff. Where the buildings are to be continued in use as large family hotels or apartment houses stone has entered largely into the construction. The largest of the hotels is the Great Eastern, which will have 1,100 rooms and will cover a space 300 by 600 feet.

While it is undoubtedly true that a number of the more unscrupulous of the newly made benefactors of Chicago may overcharge or swindle unwary guests, the fact remains that no visitor who goes to Chicago with plans well matured and uses ordinary discretion will be subjected to extortion. Those who use no forethought must not complain if they meet trouble.

The best hotels will not advance rates, and in fact there is every evidence that Chicago tends to display unselfish hospitality to all comers. The Palmer House some time ago set an excellent example by posting a notice that there would be no advance in prices on account of the World's fair and no reductions during that period; also that contracts for rooms would be entered into at once. Some of the higher class of apartment houses served notice on their tenants that rents would be raised May 1 for all leases running less than one

rate than is demanded for South Side apartments.

After all, the mere cost of living in Chicago is but an unimportant item in the expense of a visit to the fair. Now that the fear of being unable to secure comfortable accommodations has been dispelled, the prospective visitor may proceed with his calculations with the element of worry eliminated. The economical tourist will find that it costs no more to visit Chicago during the fair than it would at any other time, but the visitor who is disposed to enjoy the good things of life will find plenty of snares laid for his pocketbook. His expenditures for amusements and luxuries may only be limited by his desires or his financial ability.

WHAT THE PEOPLE SAY.

THEY ARE THE JUDGES.

Strong Testimony.

TRUTH MUST PREVAIL.

When from the north, south, east and west all classes of people speak of Paine's Celery Compound as the best medicine in the world, we think there is good reason why it should be so popular and so largely used. The public, of course, are the judges in a matter of this kind, and the strong testimony that is given from day to day by grateful people is enough to convince the most hardened unbeliever.

True testimony coming from those who once were in agony and pain, does not tend to make other sufferers sceptical. It has the very opposite effect; and thousands of people that have been cured by Paine's Celery Compound thank those who have spoken publicly about the wonderful remedy.

The young and old who suffer have today a remedy at hand in Paine's Celery Compound, that is able to cope successfully with any and every trouble resulting from broken down constitution, nervousness, sleeplessness, rheumatism, liver and kidney troubles, dyspepsia and indigestion.

SKODA'S DISCOVERY CO.

GENEVA.—We cannot but be grateful, for the benefit our little babe derived, from the use of SKODA'S REMEDIES. When less than 9 months old, his face broke out with a Terrible Eczema. The itching and burning caused him to scratch so much that his cheeks became raw, and blood considerably. He suffered extremely. We gave him 3 drop doses of the DISCOVERY internally, used the SKODA OINTMENT externally, and in a few weeks he was perfectly cured, and is today a plump, healthy boy.
