A Standard Medical Work FOR YOUNG AND MIDDLE-AGED MEN.

ONLY \$1 BY MAIL, POSTPAID. Illustrated Sample Free to All.

KNOW THYSELF. A Great Medical Work on Manhood.

Exhausted Vitality, Nervous and Physical Debility, Premature Decline in Man, Errors of Youth, and the untold miseries resulting from indiscretion or excesses.

The Science of Life is worth more to the young and middle-aged men of this generation than all the gold mines of California and the silver mines of Nevada combined.

The Science of Life points out the rocks and quicksands on which the constitution and hopes of many a young man have been fatally wrecked.

The Science of Life is of greater value than all the medical works published in this country for the past fifty years.

The Science of Life is a superb and masterly treatise on nervous and physical debility.

There is no member of society to whom the Science of Life will not be useful, whether youth, parent, guardian, instructor or clergyman.
